

Modern Languages Teaching Centre (MLTC)

Basic and Intermediate language courses (stages 1, 2 and Consolidation) are aligned to national language levels and follow the syllabuses of public examination boards. They are however designed and delivered in a manner appropriate for undergraduates.

The content of post A2 courses (Stages 3 -5) is based on contemporary issues in Target Language cultures, and language and grammar are developed to a more advanced level.

NEW FOR 2011-12

MLT117/MLT218 BEGINNERS GREEK 10 credit modules. The course runs Autumn and Spring with the Spring module carrying on from the previous one to build up further knowledge. No pre-requisites. For absolute beginners, the module aims to provide a basic grounding practical in language skills.

MLT121/MLT122 INTERCULTURAL TANDEM 10 credit module. The 10 credit module runs both in Autumn and Spring. Students are introduced to a tandem partner from another culture. Cultural agility is developed from tandem meetings and reflection in a learner journal. Students are supported by tandem advisers and online tutorials and tasks.

MLT125 ONLINE BEGINNERS SPANISH 10 credit module. The 10 credit module runs both in Autumn and Spring. For absolute beginners, the module aims to provide a basic grounding in practical language skills. There are 4 face to face evening classes with a language tutor during the semester. The course materials covering all language skills are provided online with weekly task sheets and email contact with your tutor.
