

Glossary

Placement – period of learning, integral to student's course, which takes place outside of the University.

Placement Provider – the host company/institution who provides a placement and who directly supervises the student.

Mentor – a member of the company staff who supervises the Student's work and is the contact point in the company for the University.

Placement Organiser – Usually Head of the MA course or a member of the MLTC staff, who is responsible for organising the placement, liaising with the company and preparing the student.
