

The
University
Of
Sheffield.

Comparison of statistical data for the University of Sheffield with national data 2009/10

a. Full-time first degree graduates (UK and EU)

Category	University of Sheffield %	England %	National %
Work	60.2 (54.6)	63.3 (60.0)	63.3 (60.1)
Work and further study	6.9 (6.4)	7.9 (8.3)	7.9 (8.3)
Further study only	21.7 (26.1)	14.9 (16.7)	15.4 (17.2)
Assumed unemployed	6.8 (8.0)	9.0 (9.6)	8.7 (9.2)
Not available/Other	4.6 (5.0)	4.9 (5.4)	4.8 (5.2)

Data in this table has been calculated using information drawn from the HESA publication 'Destination of Leavers from Higher Education 2009/10 Table 1 (Destinations of Leavers by HE Institution).

Percentages may not add up to 100% because of rounding. Figures in brackets are for 2008/9.

b. Full-time higher degree graduates (UK and EU)

Category	University of Sheffield %	England %	National %
Work	73.4 (74.1)	75.0 (74.7)	75.6 (75.5)
Work and further study	4.1 (4.9)	8.7 (9.1)	8.4 (8.7)
Further study only	11.0 (10.5)	6.9 (7.0)	6.8 (6.8)
Assumed unemployed	7.3 (6.2)	5.7 (5.3)	5.6 (5.2)
Not available/Other	4.1 (4.3)	3.7 (3.9)	3.6 (3.8)

Data in this table has been calculated using information drawn from the HESA publication 'Destination of Leavers from Higher Education 2009/10 Table 0 (Leavers who obtained postgraduate qualifications through full-time study).

Percentages may not add up to 100% because of rounding. Figures in brackets are for 2008/9.
