HISTORICAL NOTE

Origins of the University

The University of Sheffield developed from three local institutions: the Sheffield School of Medicine, Firth College and the Sheffield Technical School. The School of Medicine, founded in 1828, was by far the oldest. Its early history was very insecure and it was saved from collapse by the opening of Firth College, which took over the teaching of all basic Science subjects to medical students.

Firth College was one of a group of university colleges founded in the later 19th century. It developed out of the Cambridge University Extension Movement, a scheme designed to bring university teaching to the large towns and cities of England, most of which lacked any university provision. The success of these courses in Sheffield led Mark Firth, a local steel manufacturer, to establish the College in 1879 as a centre for teaching Arts and Science subjects.

The Sheffield Technical School was the product of local concern about the need for better technical training of the men responsible for running the great industries of Sheffield, particularly steelmaking. A movement was started within Firth College to collect funds to create a technical department, which was established in 1884 as the Sheffield Technical School. In 1886 the School moved to new premises on the site of the old Grammar School at St George's Square.

In 1897, the three institutions were amalgamated by Royal Charter to form the University College of Sheffield. This step was part of the plan to link up with the Victoria University, a federation of the University Colleges at Manchester, Liverpool and Leeds.

By 1900, however, the Federal University was disintegrating and within a few years independent universities were formed from the three University Colleges.

On 31 May 1905 the University of Sheffield was granted its Royal Charter, and in July the new Firth Court Building on Western Bank was opened by King Edward VII and Queen Alexandra. St George's Square remained the centre of Applied Science departments, with Arts, Medicine and Science being housed at Western Bank.

The University in 1905

At the time of the University's foundation in 1905 there were 114 full-time students reading for degrees in Arts, Pure Science, Medicine and Applied Science. In 1919 when returning ex-servicemen were admitted in large numbers, the full-time student figure rose to a short-lived peak of about 1,000. By then the Faculty of Applied Science had split into Engineering and Metallurgy; the University's first Hall of Residence (the original Stephenson Hall) had been established; and the Edgar Allen library had opened (1909).

At that time the University was as committed to non-degree teaching as to teaching full-time students. Courses covered not only many conventional academic subjects but also topics as diverse as cow-keeping, railway economics, mining and razor-grinding. During the First World War some of these were replaced by teaching of (and participation in) munitions making, medical appliances design and production, translation and politics.

Between the two wars full-time student numbers stabilised at about 750 and expansion into new areas of specialist teaching and research continued slowly. The Second World War brought with it new areas of specialist research and training - in, for example, radar, dietary and vitamin studies, production of anaesthetics and chemicals (as substitutes for materials previously imported from Europe), magnetism, fuel production and economy, naval cartography, glass manufacture and English language teaching.

Since the Second World War

Since the Second World War, many older houses have been brought into academic use and major new buildings have been constructed - the Western Bank Library in 1959, and the Arts Tower, Hicks Building, Alfred Denny Building, Sir Robert Hadfield Building, Chemical Engineering Building, University House, five Halls of Residence and the Students' Union in the 1960s.

New buildings for Geography and Psychology followed in the 1970s, along with the Crookesmoor Building (for Law and Management), the Royal Hallamshire Hospital, and purpose-built student flats. The next decade saw the opening of the Octagon Centre, the Sir Henry Stephenson Building (for engineering), and major extensions at the Northern General Hospital.

In the 1990s, new premises for the School of Clinical Dentistry, the Management School, the School of Education, St George's Library and St George's Flats and Lecture Theatre were opened, together with extensions to Stephenson, Halifax, and Tapton Halls of Residence, and three new blocks of student flats.

The Regent Court building, which houses the Department of Computer Science and the Information School and the Sheffield Centre for Health and Related Research, were also completed. The Students' Union underwent a significant development programme, improving welfare, social and meetings facilities.

Following the University's integration with the Sheffield and North Trent College of Nursing and Midwifery in 1995, a building programme provided new facilities for nursing and midwifery teaching and research. This includes the extension and conversion of the St George's Hospital site on Winter Street, and the construction of a new building at the Northern General Hospital.

The 21st Century

The University's ambitious estates strategy has continued into the new millennium. Campus additions include the multi-million refurbishment programme for laboratories in the medical, biological and physical sciences. Other developments include:

Dedicated student facilities, including:

- A custom-built University Health Centre.
- Development of the seven-storey Pam Liversidge building, housing the Faculty of Engineering Graduate School.
- Redevelopment of residential accommodation on the Endcliffe and Ranmoor sites.
- The Information Commons, a library and study space building with 24-hour access.
- The Diamond, a striking learning and teaching building at the heart of the campus, which houses 19 laboratories for the Faculty of Engineering.
- Three buildings for the Faculty of Arts and Humanities: The Jessop Building, The Soundhouse and Jessop West.
- The Engineering Heartspace, a quadruple height atrium between the Grade II listed Sir Frederick Mappin Building and the 1885 Central Wing, creating a dynamic social and research collaboration between the two oldest buildings in the University estate.
- A world-class Social Sciences facility to enhance the student experience and encourage interdisciplinary research, which will open to students in 2023.

Facilities to support our research and links with industry, including:

- The Sheffield Bioincubator, now called the Ella Armitage Building.
- Multidisciplinary Informatics Collaboratory for the Social Sciences (known as ICOSS).
- The inauguration of the North Campus (housing the Kroto Research Institute and the Nanoscience and Technology Centre).
- The award-winning Factory of the Future which forms the heart of the Advanced Manufacturing Research Centre (AMRC). Soon followed by the expansion of the AMRC Group to include AMRC Cymru and the AMRC North West, which will open in 2021.
- Developments at the University of Sheffield Innovation District, including specialist facilities supporting energy and sustainable aviation fuel research.
- The University raised funds to establish a ground-breaking PET-MRI facility, bringing the future of medical imaging to Sheffield - a vital investment in the health of people in this region, across the UK and beyond.

Improvements to facilities, campus and refurbishment of buildings:

- Refurbishment of many buildings, including the Students' Union and former University House; 9 and 38 Mappin Street; the Grade II listed Arts Tower; and the Crookesmoor Building.
- Transformation, in a joint project with Sheffield City Council, of the public space around Leavygreave Road, and Western Bank, creating a greener, safer space for pedestrians and cyclists. Following on from this, the University redeveloped the Concourse area, installing new seating, paving, plants and trees. This area also includes a new cycle hub with safe cycle storage and showers, and public art.
- Further development of our sports centre at Norton to incorporate two new artificial pitches – one for hockey and one for rugby/football, both with spectator seating and new changing facilities.

Infrastructure improvements:

- A 561 space multi-storey car park and retail facility on the site of the existing Durham Road car park.
- The Transformer, an energy centre which will provide an uninterrupted power supply to research experiments and ensure business continuity to a number of key University buildings.

Historical Note

The mile-long 'campus' now stretches almost unbroken from St George's Square into Crookesmoor, with student residences concentrated in suburbs to the west of the University. For the first 50 years of its existence the University's full-time student population did not rise above 2,000. By 1980, however, it had reached 8,000 and in 2006 the number of full-time students had risen to 21,000. The total student population is now close to 30,000 and includes students from over 150 countries.

The creation of our four Flagship Research Institutes, which bring together the University's key strengths to tackle the big issues facing humanity. Our four flagships are: energy, sustainable food, neuroscience, and healthy lifespan.

THE ARMS OF THE UNIVERSITY OF SHEFFIELD

The University Arms, whose background colour is azure, contains a gold-edged open book at its centre, on which is inscribed *Disce Doce* (Learn and Teach). On either side is a sheaf of eight silver arrows, being derived from the shield of old Sheffield. The gold crown is the Crown of Success and the White Rose of York denotes the University's home county. The scroll carries the motto of Firth College, *Rerum Cognoscere Causas* (To Discover the Causes of Things; from Virgil's *Georgics* II, 490).

The Coat of Arms should not be confused with the University's logo, which consists of a redrawn version of the Coat of Arms set alongside the University's name in our own distinctive Stephenson font, on a white background. Introduced in 2005, the University's centenary year, the logo complements but does not supersede the Coat of Arms, which remains the University's official heraldic symbol.

Reproduction of the University's Coat of Arms is restricted by copyright to formal University of Sheffield documents. It may not be used by external organisations in their marketing activities, whether in hard copy or on the web.

REGULATION III:

Scheme of Council Delegation

Introduction

The purpose of the Scheme of Delegation is to provide a summary of the powers of the University Council as set out in the Statutes and in Regulation II and then to identify in relation to those powers the responsibilities and delegated authorities for making key decisions in the name of, or on behalf of, the University. This information is contained in the table below.

The intention of the Scheme of Delegation is to provide clarity on the decision-making process and final authorities in relation to key strategic and policy matters for which the Council has the ultimate responsibility in order that the University's decision-making process is transparent and demonstrates effective accountability and good governance.

How to apply the Scheme of Delegation

The Statutes and Regulation II detail the powers of the Council that can only be exercised by the Council and cannot be delegated. These powers are set out in Section 1 of the table below.

Section 2 of the table below sets out details of the powers of Council that have been delegated and the person or committee to which the exercise of those powers has been delegated and which are therefore able to make decisions in relation to those powers on behalf of the Council. Where the Council has delegated the exercise of its powers to another person or body, the Council is still ultimately accountable for the actions taken.

The Scheme of Delegation should be used as a first point of reference for understanding where the responsibility lies for key decision-making. The Scheme of Delegation is not exhaustive as the Council is able to make decisions to delegate its powers (other than those set out at Section 1 of the table below) at any time as required in order to maintain effective governance of the University. It may also be the case that a particular project does not fall within a specified delegation in the table below; where this is the case, a common-sense approach should be taken in applying the Scheme of Delegation in order to determine the most appropriate body, committee or person to which a decision should be referred, with guidance from the University Secretary. If there is doubt as to whether there is delegated authority to make a decision, it should be assumed that no such authority is given and that the decision is reserved to Council. The University Secretary will be able to provide clarification on the application of the Scheme of Delegation.

The Scheme of Delegation is reviewed and updated on an annual basis by the Council.

REGULATION XIII:

The Execution of Contracts and Deeds

Preamble

1. Contracts and Deeds

- 1.1 The University may execute two types of legal agreement: deeds and contracts. There are fundamental distinctions between these in law; essentially a deed will be used in some transactions because there is a specific statutory requirement for it (e.g. certain land transactions) or because it is regarded as affording more enforceability as to the terms of the agreement. A contract will be used as the basis for all other agreements.

2. Execution as a Deed

- 2.1 In general, the circumstances that the University may come across where a deed is required include:
- 2.1.1 conveyances of land, or of any interest in land and certain mortgages;
 - 2.1.2 leases of land for terms over 3 years;
 - 2.1.3 assents, legal charges of land and transferring title to property; *and*
 - 2.1.4 the grant of powers of attorney.
- 2.2 A deed may be preferred where:
- 2.2.1 there is doubt about whether there is adequate consideration under the agreement; (i.e. the lack or low value of any payment by one party in exchange for a benefit from the other, for example where a guarantee is given by a third party);
 - 2.2.2 the parties to a contract wish to take advantage of an extended period to bring an action for breach of contract (12 years under a deed as opposed to 6 years under a contract); *and*
 - 2.2.3 a contract is subsequently varied or otherwise amended and it is not clear whether all the parties are providing fresh consideration.
- 2.3 It is conventional to use a deed where:
- 2.3.1 a vendor covenants with a purchaser to indemnify it against certain tax liabilities;
 - 2.3.2 there is an assignment of intellectual property;
 - 2.3.3 there is a release of a security; *and*
 - 2.3.4 a guarantee is given to a bank for amounts previously advanced.
- 2.4 Where there is any doubt as to whether an agreement should be executed as a deed, legal advice should be sought. If there is doubt then the preferred position would be to execute the agreement as a deed to ensure that the terms are fully enforceable.

3. Procedure for the Execution of Deeds by the University

- 3.1 In the event that it is determined that an agreement is required or preferred to be executed by the University as a deed, an application shall be made to the Finance Department in the format prescribed from time to time by the Finance Department (and which shall be made available on request), such format to always include the requirement to provide evidence of the approval (whether by the Council or under its delegated authority as may be provided in the Scheme of Delegation or separate delegation) of:
- 3.1.1 the overall project of which the agreement to be executed as a deed forms a part; *and*
 - 3.1.2 the terms of the agreement itself with such evidence to include details of the date of the approval and by whom.
- 3.2 The University shall enter into an agreement by deed by affixing the Seal in the presence of:
- 3.2.1 any member of Council; *and*
 - 3.2.2 any one of the following:
 - (a) the President & Vice-Chancellor;
 - (b) the Provost & Deputy Vice-Chancellor;
 - (c) a Vice-President;
 - (d) an Authorised Financial Officer.

“Authorised Financial Officer” is defined as the Chief Financial Officer, Director of Finance, Assistant Directors of Finance, Commercial Director or interim authorised designate.

- 3.3 The agreement must declare on the face of it that it is a deed and include the following execution clause to execute it as a deed:

EXECUTED AS A DEED BY AFFIXING)
THE COMMON SEAL of)
THE UNIVERSITY OF SHEFFIELD)
in the presence of:

Member of Council

[Title of officer]

4. Execution under Hand/Execution of Agreements

- 4.1 The Seal does not need to be used every time the University wishes to enter into a legal agreement. The authority of staff to enter into agreements for and on behalf of the University is prescribed in the University's Financial Regulations.
- 4.2 There is, however, nothing to preclude the application of the Seal to such agreements and the mere inclusion of the Seal will not render the agreement a deed.

29. No student will be permitted to attend lectures, classes or examinations, or to receive academic materials issued by the University until enrolled in accordance with the following Regulations. An enrolled student will be issued with a U-Card.
30. On enrolment, a student must sign a declaration undertaking to observe the Charter, Statutes, Ordinances and Regulations of the University from time to time in force, and to observe the Code of Practice relating to Health and Safety. By signing the Registration Declaration, a student will be consenting to the processing and sharing of their personal data in accordance with the University's Data Protection Policies.
31. To ensure compliance with UK Visas and Immigration (UKVI), all students must show evidence that they have the correct conditions to study in the UK. On request by the University, students are required to present evidence that they have valid leave to be in the UK, have the necessary condition to study and have not allowed any period of immigration leave to lapse.
32. The Regulations may require or permit a student to complete clinical, practical or other placements, or periods of study or research or work experience in other institutions or abroad. During such periods, students may be subject to supervision, disciplinary and health and safety requirements of an institution, agency or body other than the University and, when abroad, to the requirements of a foreign system of

- law. A student must comply with all such requirements in addition to those of the Statutes, Ordinances and Regulations of the University.
33. Students are required to enrol at the start of their programme of study, and annually thereafter at the start of each session forming part of their programme of study. Failure to enrol at a time determined by the President & Vice-Chancellor may result in a student's withdrawal from their programme of study.
 34. A student following a programme of study for which teaching or supervision is provided under the Regulations for this University in one or more institutions, will comply with such enrolment procedures as are specified in the Regulations applying to the relevant programme of study.
 35. A student will keep the President & Vice-Chancellor informed of their current correspondence address, and they will ensure that any changes thereto are reflected on his or her student record without delay.
 36. A student in the UK subject to immigration regulations must comply with statutory immigration requirements and will keep the President & Vice-Chancellor informed of information relating to their immigration conditions, in accordance with those requirements. The University may be required to withdraw visa sponsorship and terminate enrolment status from any student who does not comply with these requirements during registration and throughout the student's period of study at the University.

DATA PROTECTION

37. It will be a condition of the enrolment of a student that the student agrees to comply with the terms of any relevant Data Protection legislation, and with the University Statement, Policy, and Guidelines on Data Protection.

FEES⁴

Reference in these Regulations to the President & Vice-Chancellor includes any person authorised to act on behalf of the President & Vice-Chancellor.

38. Fees are determined from time to time by the Council, which reserves the right to alter fees at any time.
39. In common with other UK universities, the University of Sheffield charges different fees depending on whether students are classed as Home or Overseas for tuition fee purposes. The decision to class a student as a Home or an Overseas student is determined by government legislation as set out in The Education (Student Fees, Awards and Support) (Amendment) Regulations 2021.
40. The composition fee falls due at the beginning of each session (or at other appropriate times for students entering later in the session) and payment will be sought from the student or from the institution or body (if any) sponsoring the student. In respect of particular programmes of study, Regulations may provide that the composition fee is payable at the start of the programme of study and in respect of the whole period of the programme of study.
41. Students are responsible for the payment of their tuition fees. In the case of a sponsor's failure to pay a student's tuition fee, or agreed part thereof, the student will be liable for any unpaid fees. In the case of a loan withdrawal on the grounds of ineligibility, the student will be liable for any unpaid fees.
42. Except where permission has been obtained under the terms of the Personal Payments Scheme, enrolment will not be granted for any session to a student who has not paid all composition fees due to the University from any previous session.
43. A student who is not able to pay the composition fee or make arrangements for the planned payment of that fee may be granted provisional registration (for fee paying purposes) by the President & Vice-Chancellor under the terms of the Personal Payments Scheme.
44. Should a student be refused enrolment, or an extension or renewal thereto, for non-payment of the composition fee, the student may appeal to the President & Vice-Chancellor by applying to the Personal Payments Scheme. The President & Vice-Chancellor will consider the case and may vary, reverse or uphold the earlier decision.
45. A student permitted to repeat an examination without attendance at lectures or classes is not required to enrol under these Regulations but will not be permitted to attend the examination without completion of an entry form and payment of the prescribed fees by a date determined by the President & Vice-Chancellor.
46. In the case of a continuing postgraduate student the payment of the appropriate fee is required even if the student has completed the minimum period of study or research specified in the relevant Regulations.

⁴ Regulations 38-49 apply to students in the Sheffield-based Faculties. Separate Regulations apply to students at City College (<http://www.citycollege.sheffield.eu/frontend/articles.php?cid=427&t=Regulations-and-Policies>).

47. In the case of a student withdrawing or taking a period of leave from the University, the University will determine whether or not to grant any remission of the liability to pay fees in accordance with the University's Tuition Fee Refund Policy.
48. Students considering withdrawing from their programmes of study or research should consult the Head of Department and seek appropriate advice before leaving the University.
49. Except with the permission of the President & Vice-Chancellor, the award of any qualification will be withheld until after the student has paid all composition fees due to the University.

ATTENDANCE⁵

50. Any reference to a programme of study or research implies the attendance of the student to pursue that programme in the University or at some place approved in the case of a particular candidature under these Regulations.
51. Except where other provision is made in the relevant Regulations, a full-time student is required to pursue a programme of study in the University throughout the whole of each semester. A student unable to comply with this requirement may seek leave of absence from the Vice-President. In case of enforced absence without such leave, a written explanation must be sent to the Vice-President as soon as possible. However, an Affiliated Institutions Staff candidate may pursue a programme of research in the Affiliated Institution, a Hospital Staff candidate in the relevant hospital or centre, and a designated college candidate in the designated college.
52. Every student is required (a) to attend punctually and regularly lectures and classes; (b) to complete all written assignments, practical or other coursework; (c) to keep appointments to meet with the student's supervisor; and (d) to attend all examinations, as appropriate in each case to the relevant programme of study or research. A student who fails to comply with this Regulation may be failed in the examination for, and (in the case of modular programmes) be denied the credits assigned to, the relevant units or other parts of the programme of study or dealt with under the General Regulations as to the Progress of Students.
53. The University is required to monitor attendance and engagement of visa-sponsored students and to report to the UK Visas and Immigration (UKVI) students who are deemed to not be engaging with their course and the University as stated in the University's policy.
54. Visa sponsored students are required to observe that the University must comply with its statutory obligations to UKVI. Students found to be in breach of the University's engagement and attendance policies will, unless they show sufficient mitigating circumstances, have their visa sponsorship withdrawn and enrolment terminated. In such cases where a student is permitted to continue studying, the University may impose additional conditions, which a student must adhere to as part of their continued visa sponsorship.

STUDY FOR OTHER DEGREES

55. Enrolled study for any other Degree or qualification of any university will not be undertaken during a programme of study or research without the special permission of the Senate, with the following exceptions:
 - (a) A full-time or part-time student candidate may enrol for the programme of study leading to the Certificate in Higher Education;
 - (b) A student taking a University of Sheffield collaborative taught or research programme approved by the Senate may be required to enrol for study at both the University of Sheffield and the partner organisation(s), where the dual enrolment would relate to the joint delivery of the single collaborative programme;
 - (c) A student taking a University of Sheffield programme as part of a recruitment partnership approved by the Faculty may be required to enrol with both the University of Sheffield and the partner organisation;
 - (d) A part-time staff candidate enrolled on a research programme may enrol for the programme of study leading to the Postgraduate Certificate in Teaching for Learning in Higher Education, where the latter is a necessary requirement for their academic role.

⁵ Regulations 50-54 apply to students in the Sheffield-based Faculties. Additional Regulations apply to students at City College (<http://www.citycollege.sheffield.eu/frontend/articles.php?cid=427&t=Regulations-and-Policies>).

UNIVERSITY EXAMINATIONS, DEGREES AND DISTINCTIONS

56. The Examiners of the University will be appointed, subject to any directions of the Senate, by the Vice-President of the Faculty concerned, the Chair of the Extra-Faculty Learning and Teaching Committee or the Vice-President for Education from amongst:
- The members of the academic staff of the University, and other members of the Teaching Staff of the School of Nursing and Midwifery, and
 - In the case of a programme of study for which teaching or supervision is provided under Regulations of the University in some other institution, the members of the academic staff of that institution.
57. External Examiners will be appointed, subject to any directions of the Senate, by the Vice-President of the Faculty concerned, the Chairman of the Extra-Faculty Learning and Teaching Committee or the Vice-President for Education from amongst persons who are not eligible to act as Examiners under the preceding paragraph.
58. Examiners of the University and External Examiners may be removed from office for negligence or misconduct by the President & Vice-Chancellor after report from the Faculty concerned or the Extra-Faculty Learning and Teaching Committee.
59. All matters respecting the Degrees and distinctions to be conferred by the University will be provided for by Regulations.

TRANSCRIPTS

60. Where a person has:
- completed a programme of study for a Degree, Diploma or Certificate; *or*
 - requires evidence of credits obtained in the University;
- the President & Vice-Chancellor will, at the request of such a person, provide a Transcript in a form approved by the Senate which will specify for each unit for which that person enrolled the Level at which it was offered and its value in terms of credits, and will certify the grades awarded and the credits (if any) obtained.

NOTES FOR STUDENTS ON ENROLMENT⁶

1. The Enrolment Process

- 1.1 It is a requirement of the enrolment process that students read and accept the Registration Declaration. The Declaration requires students to:

- observe the Charter, Statutes and Regulations of the University;
- consent to the processing of sensitive personal data as defined by the Data Protection Act; *and*
- confirm the start and end dates of their programme of study.

Each of the statements contained within the Declaration must be accepted by either checking the relevant boxes in the Online Registration System or by signing a paper copy of the Registration Declaration.

- 1.2 Students must enrol at the start of each relevant academic session. Students not able or willing to enrol may be required to request a Change of Status, such as a Leave of Absence; or they may wish to withdraw from their programme of study.

- 1.3 The Student Enrolment Record

- A student's Enrolment Record should be up to date and accurate at all times; this includes a student's correspondence address and contact information.
- Students are required to verify and confirm their personal and contact data at the time of enrolling, to ensure that the details held by the University are correct.
- At enrolment, a student's identification document will be checked and his or her name will be entered into the corresponding university student record as it appears on their identity documentation. It is the responsibility of the student to

⁶ NOTES FOR STUDENTS ON ENROLMENT 1-6 apply to students in the Sheffield-based Faculties. Separate Regulations apply to students at City College (<http://www.citycollege.sheffield.edu/frontend/articles.php?cid=427&t=Regulations-and-Policies>).

ensure that any changes or inaccuracies in their name, as it appears in their student record, are reported at the earliest possible opportunity.

- 1.3.4 Once enrolled, students are responsible for maintaining their personal and contact details in their Enrolment Record.
- 1.3.5 Any changes must be communicated promptly either online via My Record in MUSE or in writing to Student Administration Service or the Student Services Information Desk.

1.4 Enrolling after a Leave of Absence

- 1.4.1 A student wishing to resume their studies following a Leave of Absence will be required to enrol in order to resume their programme of study.
- 1.4.2 Students who have been on a Medical Leave of Absence must have their fitness to resume their studies confirmed by the University Health Service (UHS), in order to be eligible to re-enrol:
 - (a) Students who are registered with the UHS should book an appointment to have their fitness to resume their studies assessed.
 - (b) Students who are not registered with the UHS should book an appointment with their own healthcare professional to be assessed. Students should then send evidence that they are fit to resume their studies to the UHS by email, for approval.
 - (c) Students in the Faculty of Medicine, Dentistry and Health should seek departmental advice about the process for confirming medical fitness to resume their studies.
- 1.4.3 Students returning from Maternity Leave or Leave of absence on non-medical grounds do not need to make an appointment with the University Health Service.
- 1.4.4 All students returning from Leave of Absence will be contacted by the University shortly before it is due to end and will be asked to confirm whether they will be resuming their studies. It is important that students respond to this request so that appropriate advice and instruction can be given. Failure to respond within the allocated time period may result in a student's enrolment being terminated.

1.5 Additional Information for Students

1.5.1 Medical Students on Intercalated Pathways:

Students on the MBChB programme who wish to progress to an Intercalated MSc programme at the University of Sheffield may be required to enrol twice in the year in which they begin their MSc, once for the MBChB and again for the MSc Programme, as follows:

- (a) Students may be required to enrol as continuing students on the MBChB programme as in previous years after which a Leave of Absence will be applied to this Enrolment Record in order to allow progression onto the MSc.
- (b) Students will also be required to enrol as a new student on the MSc programme. Students on this pathway should read and follow the enrolment instructions carefully to ensure they understand what is required of them.

Students on the MBChB programme who intend to progress to an Intercalated MSc at another university will be required to enrol as follows:

- (c) Students may be required to enrol at the University of Sheffield as continuing students on to the next year of the MBChB programme, after which a Leave of Absence will be applied to their record.
- (d) Students will then enrol for their intercalated year at the institution where they will be studying for their MSc, in accordance with the enrolment guidance and process of that institution.

- 1.5.2 International students:
- (a) Students who are sponsored by the University under the Student Route of the UK Immigration System must comply with statutory immigration requirements and with the University's corresponding policies and procedures.
 - (b) Where a student is unable to comply fully at the point of enrolment, but is able to provide sufficient evidence to prove their "right to study" at the University, they will be granted a Provisional Registration. Such students are permitted to attend lectures and classes but are required to comply with immigration requirements by a given deadline in order to progress to a full registration.
 - (c) The University may withdraw visasponsorship from any student who does not comply with immigration requirements, visa conditions, University policies and procedures, or is unable to complete or maintain a fully enrolled status within the period provided to them. This may result in the termination of their enrolment at the University.
 - (d) International students should note that any change to their enrolment status within the University may impact on their right to stay in the UK.
- 1.5.3 International exchange students:
- (a) Students attending the University under international exchange programmes must choose up to 60 Sheffield credits (30 ECTS) per semester and are not permitted to enrol for more credits than this.
 - (b) The minimum number of credits a student can enrol for is 40 Sheffield credits (20 ECTS) for one semester or 100 Sheffield credits (50 ECTS) for a full year of study.
 - (c) Students wishing to study fewer than 60 Sheffield credits (30 ECTS) per semester must provide a supporting letter from their home university.
- 1.5.4 Students spending time abroad:
- (a) Where a student travels abroad to undertake an activity organised, sponsored or facilitated by the University for one month or more, it is essential that they update the contact details in their student record with their overseas correspondence address.
 - (b) This information will be used to contact the student in case of emergency, for example where an incident occurs in the location they are based in during their time abroad.
 - (c) It is the student's responsibility to ensure that this information is kept up to date and updates can be made online via My Record in MUSE, or by notifying SSiD in writing. It is not sufficient for the student to inform their department of their address, as this may not be recorded in the University's central records.
 - (d) The University is required to record and report visa sponsored students' periods of study abroad to the UK Visas and Immigration (UKVI). It is students' responsibility to advise the University to ensure that the change in student location is recorded and to be aware of the circumstances in which visa sponsorship will be withdrawn.

2. Enrolment Statuses

- 2.1 A student will be considered 'enrolled' once they have an Enrolment Status of *Fully Registered, Temporarily Registered or Provisionally Registered*.
- 2.2 Students with a status of Fully Registered can follow their programme of study or research as normal.

- 2.3 In order to become Fully Registered a student must have done the following:
- 2.3.1 provided satisfactory evidence of their identity;
 - 2.3.2 completed all mandatory sections of the Enrolment Process;
 - 2.3.3 read and signed the Registration Declaration.

3. Enrolment for Programmes and Modules

- 3.1 Some Programme Regulations allow students to choose modules from a range of options. This information is also provided within the Programme Regulations.
- 3.2 Students wishing to enrol for more than 120 credits in any session will need to seek the approval of their Faculty.
- 3.3 Students may not enrol for the same module more than once during the course of any programme of study.
- 3.4 In each semester, the Module Exchange period (also known as Add/Drop) will provide an opportunity for students to change which modules they are enrolled for. The Module Exchange period will usually open one week prior to the commencement of the semester, and will usually close at the end of week 2. The length and timing of the Module Exchange period may be varied at the discretion of the Vice-President for Education. Any changes requested after the Module Exchange period will require the permission of the Faculty.
- 3.5 Academic departments may provide additional Add/Drop guidance and instructions and students should consult their departments and check the relevant Programme Regulations for more information before making their choices.
- 3.6 It is expected that international exchange students will enrol for modules or units appropriate to the level they are studying at in their home institutions and must meet any prerequisites for those modules.

4. UCards and Access to IT Services

- 4.1 Once a student is Fully Registered, they will be issued with a Student UCard. The UCard officially identifies the holder as a University of Sheffield student.
- 4.2 The UCard gives a student access to student IT Services and many other services and facilities. It is the property of the University of Sheffield and students are expected to carry their UCard with them at all times whilst on University property.
- 4.3 The UCard is issued with an expiry date which reflects the expected *end of study* date at the time of printing. The expiry date will only be altered if an official change to the end of study date is agreed by the University, and a student's record has been updated accordingly.
- 4.4 Access to IT Services depends upon a student having a valid username and password and an eligible Registration Status. Where a student's enrolment is suspended or terminated (see section 5 below), this will remove their access to IT Services and invalidate their UCard.

5. Termination or Suspension of Enrolment

- 5.1 If a student fails to complete the enrolment process within the required timescale, the student may be Deemed Withdrawn from the programme of study; this means that the University will terminate their student registration and they will no longer be considered an enrolled student of the University.
- 5.2 If a student fails to communicate with the University at the end of a period of Leave of Absence, it will be assumed that they do not wish to continue their studies and the process of withdrawing them from their programme will be instigated.
- 5.3 If a student fails to respond to repeated reminders relating to outstanding tuition fee payments, the University may suspend their enrolment temporarily pending completion of the required action by the student. In these circumstances, visa sponsored students should particularly refer to section 1.5.2 of these notes.
- 5.4 Where a visa-sponsored student is unable to provide the necessary immigration evidence to demonstrate valid leave to be in the UK, including the condition to study, the University may temporarily suspend their enrolment status.
- 5.5 If a student's immigration leave or circumstances prevents them from studying, their registration will be temporarily suspended to ensure compliance with the conditions placed on the type of immigration leave a student is holding.

- 5.6 If a student fails to respond or provide the necessary evidence and there is no justification for not providing the evidence, the University will proceed with terminating the student's enrolment status.
- 5.7 Students will be given advance notice by the University of any termination or suspension of their enrolment.

6. Withdrawal of awards

- 6.1 Senate have the right under procedures, it from time to time agrees, to revoke an award if, after graduation, it is found a graduate committed fraudulent or dishonest actions at any point during registration or provided misleading statements at the point of application. In such cases, and where applicable, the University may inform any relevant professional body.
- 6.2 The Senate may also revoke any degree, diploma or other award and all privileges connected therewith, if it shall be discovered at any time and proved to the satisfaction of the Senate that:
 - 6.2.1 there was an administrative error in the award made under the procedures required by the Statutes and Regulations;
 - 6.2.2 subsequent to an award, a Board of Examiners, having taken into account information which was unavailable at the time its decision was made, determines that a candidate's classification should be altered; *or*
 - 6.2.3 it is established that the holder of an award has misrepresented that award in such a way as is designed to gain unlawful or unfair personal advantage.

NOTES FOR STUDENTS ON TUITION FEES⁷

1. Tuition Fee Status

- 1.1 The tuition fee a student is required to pay will be determined by their Fee Status. A student may be eligible for a fee status of Home or a fee status of Overseas. The decision to class a student as a Home or an Overseas student is determined by government legislation as set out in The Education (Fees and Awards) (England) Regulations 2021 and The Higher Education (Fee Limit Condition) (England) Regulations 2021. The regulations governing the fee status of students can be found on the government legislation website.
- 1.2 In common with other UK universities, the University of Sheffield charges different fees depending on whether students are classed as Home or Overseas for tuition fee purposes. Information about the rules a student needs to meet to qualify for Home fee status is given on the UKCISA website. The University's information on Fee Status can be found on the University's fee status webpages.
- 1.3 Who can be classed a Home student for fee purposes?
The Education (Fees and Awards) (England) Regulations 2021 and The Higher Education (Fee Limit Condition) (England) Regulations 2021 define who is eligible for Home fee status, setting out the categories of students who are eligible to pay the Home rate of tuition fees. Students should consult the Regulations for current definitions of eligibility.
- 1.4 What students should know about fee status:
 - 1.4.1 students should understand the definition of **Ordinary Residence** and the concept of being '**settled**' in the UK. These definitions are provided on the UKCISA website (www.ukcisa.org.uk);
 - 1.4.2 each university will determine the fee status of its students. A decision by one university will not have a bearing on the decision of another university and their fee status will need confirming by each university they apply to;
 - 1.4.3 it is essential to provide full and accurate information at the time of applying and before enrolling;
 - 1.4.4 the fee status is determined **at the start of studies**. Once enrolled, a student's fee status is unlikely to change; by signing the Registration Enrolment when they enrol, students are confirming that the information provided at the time of enrolling is full and accurate. Changes to this information thereafter are unlikely to be considered by the University in a request for a change to fee status.

⁷ NOTES FOR STUDENTS ON TUITION FEES 1-4 apply to students in the Sheffield-based Faculties. Separate Regulations apply to students at City College (<http://www.citycollege.sheffield.edu/frontend/articles.php?cid=427&t=Regulations-and-Policies>).

- 1.5 It is a student's responsibility to clarify their fee status during the application process. If a student thinks their fee status could be in question, they should:
 - 1.5.1 read the guidance provided by the UK Council for International Students (UKCISA);
 - 1.5.2 request a formal Fee Status Assessment from the University's Admissions Service by contacting the University's Admissions Service.
- 1.6 Channel Islands and Isle of Man: Students meeting the criteria for classification as Home students will be charged the same fee as mainland UK students. Undergraduate course in Medicine and Dentistry will incur a higher fee in any future clinical years.
- 1.7 Fee Status Assessments
 - 1.7.1 The University's Admissions Service will normally undertake a Fee Status Assessment after an offer of a place has been made;
 - 1.7.2 The University's ruling on fee status is independent of decisions taken by other universities or organisations (for example: student finance bodies, research councils, the NHS). Other organisations may arrive at a different outcome following their assessment of your fee status;
 - 1.7.3 The University will take the information provided in the application on good faith; in effect, this means that if the fee status appears clear from the information provided in the application, the University will assume the information is full and accurate. However, the University may contact students at any time, if a query arises on their fee status;
 - 1.7.4 If a student's fee status is unclear from the information provided in the application, the Admissions Service may undertake a fees status assessment;
 - 1.7.5 If students wish to ensure that their fee status is accurate before the start of their studies, they should request a fee status assessment by the Admissions Service. A fee status assessment will not be undertaken before an application is submitted;
 - 1.7.6 Once a student's fee status has been ruled upon, the application record will be updated accordingly. It is the student's responsibility to bring to the University's attention any omission or error which may have a bearing on their fee status before enrolling.
- 1.8 Students should understand that their rate of fee is subject to confirmation by the University and that they may be required to provide evidence of their nationality/immigration status, residential, education and employment history at any time. They should also understand that the provision of false information may result in a fee status and tuition fee change.
- 1.9 Overseas students who expect to qualify for a Home rate of tuition fee at a point after the start date of their programme should defer their entry to the University. Detailed advice can be obtained from the University's Admissions Service.

2. Tuition Fees

- 2.1 The University's Home and Overseas tuition fees are listed online via the Student Services Information Desk webpages.
- 2.2 Tuition fees may increase in line with inflation.
- 2.3 Tuition fees for Overseas Students are fixed at the start of the programme, and remain unchanged in subsequent years, with the exception of fees for Medical and Dental programmes which incur a clinical fee in the final years of the course and for Integrated Programmes (where a student might progress on from a Master's to a Research degree). The fixed fee guarantee is only available to students who remain on the course to which they were originally admitted; if a student changes their course, they may be subject to a higher or lower rate of fee in subsequent years of study.
- 2.4 Students who opt to change programmes should be aware that this may lead to a change in the level of their tuition fee.
- 2.5 Different fee levels apply to students who:
 - 2.5.1 are on 'Placement', such as on a Year Abroad or a Year in Industry/Employment;
 - 2.5.2 are on a repeat period of study (with tuition);

- 2.5.3 are on an Intercolated degree course: students who intercalate pay the relevant annual tuition fee for the new undergraduate or postgraduate course. Students who wish to intercalate at another university are not required to pay tuition fees to the University; MBChB/BDS students who return to their MBChB/BDS course should note that if they intercalate on a postgraduate course, their future funding from Student Finance England may be affected. Students should contact the Medical School for advice;
- 2.5.4 spend between one and three years 'In Practice' (e.g. in the School of Architecture);
- 2.5.5 are classed as 'Remote Location';
- 2.5.6 attend as an 'External Candidate' to resit examination(s) only, i.e. do not intend to attend classes: resit fees are payable subject to the number of credits being re-examined;
- 2.5.7 choose to do a 'Languages for All' module. Fees are determined by:
 - (a) the number of credits/modules taken;
 - (b) the student's current status.
- 2.5.8 are studying at the English Language Teaching Centre where the fees are charged on a weekly basis.

3. The Financial Declaration

- 3.1 It is a requirement of the enrolment process that students complete the online Financial Declaration, in advance or at enrolment.
- 3.2 The Financial Declaration requires students to:
 - 3.2.1 acknowledge and agree to the rate of fee they are being charged;
 - 3.2.2 confirm they have the funds to cover their tuition fees and living costs for the duration of their course;
 - 3.2.3 disclose how their tuition fees will be paid (by means of personal funds, a loan or sponsor funding);
 - 3.2.4 agree to pay their tuition fees by means of a university-approved payment plan; students should note that fees are payable in each academic session.
- 3.3 UK/EU students should confirm whether they have applied for, and are expecting to, receive a loan from Student Finance.
- 3.4 Sponsored students will be required to provide evidence of their funding and to acknowledge their personal tuition fee liability in the case of their sponsor failing to settle their fees.
- 3.5 Postgraduate Research students expecting to be in receipt of a University Scholarship or funding from a Research Council should advise the University via the Financial Declaration.
- 3.6 Postgraduate Taught students will be asked to confirm if they have previously studied at the University.

4. Payment of Tuition Fees

- 4.1 The University provides students with a range of payment options. However, the University reserves the right to request that payment is made in full at the start of each year of study.
- 4.2 Self-funded students must make arrangements to pay their tuition fees either in full or by instalments by an approved payment method.
- 4.3 Where students are expecting an external organisation (e.g. an employer/embassy) to pay some or all of their tuition fee, they are required to provide evidence of the funding arrangements; more information for sponsored students can be found at: www.sheffield.ac.uk/registration/tuitionfees/sponsored-students. Fees from a sponsor must be paid in full upon receipt of an invoice. Students should note that The University does not issue receipts for payments made in advance; the cardholder will receive an email confirming payment.
- 4.4 Students may be entitled to a University Scholarship, as follows:
 - 4.4.1 Home Postgraduate students who have previously graduated from The University of Sheffield are eligible for an Alumni Reward; the application/eligibility process is part of the enrolment process;

- 4.4.2 self-funded overseas students may be eligible to apply for a Faculty/Country Scholarship;
- 4.5 Students should make every effort to honour the agreement to pay tuition fees by ensuring that they have sufficient funds in their bank account when the payment is due. If a student becomes aware that they may face difficulties in meeting a payment, they must contact the Student Fees and Funding Team in the Student Administration Service **in advance of the payment date**, in order to discuss a possible alternative payment arrangement. If the payment does not reach the University as agreed with prior notice, students may have their enrolment and computer facilities cancelled. They may be required to settle all outstanding fees before they are permitted to re-enrol and the University may withdraw the option to pay in instalments.
- 4.6 Students are not permitted to continue into a further period of study with an academic-related debt unless they have arranged payment of the debt via the Personal Payments Scheme and/or have the express agreement of the Student Fees and Funding Team.
- 4.7 Students are not permitted to graduate until all outstanding academic-related debts have been paid.

REGULATION XV:

General Regulations for First Degrees

SCOPE OF THESE REGULATIONS¹

1. These Regulations apply, subject to any different provision in the Regulations for a particular programme of study, to all Certificates, Diplomas and Bachelor's Degrees and Integrated Master's Degrees and to Foundation Years and Foundations Degrees, but where any programme of study is designated as a non-modular programme, Regulation 14 and subsequent Regulations will not apply to that programme.
2. The Senate will on the recommendation of the Faculty make Regulations providing for one or more programmes of study leading to the award of the Degree.

CONTENT OF PROGRAMMES OF STUDY

3. The Regulations for each programme of study will specify the units required of or available to students in each Year, and may specify other requirements (which may include requirements assigned no value in terms of credits) to be met by a student before successful completion of the programme of study. The availability of units specified in the Regulations for a programme of study is subject to the conditions as to pre-requisites and unacceptable combinations of units published on the authority of the Senate. Where a student is required to register for a unit, that registration may only be amended with the permission of the Faculty, on the recommendation of the Head of Department.
4. A reference in a Regulation to a particular programme of study or unit does not mean that the programme or unit will necessarily be available in any particular session. The availability of any unit may be subject to conditions as to the minimum or maximum size of classes, the availability of accommodation, timetabling restraints, and, where the Regulations for a programme of study contain requirements satisfaction of which depends upon the provision of facilities by another institution or body, the agreement of that institution or body.
5. Where a Regulation enables or requires a student to make a choice, the student's choice requires approval. The approval of the Head of the Department responsible for the programme of study is required for the subject of a special topic, special study, dissertation, extended essay or project and, where the Regulations require a student to make a choice between units, for the student's choice of units. Where the programme of study is the responsibility of more than one Department, the Heads of those Departments will agree on the procedure for giving such approval and publish it to students. Except where these Regulations or the Regulations for a particular programme of study provide otherwise, the choice of a unit as an unrestricted unit within a programme of study requires the approval only of the Head of the Department offering the unit.

ATTENDANCE OTHER THAN FOR UNIVERSITY QUALIFICATIONS

6. A person, whether or not registered for a programme of study leading to the award of a Degree or other qualification of the University, may be permitted by a Head of Department on payment of the appropriate fee to attend a programme of study in respect of one or more units and take the examination in respect of those units on the basis that any grades and credits awarded may not be taken into account for the purposes of the award of any qualification of the University.
7. A student attending the University under an international exchange programme will enrol for up to 60 credits in each semester attended. Such a student wishing to study fewer than 60 credits per semester must provide a supporting letter from their home university and will not be permitted to enrol for fewer than 40 credits in any semester or 100 credits in a full year of study. Such a student will normally enrol for credits at the appropriate Level and in the agreed departments.

STUDY ABROAD

8. A student may be permitted by the Faculty, on the recommendation of the Head of Department, to spend a period of not more than two consecutive semesters at an overseas University under a scheme approved by the Faculty; such a student will pursue courses and take examinations under arrangements approved by the Head of Department.

¹ Additional Regulations apply to students at City College
(<http://www.citycollege.sheffield.eu/frontend/articles.php?cid=427&t=Regulations-and-Policies>).

DEGREES WITH EMPLOYMENT EXPERIENCE

9. A student may be permitted to spend one session undertaking an approved placement in employment, the arrangements being subject to the approval of the Head of Department, and for which no grades will be awarded. Subject to successful completion of the requirements for the programme of study for which the student is registered, the Examiners may recommend that a student who successfully completes such a placement be awarded the named Degree 'with Employment Experience'.

TRANSFER BETWEEN PROGRAMMES OF STUDY AND FACULTIES

10. A student may, with the permission of the Faculty, transfer to another programme of study. The Faculty will determine in each case the extent to which parts of the original programme already completed by a student will be treated as forming part of the new programme. Where parts of the original programme are so treated the credits and grades (including any fail grades) already obtained by the student will be counted in respect of the new programme. Where parts of the original programme are not so treated, the fact that the student has previously taken the relevant units and the grades and credits (if any) awarded will be disregarded for the purposes of these Regulations except those dealing with time-limits and transcripts. A transfer from one Faculty to another requires the permission of both Faculties concerned. Permission to transfer will not imply the waiver of any requirements as to prerequisites.

TIME-LIMITS

11. Except with the permission of the Faculty:
- a full-time student must complete the Final Examination for a Degree within a period two years greater than the minimum required to complete the programme of study;
 - a part-time student must complete the Final Examination for a Degree within a period of nine years from the date of initial registration.
- Any period during which the Faculty has granted a student leave of absence will be ignored in calculating the time-limit.

RECOGNITION OF CREDITS AND EXAMINATIONS

12. The Faculty may recognise credits awarded or examinations passed in other institutions as equivalent to credits awarded at FHEQ Level 4, FHEQ Level 5 or FHEQ Level 6 under the Regulations of this University, provided that:
- the work attracting the credits has not been and will not be submitted for any other Degree; *and that*
 - a Bachelor's Degree or the First Degree of MBiolSci, MBiomedSci, MChem, MComp, MEng, MEnvSci, MGeog, MGeogSci, MMath, MPlan or MPhys may not, without the special permission of the Senate, be awarded to any student who has not been awarded at least 180 credits at FHEQ Level 4, FHEQ Level 5 or FHEQ Level 6 under the Regulations of this University, at least 100 of which were at FHEQ Level 6. "Credits awarded under the Regulations of this University" includes credits awarded in respect of a part of a programme of study which a candidate registered in this University is permitted or required by the Regulations to complete away from the University.
13. Permitted exceptions to 12 are as follows:
- exceptions to 12 (a) and (b) are permitted in the case of apprenticeship-related and pre-registration nursing programmes which are subject to external requirements².

² The following apprenticeship-related and pre-registration nursing programmes are specified for the purposes of regulations 13, 46, 48, 49 and 50.

- (b) exceptions to 12 (a) are permitted in the case of collaborative dual/double award programmes with the permission of Senate.
- (c) exceptions to 12 (b) are permitted in the case of non-modular programmes.

AEGROTAT CASES

- 14. Where the Examiners are satisfied by appropriate medical evidence that a student was prevented by illness from completing an examination but are satisfied that the work done by the student shows beyond reasonable doubt that the student would have passed the examination, they may recommend that the student be deemed to have passed the examination and that the student be awarded the credits assigned to relevant units but without the award of a grade. The credits awarded in respect of such units will not be taken into account in determining the class of Degree to be awarded.
- 15. Where the Examiners are satisfied by appropriate medical evidence that a student was prevented by illness from completing a substantial part of the Final Examination for a Degree, and are satisfied that the work done by the student shows beyond reasonable doubt that the student would have passed the examination but that it is impossible to determine the appropriate class in which the student should be placed, they may recommend that the student be awarded an Aegrotat Degree.

REGISTRATION FOR PROGRAMMES AND UNITS

- 16. A student will register for a particular programme of study and for the units the student proposes to complete. The programme of study of a full-time student, other than one repeating part of the programme of study in a particular Year, must be to the value of not fewer than 120 credits in a session and of not fewer than 40 credits in any semester. A full-time student may register for more than 120 credits in any one session only with the permission of the Faculty. Where a unit is available at more than one point in the Regulations for a programme of study, a student may only register for the unit at one such point.
- 17. A student will register for units to the value of not fewer than 120 credits in both Year 2 and Year 3, of which not fewer than 90 credits will be at FHEQ Level 6 or above. A student in Year 4 will register for units to the value of not fewer than 120 credits. Not fewer than 120 credits of those taken in Years 3 and 4 will be at FHEQ Level 7.
- 18. Except where the Regulations for a programme of study expressly so provide or special permission is given under arrangements approved by the Vice-President of the Faculty, a unit which is available Year 1 of any programme of study may not be taken by any student in a subsequent Year.
- 19. A student may amend the registration in respect of any semester with the consent of the Head of Department but not after the end of the third week of the relevant semester. Amendment to registration after the end of the third week of the relevant semester will be made only with the permission of the Faculty.

EXAMINATIONS

- 20. Where a unit is taken in the Autumn or the Spring Semester, an examination will be held for that unit in the relevant semester. Where a unit is taught over both semesters, an examination will be held for that unit in the Spring Semester.
- 21. In Year 1, a second examination in respect of each unit will be held in August or September following the date of the first examination. Except with the permission of the Faculty, entry for the second examination is open only to students who have failed in the first examination.
- 22. In Year 2 in certain programmes of study determined by the Faculty, a second examination in respect of each unit will be held in August or September following the date of the first examination. Except with the permission of the Faculty, entry for the second examination is open only to students who have failed in the first examination.

² (continued) The following apprenticeship-related and pre-registration nursing programmes are specified for the purposes of regulations 13, 46, 48, 49 and 50.

Faculty of Medicine, Dentistry and Health:	NURU152 NURSING ASSOCIATE (Fd Nursing Associate) NURU149 NURSING (Adult) (BMedSci) NURU153 NURSING (Adult) (BMedSci) NURU154 NURSING (Adult) (BMedSci)
Faculty of Social Sciences:	SCSU13 SOCIAL WORK (BA (Hons)) SCSU12 SOCIAL WORK (BA (Hons))

23. Where some part of the programme of study carrying a value in terms of credits is not in the form of a unit, the Regulations will specify the time or times at which the examination is to be held.

AWARD OF CREDITS

24. Subject to the requirements of these Regulations as to attendance, a student who satisfies the Examiners in the examination for a unit will be awarded the credits assigned to that unit.
25. A student who has achieved the pass grade and met all other pass criteria in any unit may not resit that unit.

FOUNDATION YEAR

26. A student must complete units totalling at least 120 credits in Year 0. For the purposes of this Regulation 'completed units' are those for which a student has obtained any of the following:
- (a) a pass grade or pass outcome;
 - (b) a fail grade; *or*
 - (c) formal exemption as a result of previous study.
27. A student who is awarded 120 credits in Year 0 will pass the Foundation Year.
28. A student who fails any unit in Year 0 may apply to resit on two occasions. Where the grade achieved following a resit is lower than a previous attempt, the higher grade will be awarded.

PROGRESSION BETWEEN YEARS

29. A student must complete units totalling at least 120 credits in each Year of study. For the purposes of this Regulation 'completed units' are those for which a student has obtained any of the following:
- (a) a pass outcome;
 - (b) a fail outcome; *or*
 - (c) formal exemption as a result of previous study.
30. A student who is awarded 120 credits will pass the Year and may progress.
31. Where the Regulations for a particular programme of study provide for a phase of the programme to be intercalated (for example a session spent abroad in a programme of study in a modern language), a student will in addition complete the requirements of that phase bearing a value in terms of credits prescribed in the relevant programme Regulations.

For students commencing Year 1 of a programme of study before September 2022

32. A student with failed credit may be permitted to progress to the next Year or complete their award. The recommendation to progress with failed credit will take into account the performance of the student in the failed units and the extent to which the student's performance in other units provides compensation for failure in those units. The recommendation to progress will not imply the waiver of any prerequisites involving the award of credit.

Year 1

33. The Examiners may, in their discretion, recommend that a student who has passed at least 100 credits in Year 1 and who achieves a grade of 30 or above in failed units is deemed to have passed the Year and may progress to Year 2.

For students commencing Year 1 of a programme of study in or after September 2022

37. A student with failed credit may be permitted to progress to the next Year or complete their award. In such cases, a compensated pass will be recommended in the failed units and credit will be awarded. The grade achieved for compensated units will remain unchanged. The award of compensation will not prevent the student from applying to resit the failed unit.

38. The recommendation to progress with compensated credits will take into account the performance of the student in the failed units and the extent to which the student's performance in other units provides compensation for failure in those units. The recommendation to progress will not imply the waiver of any prerequisites involving the award of credit.

Year 1

39. The Examiners may, in their discretion, recommend that a student who has passed at least 100 credits in Year 1 and who achieves a grade of 30 or above in failed units is deemed to have passed the Year and may progress to Year 2.

- (a) on two occasions for a Year 1 unit;
- (b) on one occasion for a Year 2 or 3 unit, or for any units on a non-modular programme of study.

44. A student may apply to resit failed units even where they are deemed eligible to progress to the next Year of study. Units that are passed following resit will be capped at the pass mark. Where the grade achieved following resit is lower than a previous attempt, the higher grade will be awarded.
45. The Faculty may allow a student who has failed to meet progression requirements in Year 1 following reassessment to retake the Year. All grades and credits awarded will be disregarded for the purposes of progression and award, and the units will be taken as if for the first time.

Calculations

57. The Examiners will have regard to the outcome of the following Calculations, which will in each case be either a class or a borderline to a higher class.
58. **Calculation 1** (the weighted mean grade) is made in accordance with the following principles:

- (a) where a student's weighted mean grade is of a value indicated in the first column, the outcome of Calculation 1 will be the corresponding class indicated in the second column:

69.5 or higher	Class I
59.5 or higher	Class II - Division 1
49.5 or higher	Class II - Division 2
44.5 or higher	Class III
39.5 or higher	Pass

- (b) (For students commencing Year 3 or Year 4 of a programme of study in September 2010) where a student's weighted mean grade falls within the band indicated in the first column, the outcome of Calculation 1 will be the borderline to the corresponding class indicated in the second column:

67.0-69.4	Class I
57.0-59.4	Class II - Division 1
47.0-49.4	Class II - Division 2
43.5-44.4	Class III
37.0-39.4	Pass

- (c) (For students commencing Year 1 or Year 2 of a programme of study in or after September 2010) where a student's weighted mean grade falls within the band indicated in the first column, the outcome of Calculation 1 will be the borderline to the corresponding class indicated in the second column:

59. **Calculation 2** (the distribution of grades) is made in accordance with the following principles:

- (a) where the best half of a student's weighted grades are of a value indicated in the first column, the outcome of Calculation 2 will be the corresponding class indicated in the second column:

69.5 or higher	Class I
59.5 or higher	Class II - Division 1
49.5 or higher	Class II - Division 2
44.5 or higher	Class III
39.5 or higher	Pass

- (b) where the best five twelfths of a student's weighted grades are of a value indicated in the first column, the outcome of Calculation 2 will be the borderline to the corresponding class indicated in the second column above.

Classifications

60. In recommending the class of Degree to be awarded to each student, the Examiners will take into account the outcomes of Calculations 1 and 2 in accordance with the following principles:

- (a) where one Calculation places the student in one class and the other Calculation places the student in either the same class or the borderline to the same class, the student will normally be recommended for the award of a Degree of that class;
- (b) where one Calculation places the student in one class, and the other Calculation places the student in the borderline to the class immediately above, the student will normally be recommended for the award of a Degree of the lower class;

- (c) where one Calculation places the student in one class, and the other Calculation places the student in the class immediately below, the student will be considered as being in the borderline to the higher class, and the class of the Degree to be recommended by the Examiners will normally correspond to the class indicated by the weighted mean of the grades at the final Level of study;
 - (d) where both Calculations place the student in the same borderline, the class of the Degree to be recommended by the Examiners will normally correspond to the class indicated by the weighted mean of the grades in the final Year of study;
 - (e) where one Calculation places the student in one class, or borderline to a class, and the other Calculation places the student in another class, or borderline to a class, neither immediately above nor below, the Examiners will recommend the classification which, having regard to all the evidence before them, best reflects the overall performance of the student.
61. In the case of a student for the Degree of MBiolSci, MBiomedSci, MChem, MEng, MEnvSci, MGeog, MGeogSci, MMath, MPlan or MPhys who is being considered for the award of a Bachelor's Degree, the recommendation of the Examiners as to the class of Degree to be awarded will take into account the performance of the student in Year 2 and Year 3.
62. Students commencing Year 2 of a programme of study in or after September 2000 but before September 2006 should refer to Regulations 53, 43 and 55 of the General Regulations for First Degrees in the Calendar for 2015-16.

64. A student entitled under the above Regulations to enter for a subsequent examination in any Year may, with the permission of the Faculty, substitute another unit for that in respect of which the student has failed to satisfy the Examiners. Permission to make a substitution under this Regulation will not increase the number of occasions on which a student may enter an examination.
65. Except for Year 1 students commencing Year 1 before September 2012, a student satisfying the Examiners in the examination for the substituted unit or other part will be awarded a bare pass grade in that examination.

REGULATION XVI:

General Regulations for Higher Degrees, Postgraduate Diplomas and Postgraduate Certificates

SCOPE OF THESE REGULATIONS

1. These Regulations apply to:
 - Master's Degrees in all Faculties (except Integrated Master's Degrees)
 - Postgraduate Diplomas in all Faculties
 - Postgraduate Certificates in all FacultiesAnd to the coursework element of:
 - the Degree of EdD
 - the Degree of DCLinDent
 - the Degree of DCLinPsy
 - the Degree of DDSc
 - the Degree of DEdCPsy
 - the Degree of DEdPsy
 - the Degree of DMedSci
 - the Degree of EngD
 - PhD with Integrated Studies
2. These Regulations are subject to provisions relating to a specific Higher Degree, and to the General Regulations for Higher Degrees by Research, where a programme of study includes a programme of research and a thesis, provided that where any programme of study is designated as a non-modular programme, Regulations 13 to 19 will not apply to that programme.

MINIMUM QUALIFICATIONS FOR ADMISSION AS A STUDENT

3. A person may be admitted as a student who:
 - (a) is a recognised graduate and who has attained a standard at least equivalent to that of a good Honours Degree in a subject related to that of the proposed programme of study; *or*
 - (b) has passed a qualifying examination in such a subject at a standard equivalent to FHEQ Level 6 and at a time and subject to such conditions (which may include attendance for an appropriate programme of study) as may be prescribed by the Faculty; *or*
 - (c) has been deemed qualified for admission as a student by the Faculty; *or*
 - (d) being a student for a Postgraduate Diploma, is permitted by the Faculty to transfer to candidature for a Master's Degree in the same subject.

PROGRAMMES OF STUDY

4. For each Higher Degree by coursework (or by coursework and dissertation), the Senate will on the recommendation of the Faculty make Regulations providing for one or more programmes of study leading to the award of the Degree.
5. The Regulations for each programme of study will specify the units required of or available to students, and may specify other requirements (which may include requirements assigned no value in terms of credits) to be met by a student before successful completion of the programme of study. Where the Regulations for a modular programme of study require a dissertation, the dissertation will be assigned a value of not more than 90 credits. The availability of units specified in the Regulations for a programme of study is subject to the conditions as to pre-requisites and unacceptable combinations of units published on the authority of the Senate. Where a student is required to register for a unit, that registration may only be amended with the permission of the Faculty, on the recommendation of the Head of Department.
6. A reference in a Regulation to a particular programme of study or unit does not mean that the programme or unit will necessarily be available in any particular session. The availability of any unit may be subject to conditions as to the minimum or maximum size of classes, the availability of accommodation, timetabling restraints, and, where the Regulations for a programme of study contain requirements satisfaction of which depends upon the provision of facilities by another institution or body, the agreement of that institution or body.

7. Where a Regulation enables or requires a student to make a choice, the student's choice requires approval. The approval of the Head of the Department responsible for the programme of study is required for the subject of a special topic, special study, dissertation, extended essay or project and, where the Regulations require a student to make a choice between units, for the student's choice of units. Where the programme of study is the responsibility of more than one Department, the Heads of those Departments will agree on the procedure for giving such approval and publish it to students. Except where these Regulations or the Regulations for a particular programme of study provide otherwise, the choice of a unit as an unrestricted unit within a programme of study requires the approval only of the Head of the Department offering the unit.
8. A student may amend the registration in respect of any semester with the consent of the Head of Department but not after the end of the third week of the relevant semester. Amendment to registration after the end of the third week of the relevant semester will be made only with the permission of the Faculty.
9. A student may, with the permission of the Faculty, transfer to another programme of study. The Faculty will determine in each case the extent to which parts of the original programme already completed by a student will be treated as forming part of the new programme. Where parts of the original programme are so treated the credits and grades (including any fail grades) already obtained by the student will be counted in respect of the new programme. Where parts of the original programme are not so treated, the fact that the student has previously taken the relevant units and the grades and credits (if any) awarded will be disregarded for the purposes of these Regulations except those dealing with time-limits and transcripts. A transfer from one Faculty to another requires the permission of both Faculties concerned. Permission to transfer will not imply the waiver of any requirements as to prerequisites.

RECOGNITION OF CREDITS AND EXAMINATIONS

10. The Faculty may recognise credits awarded or examinations passed in other institutions as equivalent to credits awarded under the Regulations of this University, provided that the work attracting the credits has not been and will not be submitted for any other degree, except as permitted by the Senate in the case of collaborative dual/double award programmes, and that a higher Degree may not, without the special permission of the Senate, be awarded to any student who has not been awarded:
 - (a) in the case of Degrees and Postgraduate Diplomas and Postgraduate Certificates wholly awarded by the University, at least one-half of the required number of credits under those Regulations;
 - (b) in the case of Degrees wholly awarded by the University in respect of a programme of study that is jointly developed and delivered in conjunction with one or more partner institutions, at least one-third of the required number of credits under those Regulations;
 - (c) in the case of Postgraduate Diplomas and Postgraduate Certificates wholly awarded by the University in respect of a programme of study that is jointly developed and delivered in conjunction with one or more partner institutions, at least one-half of the required number of credits under those Regulations;
 - (d) in the case of jointly awarded Degrees, at least one-third of the required number of credits under those Regulations;
 - (e) in the case of jointly awarded Postgraduate Diplomas and jointly awarded Postgraduate Certificates, at least one-half of the required number of credits under those Regulations.

“Credits awarded under the Regulations of this University” includes credits awarded in respect of a part of a programme of study which a student registered in this University is permitted or required by the Regulations to complete away from the University.

AEGROTAT CASES

11. Where the Examiners are satisfied by appropriate medical evidence that a student was prevented by illness from completing an examination but are satisfied that the work done by the student shows beyond reasonable doubt that the student would have passed the examination, they may recommend that the student be deemed to have passed the examination and that the student be awarded the credits assigned to relevant units but without the award of a grade. The credits awarded in respect of such units will not be taken into account in determining the student's eligibility for the award of merit or distinction.
12. Where the Examiners are satisfied by appropriate medical evidence that a student was prevented by illness from completing a substantial part of the Examination for a Degree, and are satisfied that the

work done by the student shows beyond reasonable doubt that the student would have passed the Examination, they may recommend that the student be awarded an Aegrotat Degree.

MINIMUM PERIOD OF STUDY

13. The programme of study and research for a Master's Degree by coursework (or coursework and dissertation) will be not less than one year for a full-time student and not less than two years for a part-time student. Minimum periods of study for the Degrees of EdD, DCLinDent, DCLinPsy, DDSc, DEdCPsy, DEdPsy, DMedSci, EngD and PhD with Integrated Studies are specified in the Code of Practice for Research Degrees.

GRADES

14. The Examiners will award in respect of each unit or other part of the programme of study a grade expressed as a whole number on the numerical scale set out in Regulation 44(b) of the General Regulations for First Degrees.

AWARD OF CREDITS

15. A student who satisfies the Examiners in the examination for a unit or other part of a programme of study will be awarded the credits assigned to that unit or other part.
16. A student who has been awarded credits in respect of any unit or other part of the programme of study may not repeat the examination for that unit or other part.

CREDITS REQUIRED FOR A MASTER'S DEGREE OR POSTGRADUATE DIPLOMA OR CERTIFICATE

17. A student who is awarded 180 credits will be eligible for a Master's Degree. Where the Regulations for a Master's Degree make provision for a related Postgraduate Diploma or Postgraduate Certificate, a student who is awarded 120 credits will be eligible for the award of Postgraduate Diploma, and a student who is awarded 60 credits will be eligible for the award of Postgraduate Certificate. Calculation of credits awarded for the Postgraduate Certificate will exclude the dissertation unit.

For students commencing their programme of study prior to September 2022

18. Where a student has not met the full credit requirements in Regulation 17, the Examiners may in their discretion recommend that a student with failed credits has satisfied the requirement for a Master's Degree where they have:
 - (a) passed at least 165 credits; *and*
 - (b) achieved an average grade of 50 or above; *and*
 - (c) achieved a grade of 40 or above in the failed credits necessary to meet the credit requirements for the award of Master's Degree.
19. Where a student has not met the full credit requirements in Regulation 17, the Examiners may in their discretion recommend that a student with failed credits has satisfied the requirement for a Postgraduate Diploma where they have:
 - (a) passed at least 105 credits; *and*
 - (b) achieved an average grade of 50 or above; *and*
 - (c) achieved a grade of 40 or above in the failed credits necessary to meet the credit requirements for the award of Postgraduate Diploma.

In the case of a student on a Master's Degree programme who is being considered for the award of Postgraduate Diploma, calculation of the average grade and the minimum mark requirements laid out in (b) and (c) will be based on the best 120 graded credits. Additional credits taken will be excluded.

All calculations will include the dissertation unit where this forms part of the best 120 credits.

DISTINCTIONS AND MERITS

20. The Examiners may in their discretion recommend the award of a mark of distinction or merit to a student registered for a Master's degree, such that:
 - (a) a student who achieves a weighted mean grade of not less than 69.5 in the Examination as a whole and a grade of not less than 70 in units to the value of not less than 90 credits may be recommended for the award of the Degree with distinction; *and*
 - (b) a student who achieves a weighted mean grade of not less than 59.5 in the Examination as a whole and a grade of not less than 60 in units to the value of not less than 90 credits may be recommended for the award of the Degree with merit.

21. The Examiners may in their discretion recommend the award of a mark of distinction or merit to a student registered for a Postgraduate Diploma, such that:
- (a) a student who achieves a weighted mean grade of not less than 69.5 in the Examination as a whole and a grade of not less than 70 in units to the value of not less than 60 credits may be recommended for the award of the Postgraduate Diploma with distinction; *and*
 - (b) a student who achieves a weighted mean grade of not less than 59.5 in the Examination as a whole and a grade of not less than 60 in units to the value of not less than 60 credits may be recommended for the award of the Postgraduate Diploma with merit.
22. The Examiners may in their discretion recommend the award which, having regard to all the evidence before them, best reflects the overall performance of the student notwithstanding Regulations 20 and 21 above.

DISSERTATIONS

23. Where a programme of study includes a dissertation, the dissertation will be of a length and be presented in typed form not later than the time prescribed by the Head of Department.
24. A student will state in the dissertation the sources from which the information it contains is derived and the extent to which the student has made use of the work of others.
25. A student may not submit a dissertation a substantial part of which consists of material which has been submitted for any other Degree or qualification.

FAILURE

For students commencing their programme of study after September 2022

26. The Examiners may in their discretion recommend that a student is awarded a compensated pass in failed units where they have:
- (a) passed at least 165 credit (Master's Degree) or 105 credits (Postgraduate Diploma); *and*
 - (b) achieved an average grade of 50 or above; *and*
 - (c) achieved a grade of 40 or above in each of the failed units.

In the case of a student for a Master's Degree who is being considered for the award of a Postgraduate Diploma, calculation of the average grade and the minimum mark requirements laid out in (b) and (c) will be based on the best 120 graded credits. Additional credits taken will be excluded.

All calculations will include the dissertation unit where this forms part of the best 120 credits.

27. Compensated units will be awarded credit but will retain the original grade.

REASSESSMENT

28. A student who fails to satisfy the Examiners in respect of any unit or other part of the programme of study (including the dissertation if any) and who has not been recommended for the award of a Master's Degree or a Postgraduate Diploma may (subject to the Regulations for the particular programme of study and to the General Regulations as to the Progress of Students) enter for a subsequent examination in respect of the unit or submit a revised dissertation on one occasion only. A student satisfying the Examiners in a subsequent examination or in respect of a revised dissertation will be awarded a bare pass grade in respect of that unit. In the event that the grade achieved following the subsequent examination is lower than that achieved on the first occasion, the higher grade will be awarded.
29. The Faculty may prescribe conditions to be satisfied by the student, and in the absence of any other provision, the re-examination or re-submission will be within one year of the notification of the first result.
30. Regulations for the Degrees of DClinPsy, DDMSc, and EngD where a student fails to satisfy the Examiners in respect of the thesis are included in the Regulations relating to specific Higher Degrees by research.

TIME-LIMITS AND EXTENSIONS

31. Except with the permission of the Faculty, or where the Regulations for a particular programme of study provide otherwise:
- (a) a full-time student must complete the programme of study for a Master's Degree within a period one year greater than the minimum required to complete the programme of study; *and*
 - (b) a part-time student must complete the programme of study for a Master's Degree within a period of two years greater than the minimum required to complete the programme of study.

Any period during which the Faculty has granted a student leave of absence will be ignored in calculating the time-limit.

Applicable time-limits for full-time and part-time students may, for good reason, be extended by not more than one year by the Faculty and, in exceptional cases, by a further period by the Senate on the recommendation of the Faculty. In any case in which the Faculty refuses to extend or recommend the extension of a time-limit, the Senate will consider the case (including the views of the Faculty) and may grant the extension.

32. Time limits for the Degrees of DCLinPsy, DDSc, and EngD are included in the Regulations relating to specific Higher Degrees by research.

14. The normal period of registration and tuition fee payment, as specified in the *Code of Practice for Research Degree Programmes*, applies unless an extended time-limit is approved by Faculty on the basis of significant additional programme content (such as compulsory advanced training, placements, internships, enterprise activities or similar and/or on the recommendation of the funder).

A student will not be permitted to pass the Confirmation Review (if required for the programme of research), unless the student has presented a portfolio demonstrating that they have undertaken the agreed programme of training and skills development and have achieved an appropriate level of competency as agreed by the supervisory team.
20. The submission of a Data Management Plan is required for confirmation of candidacy of all students.
21. A student will not be awarded the degree unless the Faculty has confirmed the student's satisfactory completion of the Doctoral Development Programme.
22. Where a student fails to successfully complete a part or parts of the programme of training and skills development, the Faculty may permit the student to repeat that part or parts, or to undertake other training or skills development, in each case on such conditions as the Faculty may determine.

30. For first submission and resubmission, a student is required to submit the thesis to Turnitin, according to the procedure operating in the relevant department (Turnitin is a text matching tool that is licensed for use in the University of Sheffield as an aid in the prevention of unfair means). The version of the thesis submitted to Turnitin must be an exact copy of the version submitted for examination.
31. For first submissions and resubmissions, the thesis must be submitted to the University online, following the procedures outlined in the *Code of Practice for Research Degree Programmes*. Once submitted, the examination process will be deemed to have commenced and the thesis cannot normally be retracted.

Where the thesis is incomplete or has been edited to remove sensitive material or material that has not been copyright cleared, a complete electronic copy must also be submitted to the University Library, following the procedures outlined in the *Code of Practice for Research Degree Programmes*.
33. The award of any qualification will be withheld until the requirements for award of degrees, as stipulated in the *Code of Practice for Research Degree Programmes*, have been completed.

 - (c) University Staff candidate;
 - (d) Hospital Staff candidate;
 - (e) Research Fellowship or Independent Research Worker candidate.
2. For students commencing the programme of study and research on or after 1 August 2019:

a student's registration for the Degree of PhD will be considered probationary until such time as the candidate successfully passes the departmental Confirmation Review. A student may be permitted a maximum of two attempts to pass the Confirmation Review. The first attempt must be completed no later than 12 months from the student's initial registration for full-time students. If the decision to pass a student is deferred pending a second attempt, a final decision must be taken no later than 18 months from the students' initial registration for full-time students (pro-rata for part-time students). A student who fails the Confirmation Review will be required to transfer to candidacy for the Degree of MPhil.

Where exceptions to the above timescales are required, these must be set out in the programme Regulations.

3. The programme of research will be pursued for not less than the following periods unless an extended minimum period of study is approved by the Faculty on the basis of significant additional programme content (such as compulsory advanced training, placements, internships, enterprise activities or similar) and/or on the recommendation of the funder:
 - (a) full-time student candidates, two years in the case of the holder of a Bachelor's Degree with Honours or an equivalent qualification, or a Master's Degree, or (with the permission of the Senate) the Degrees of MB, ChB, and three years in all other cases, which must be spent in full-time work on the research, the permission of the Head of Department being required before the candidate undertakes any other work during the period;

 - (c) University Staff candidates, a period not less than two years determined in each case by the Senate having regard to the candidate's qualifications and the proportion of time to be spent on the research, and so the total time devoted to the research will not be less than that required of a full-time student candidate (except in the case of a person admitted as a University Staff candidate as a condition of external funding and who would otherwise have been admitted as a full-time student candidate, in which case Regulation 5(a) applies);
 - (d) Hospital staff candidates, a period of not less than two years determined in each case by the Senate having regard to the candidate's qualifications and the proportion of time to be spent on the research and so the total time devoted to the research will not be less than that required for a full time candidate;
 - (e) Research Fellowship or Independent Research Worker candidates, two years in the case of the holder of a Bachelor's Degree with Honours or an equivalent Degree, or a Master's Degree, or (with the permission of the Senate) the Degrees of MB, ChB, and three years in all other cases, which must be spent in full-time work on the research, the permission of the Head of Department being required before the candidate undertakes any other work during the period.
4. The normal period of registration and tuition fee payment will be as follows unless an extended period of registration and tuition fee payment is approved by the Faculty on the basis of significant additional programme content (such as compulsory advanced training, placements, internships, enterprise activities or similar) and/or on the recommendation of the funder:

Where a student changes from a programme in one department or Faculty to a programme in a different department or Faculty, the permission of both departments or Faculties is required. Students changing programme will transfer into the new programme of study at the same point in their registration. The student's time limit will therefore remain unchanged, unless the new programme of study is of a different duration.

 - (b) a statement giving full details of any other Degree or Diploma for which the work, in whole or in part, may have been submitted; *and*
 - (c) a classified list of the submitted published work.
5. At least two External Examiners shall independently report to the Board on the submission for the Degree.
6. If the Senate decides, on the recommendation of the Board, that the Degree be not awarded, a candidate may not make another submission for the Degree within five years of the first candidature unless this period is specially reduced by the Board.

REGULATIONS FOR THE DEGREE OF DOCTOR OF LAWS (LLD)

1. The Degree of Doctor of Laws (LLD) may be awarded to:
 - (a) a graduate of the University of not less than six years standing; *or*
 - (b) a member of the academic staff who has completed a minimum of six years service as such a member.
2. A candidate shall be judged to be distinguished by scholarship in having made substantial contributions to the advancement of the science or study of law.
3. A candidate shall submit to the Vice-President three sets of the published work intended for assessment.
4. A candidate shall also submit three sets of the following:
 - (a) a statement certifying either that the published work is that of the candidate or, in the case of collaborative work, that the candidate has made a substantial contribution to the work. The proportion of the collaborative work represented by the candidate's effort must be clearly indicated;
 - (b) a statement giving full details of any other Degree or Diploma for which the work, in whole or in part, may have been submitted; *and*
 - (c) a classified list of the submitted published work.
5. At least two External Examiners shall independently report to the Board on the submission for the Degree.
6. If the Senate decides, on the recommendation of the Board, that the Degree be not awarded, a candidate may not make another submission for the Degree within five years of the first candidature unless this period is specially reduced by the Board.

REGULATION XVIII:

General Regulations relating to Examinations¹

INVIGILATED EXAMINATIONS

1. A student will not use or attempt to use any unfair means (e.g. plagiarism) and will not communicate with or attempt to communicate with any other students. Answers must be the candidate's own work. Where other material is quoted, the student will state the source(s) from which it is derived.
2. A student will only use the answer book and continuation paper supplied in the examination hall by invigilators. All rough work should be completed using the paper provided and should be handed in at the end of the examination. The supply of additional material is at the discretion of the invigilator. This regulation should be read in conjunction with note 21 in *Notes for Students on Invigilated Examinations*.
3. All unauthorised material (such as revision notes, books and data tables) and electronic devices (such as electronic dictionaries, mobile or Smartphones, radios and personal audio equipment) will be left outside the examination hall or surrendered to an Invigilator before entering the hall. Any material required for any particular examination will be provided in the hall. (If students are permitted to introduce books, notes or other material into an examination hall, they will be informed by the Department concerned, and the nature and extent of the authorised material will be stated on the question paper.)
4. No part of an answer book will be torn off and all answer books and other material supplied in the examination hall will be left behind on students' desks at the end of the examination.
5. A student whose first language is not English may use a dictionary during examinations, provided that:
 - (a) the student has obtained the written permission of the Vice-President of the relevant Faculty or the Faculty's representative;
 - (b) the student presents the dictionary (which should bear their name and registration number) together with the written authority for inspection of the Chief Invigilator at the beginning of each examination in which the dictionary is to be used;
 - (c) electronic dictionaries may not be used in invigilated examinations.
6. A student may use an electronic calculator in examinations (unless such use has been prohibited in any particular examination by the Examiners), subject to the following conditions:
 - (a) the calculator will be of a type officially approved in advance by the University;
 - (b) each calculator to be used in an examination will be approved in advance by the Vice-President of the relevant Faculty or by the Vice-President's representative, and such approval will be symbolised by the attachment of a distinctive marker to the calculator;
 - (c) the calculator will be presented for inspection by an Invigilator on request at the beginning of each examination in which the calculators are to be used;
 - (d) the calculator will be self-contained, battery-operated and noiseless;
 - (e) spare batteries may be taken into the examination hall, but instruction manuals, battery chargers, battery packs and spare parts are not permitted, nor any attachments which extend the capabilities of the calculator (such as printers or memory packs);
 - (f) any time signals on the calculator will be switched off before entry into the examination hall;
 - (g) a candidate who brings into the examination hall any calculator not approved in accordance with these Regulations will be considered to have used or attempted to use unfair means.
7. A student should also refer to the Notes on the Use of Unfair Means in the Assessment Process: Advice to Students.

NON-INVIGILATED EXAMINATIONS

8. A student will not use or attempt to use any unfair means (e.g. plagiarism).
9. A student will comply with any conditions prescribed by the relevant Department in respect of the submission of material for the purpose of assessment. Such conditions may include the date and place of submission of material, the method of submission (e.g. hard copy and/or electronic copy) the number

¹ Regulations 1-12 apply to students in all Faculties and includes City College. The Notes for Students on Invigilated Examinations apply only to students in the Sheffield-based Faculties. Separate Regulations apply to students at City College (<https://www.citycollege.sheffield.eu/frontend/articles.php?cid=427&t=Regulations-and-Policies>).

- of copies required, the method of presentation (e.g. typewritten), the need to obtain an official receipt and any other special requirements.
10. Submitted material must be a student's own original work. Where other material is used, the student will state the source(s) from which the information is derived and the extent to which the student has made use of the work of others.
 11. A student should also refer to the Notes on the Use of Unfair Means in the Assessment Process: Advice to Students.

BREACH OF REGULATIONS

12. Any breach of the preceding Regulations will constitute the use of unfair means.

NOTES FOR STUDENTS ON INVIGILATED EXAMINATIONS

Before the Examination

1. The use of calculators in examinations
A student wishing to use an electronic calculator in an examination should note Examination Regulation 6 and request approval for the particular calculator no later than week 10 of the relevant Semester. Approval for a calculator to be used in University examinations is granted on an individual basis and each calculator to be used must be presented by the student for the attachment of a distinctive marker.
If you expect to use a calculator in an examination you must comply with the following instructions:
 - (a) Consult the lists of approved/prohibited models <http://www.shef.ac.uk/ssid/exams/calculator2>.
 - (b) If your calculator is shown on the list of approved models, take it to SSiD where a marker will be attached.
 - (c) If your calculator is shown on the list of prohibited models, do not attempt to use it in an examination. If you do you will be judged to have “used or attempted to use unfair means” and disciplinary action may be taken against you.
 - (d) If your calculator is on neither list, take it to SSiD as soon as possible and preferably no later than mid-December in any year, and complete the application for it to be approved. You will be able to keep your calculator. A decision will be available before the Christmas vacation. Further applications can be considered after the Easter vacation but no later than the beginning of May in any year. Calculators which do not have external means of programming and have numeric function only will almost certainly be permitted. Among the calculators which are prohibited are:
 - (i) those having an alphabetic display of stored data (including text) or equations or alphabetic formulae; models which produce alphabetic output only in the form of messages in the normal course of operation are permissible;
 - (ii) those capable of external programmability, whether by detachable modules or the insertion of cards, tape, bar codes or cassettes, or by any other means (other programmable calculators are normally acceptable).Approval given to calculators in previous years remains valid. Any calculators which are already marked as approved do not need to be re-submitted for approval.
2. All students should read carefully the General Regulations as to Examinations.
3. **Fee:** No fee is payable when a student takes an examination at the first sitting. A re-examination fee must be paid when a student has failed at the first sitting or been absent on that occasion without good cause.
4. **Timetables:** For invigilated examinations draft timetables will be displayed in departments in week 9 or 10 of each Semester. Students are asked to check that all their papers appear on the draft. If there are any clashes or missing papers, students should contact the Student Administration Office, Level 6, Students’ Union immediately. The final examination timetables will be displayed in academic departments and on the University’s web-site in week 11 and 12 of each Semester. The numbers of the question papers will be indicated on the timetables and printed in bold type in the top right-hand corner of the papers. The examination halls in which papers are being held will be included on the final timetable. As desks are allocated by paper numbers, students should note the number of the paper to be taken and not just the title.
5. **UCards:** Students will write their Registration Numbers on all answer books. Students must bring their UCard (which bears the Registration Number) to every examination. Any student who does not possess

such a card must consult the Student Administration Service, Level 6, Students' Union at least 15 working days before the first examination.

6. **Anonymous marking:** The University has an anonymous marking policy which applies to all invigilated examinations. Students should familiarise themselves with the Statement of Procedures for the Anonymous Marking of Examinations.
7. **Religious beliefs:** Any student who is not able, for religious reasons, to take examinations on any day on which examinations may be set during the year (including Saturdays but not Sundays), is asked to notify the Student Administration Service at the beginning of each session for which they register. **Students may request that draft examination timetables take account of religious observance requirements and should follow the procedure for notifying Religious Observance ensuring that they adhere to the deadlines given. Requests received after the relevant deadline will not be considered.** Once final examination timetables have been set, **alterations will not be made.**
8. **Individual examination arrangements:** The Student Administration Service will put in place separate examination arrangements for disabled students and those with temporary impairments, if alternative arrangements have been recommended by at least one of the following: the Disability and Dyslexia Support Service, the University Health Service, the University Counselling Service or a member of the National Network of Assessment Centres.
9. **Dictionaries:** A student whose first language is not English should note the provision of Invigilated Examination Regulation 5. Permission to use dictionaries can be requested through the Student Services Information Desk (SSiD).
10. **Illness before an examination:** A student who is taken ill prior to an examination should consult the University Health Service at the earliest opportunity in order that alternative examination arrangements can be considered and a medical report can be made to the Examiners.

On the day of an invigilated examination

11. **Personal belongings:** Students should bring to the hall only essential personal belongings (e.g. pens and rulers in a transparent plastic bag) and preferably no items of value. Outdoor coats, large bags, brief cases etc., must be left outside the hall, in cloakrooms, if available, or in a designated area of the hall itself. (Small bags may be left on the floor by the student's desk). The University of Sheffield accepts no responsibility for any loss or damage to personal belongings. You will be unable to claim from the University if they are lost or damaged.
12. **Mobile phones and other electronic devices** (and other devices which can store text and images) must not be taken to examinations. A mobile phone is potentially a method of storing unauthorised material. See Regulation 3 for Invigilated Examinations. If taken to an examination unintentionally, they must be surrendered to an Invigilator before entering the hall. No additional time will be allowed in compensation for time taken in recording the custody of such items by the Invigilators. The return of such items to their owners after an examination may be delayed if the Invigilators are otherwise occupied by examination duties.
13. **Unauthorised material (such as revision notes):** See Regulation 3 for Invigilated Examinations.
14. **Smoking (including the use of electronic, vapour and other similar devices) and the consumption of alcoholic drinks** is not allowed in the examination halls.
15. **Admission to the hall:** Students will be admitted to the hall a few minutes before the start of each examination at the discretion of the Chief Invigilator.
16. **Absence:** If, for no good reason, a student fails to attend an examination, special papers will not be set and the student will be deemed to have failed.
17. **Late arrival and early departure:** Students who are more than 30 minutes late for an examination will not be admitted. A student will not be allowed to withdraw from an examination until 40 minutes have elapsed. Any student leaving an examination early should raise their hand and wait for an Invigilator to collect examination material from their desk. Any student leaving an examination must do so quietly and take great care not to disturb other students. No student will be allowed to leave during the last ten minutes of an examination.
18. **Seating arrangements in examination halls:** Students should read carefully the seating arrangements which will be set out on the noticeboard outside the examination hall, noting that there may be more than one examination taking place in the hall. Students are not allowed to reserve seats for themselves beforehand. Invigilators may require students to move to alternative seats.
19. **On the examination desk** the student will find the question paper, answer books, an attendance slip and any ancillary materials provided for the particular examination.

20. **During the few minutes before the examination begins**, students must:
- listen carefully to any announcements the Chief Invigilator may have to make;
 - make sure that they have the correct question paper on their desks; if in doubt they should put up a hand and ask an Invigilator;
 - complete the attendance slip on the desk (this will be collected by an Invigilator soon after the start of the examination);
 - complete as far as possible the cover sheet of one answer book on the desk, including details of the questions attempted;
 - read the notes on the cover of the answer book.
21. **Stationery: Students should only use the answer book and continuation paper supplied in the examination hall.** If students require further stationery during the examination they should put up a hand and an Invigilator will assist them. See also Regulation 2 for Invigilated Examinations.
22. **Temporary withdrawal:** A student who wishes to make a temporary withdrawal from an examination for personal reasons must put up a hand and ask to be accompanied by an Invigilator or other authorised person.
23. **Illness during an examination:**
- A student who wishes to withdraw from an examination because of illness should inform an Invigilator. The student may be accompanied to the University Health Service and may be able to complete the examination later. If the student chooses not to be accompanied they should attend the University Health Service without delay or ask one of the Medical Officers to call on them; otherwise the University Health Service may not be able to advise the academic authorities on the student's condition at the time of the examination.
 - If a student is temporarily affected by illness but is able to continue the examination after a short absence, the period of time lost through illness will be noted and the information taken into consideration where appropriate.
24. **At the end of an examination:** All answer books, continuation sheets (even if only used for rough notes) and graph paper should be fastened together with string unless instructed otherwise. If more than one book is used, all relevant papers should be fastened in their appropriate book. All cover sheets of used answer books must be completed and students must enter in the space provided the numbers of the questions answered within, in the order in which they have been attempted. Students should wait until Invigilators have collected examination material from desks and must leave the hall quickly and quietly when permitted to do so, leaving all written work on the desk. Question papers may be removed from the hall only if no instruction to the contrary is given. Students causing a disruption at the end of an examination may be subject to disciplinary action.

After the Examination

25. **Publication of results:** Examination results will be made available through academic departments or posted to the student's permanent or correspondence address, if not available during a Semester.

USE OF UNFAIR MEANS IN THE ASSESSMENT PROCESS (non-invigilated exams): ADVICE TO STUDENTS²

The University expects its graduates to have acquired certain attributes (see the Sheffield Graduate³). Many of these relate to good academic practice:

- a critical, analytical and creative thinker;
- an independent learner and researcher;
- information literate and IT literate;
- a flexible team worker;
- an accomplished communicator
- competent in applying their knowledge and skills;
- professional and adaptable.

Throughout your programme of studies at the University you will learn how to develop these skills and attributes. Your assessed work is the main way in which you demonstrate that you have acquired and can apply

² The Advice to Students on the Use of Unfair Means in the Assessment Process applies to students in the Sheffield-based Faculties. Additional Advice applies to students at City College (<https://www.citycollege.sheffield.ac.uk/frontend/articles.php?cid=427&t=Regulations-and-Policies>)

³ <https://www.sheffield.ac.uk/skills/sga>

them. Using unfair means in the assessment process is dishonest and means that you cannot demonstrate that you have acquired these essential academic skills and attributes.

What constitutes unfair means?

The basic principle underlying the preparation of any piece of academic work is that the work submitted must be your own work. **Plagiarism, submitting bought or commissioned work, double submission (or self-plagiarism), collusion and fabrication of results** are not allowed because they violate this principle (see definitions below). Rules about these forms of cheating apply to all assessed and non-assessed work.

1. **Plagiarism (either intentional or unintentional)** is using the ideas or work of another person (including experts and fellow or former students) and submitting them as your own. It is considered dishonest and unprofessional. Plagiarism may take the form of cutting and pasting, taking or closely paraphrasing ideas, passages, sections, sentences, paragraphs, drawings, graphs and other graphical material from books, articles, internet sites or any other source and submitting them for assessment without appropriate acknowledgement.
2. **Submitting bought or commissioned work** (for example from internet sites, essay “banks” or “mills”) is an extremely serious form of plagiarism. This may take the form of buying or commissioning either the whole piece of work or part of it and implies a clear intention to deceive the examiners. The University also takes an extremely serious view of any student who sells, offers to sell or passes on their own assessed work to other students.
3. **Double submission (or self-plagiarism)** is resubmitting previously submitted work on one or more occasions (without proper acknowledgement). This may take the form of copying either the whole piece of work or part of it. Normally credit will already have been given for this work.
4. **Collusion** is where two or more students work together to produce a piece of work, all or part of which is then submitted by each of them as their own individual work. This includes passing on work in any format to another student. Collusion does not occur where students involved in group work are encouraged to work together to produce a single piece of work as part of the assessment process.
5. **Fabrication** is submitting work (for example, practical or laboratory work) any part of which is untrue, made up, falsified or fabricated in any way. This is regarded as fraudulent and dishonest.
6. **Facilitating the use of unfair means** is where any student assists a fellow student in using any of the forms of unfair means defined above, for example in submitting bought or commissioned work.

How can I avoid the use of unfair means?

To avoid using unfair means, any work submitted must be your own and must not include the work of any other person, unless it is properly acknowledged and referenced.

As part of your programme of studies you will learn how to reference sources appropriately in order to avoid plagiarism. This is an essential skill that you will need throughout your University career and beyond. You should follow any guidance on the preparation of assessed work given by the academic department setting the assignment.

You are required to **declare that all work submitted is entirely your own work**. Many departments will ask you to attach a declaration form to all pieces of submitted work (including work submitted online). Your department will inform you how to do this.

If you have any concerns about appropriate academic practices or if you are experiencing any personal difficulties which are affecting your work, you should consult your personal tutor, supervisor or another member of staff involved.

The following websites provide additional information on referencing appropriately and avoiding unfair means:

The **Library** provides online information literacy skills tutorials:

<http://www.shef.ac.uk/library/services/infoskills.html>

The **Library** also has information on reference management software:

<http://www.shef.ac.uk/library/refmant/refmant.html>

The **English Language Teaching Centre** operates a **Writing Advisory Service** through which students can make individual appointments to discuss a piece of writing. This is available for all students, both native and non-native speakers of English.

<http://www.sheffield.ac.uk/eltc/languagesupport/writingadvisory>

What happens if I use unfair means?

Any form of unfair means is treated as a serious academic offence and action may be taken under the Discipline Regulations. For a student registered on a professionally accredited programme of study, action may also be

taken under the Fitness to Practise Regulations. Where unfair means is found to have been used, the University may impose penalties ranging from awarding no grade for the piece of work or failure in a PhD examination through to expulsion from the University in extremely serious cases.

Detection of Unfair Means

The University subscribes to a national plagiarism detection service which helps academic staff identify the original source of material submitted by students. This means that academic staff have access to specialist software that searches a database of reference material gathered from professional publications, student essay websites and other work submitted by students. It is also a resource which can help tutors and supervisors to advise students on ways of improving their referencing techniques. Your work is likely to be submitted to this service.

REGULATION XIX:

General Regulations relating to the Progress of Students¹

CONDUCT OF REVIEW

1. A review of the progress of a student registered as a candidate for any Degree or other qualification will be conducted by the Faculty under the following Regulations or by the Faculty Student Review Committee to which the Faculty has delegated this function.
2. A student's progress may be reviewed if the student is reported by a Head of Department to the Vice-President of the relevant Faculty for review on any one or more of the following grounds:
 - (a) failure to attend regularly, or as specified in the relevant Regulations, the programme of study for which the student has registered;
 - (b) failure to perform adequately the work of the programme;
 - (c) failure to present at the times appointed such written work as may have been required;
 - (d) failure to pass an examination;
 - (e) failure to pursue the programme of research or to co-operate appropriately with the appointed supervisor;
 - (f) failure to demonstrate a satisfactory level of professional competence in the programme of study or research.

The purpose of the review will be to determine whether the student will be permitted to continue the programme of study, and if so on what terms and all aspects of the student's record may be taken into consideration. Where successful conclusion of the programme of study leads to professional practice, that may be taken into consideration.
3. The Vice-President or another Officer of the Faculty will offer any student whose progress is to be reviewed the opportunity to bring before the Faculty or the Committee considerations affecting the case.
4. The Faculty or the Committee will have power:
 - (a) to exclude or suspend the student from further attendance at lectures, classes and examinations in the Faculty;
 - (b) to suspend the student from attendance at lectures and classes in the Faculty but with permission to take examinations;
 - (c) to exclude or suspend the student from candidature for the Higher Degree for which the student is registered;
 - (d) to require that the student transfers to an alternative programme of study;
 - (e) to permit the student to continue the programme of study unconditionally or subject to such requirements of an academic nature as may be imposed, provided that, in the absence of special circumstances, an undergraduate student registered for a full-time programme of study will not be permitted to repeat with attendance more than one year of the programme of study.
5. The despatch of a letter to a student's address last notified to the Student Support Services Department will fulfil any requirements of giving notice or information to the student under these Regulations.
6. A student who has been excluded from attendance at lectures, classes and examinations in any Faculty may register in another Faculty only with the permission of the Faculty and the latter Faculty.

RIGHT OF APPEAL

7. The decision of the Faculty or Committee will be reported to the Chief Operating Officer, or their nominee, who will inform the student of the decision and of the effect of this Regulation. A student wishing to appeal against the decision to the Senate Appeals Panel will give notice in writing within 15 working days of the date of the letter of notification and the notice will contain a statement of the grounds for appeal. A Vice-President may extend the time-limit imposed by this Regulation.
8. A student may only appeal against a decision of the Panel upon one or more of the following grounds:
 - (a) that there was a material procedural irregularity which rendered the process leading to the initial decision unfair;

¹ Regulations 1-6 apply to students in all Faculties and City College. Regulations 7-10 apply only to students in the Sheffield-based Faculties. Separate Regulations apply to students at City College (<http://www.citycollege.sheffield.eu/frontend/articles.php?cid=427&t=Regulations-and-Policies>).

- (b) that material which the student could not reasonably have been expected to produce at the time of the initial decision casts substantial doubt upon the appropriateness of that decision;
 - (c) that the initial decision was manifestly unreasonable.
9. Appeals are considered by the Senate Appeals Panel. The Senate Appeals Panel may confirm, vary or quash the decision of the Faculty or Committee and may exercise any of the powers conferred upon the Faculty or Committee by the foregoing Regulations. The Senate Appeals Panel will have no power to vary any decision made by Examiners.
10. The student will be informed of the decision of the Senate Appeals Panel.

INDEPENDENT REVIEW

11. The Office of the Independent Adjudicator for Higher Education (OIA) runs an independent scheme to review student complaints. The University of Sheffield is a member of this scheme. If the student is unhappy with the outcome they may be able to ask the OIA to review their case. Information about making a complaint to the OIA, what it can and cannot look at, and what it can do to put things right is at: <https://www.oiahe.org.uk/students>.

The student normally needs to have completed the Appeal process before they can complain to the OIA. The student will receive a “Completion of Procedures Letter” when they have reached the end of the procedure, and there are no further steps they can take internally.

REGULATION XX:

General Regulations relating to Academic Appeals

1. A student may apply under these Regulations for a recommended grade for any unit or Degree classification or examination result to be re-considered in the light of new evidence.

GROUNDS FOR APPEAL

2. For these purposes, “new evidence” is defined as:
 - (a) procedural error either by the Examiners or during the recording, transcription and reporting of the examination results and additionally, in the case of Higher Degrees by Research, evidence of negligence or misconduct on the part of an Examiner;
 - (b) extenuating circumstances which the student was unable to place, or for valid reasons did not place, before the Examiners;
 - (c) evidence of a failure of supervision which significantly affected the student’s performance and which could not reasonably be expected to have been the subject of complaint by the student to the Head of Department or the Vice-President of the Faculty before the examination.

These are the only grounds on which representations can be made. Appeals will not be considered against the academic judgement of the Examiners. Representations may, however, be made in cases where the Examiners have recommended, in response to a student using unfair means in an examination, that a credit or examination result be refused or a grade reduced.

PROCEDURE

Reference in these Regulations to the Vice-President means the Vice-President of the relevant Faculty and includes any person authorised to act on their behalf.

3. A student who wishes to place such new evidence before the Faculty will apply in writing, setting out clearly the facts which the student wishes the Faculty to consider and showing how those facts constitute new evidence as here defined. The application must be made to the Vice-President:
 - (a) within 30 working days of the publication of the examination result in the case of a candidate for a Higher Degree by Research; *or*
 - (b) within 15 working days of the publication of the examination result in any other case.

The Vice-President may extend the time limit imposed by this Regulation.

For the purposes of these Regulations, the date of publication of examination results means the date upon which the examination results are first made available to students in the relevant Department, even though the results are still subject to confirmation by the Faculty and the Senate.

4. After consulting the Head of Department, the Vice-President may:
 - (a) determine that the appeal be upheld; *or*
 - (b) convene an Academic Appeals Committee of the Faculty to hear the case; *or*
 - (c) refer a case to the Senate Discipline Panel for action under the Regulations as to the Discipline of Students where representations have been made by a student using unfair means (or alleged to have used unfair means) in an examination; *or*
 - (d) determine that there is no substantive case for appeal.

ACADEMIC APPEALS COMMITTEE

5. The Academic Appeals Committee will comprise:
 - (a) in the case of an appeal by a student for a Higher Degree by Research:
 - (i) the Vice-President or nominated representative;
 - (ii) two other members of the Faculty;
 - (iii) two members of another Faculty;
 - (b) in any other case:
 - (i) the Vice-President or nominated representative;
 - (ii) not less than two and not more than four other members of the Faculty.
6. The student may opt either:
 - (a) for the appeal to be dealt with on written submissions; *or*

- (b) for an oral hearing (at which the student may choose to be accompanied by a friend or adviser).
7. Where the appeal is to be dealt with on written submissions, the Committee will receive:
 - (a) the material submitted by the student;
 - (b) any written comments made on that material by or on behalf of the Head of Department and, where appropriate, by the Supervisor; *and*
 - (c) any written comments made by the student on the material submitted under (b) above.
 8. Where there is an oral hearing, the Committee will hear oral submissions by or on behalf of the student, the Head or other representative of the Department, and where appropriate the Supervisor. The student may comment on the submissions made by others. In any case in which factual matters are in dispute, the Committee will investigate the facts, and may invite appropriate persons to attend to assist; during this process, the student may be present and may ask questions, make comments, and produce other persons who can provide information or testimony.
 9. The Committee will reconsider the grade, classification, result or other subject of the appeal in the light of the material available to it. Except as provided above, no person other than members of the Committee and its Secretary will be present during its deliberations.
 10. The Vice-President or the Committee will report to the Faculty and may make any recommendation as to the subject matter of the appeal as could, under the relevant Regulations, have been made by the Examiners.
 11. Where the substance of the appeal concerns acts or omissions of the Vice-President, and in any other case where it is inappropriate for the Vice-President to act under these Regulations, the Vice-President will appoint a Deputy.
 12. Where a student is not satisfied with the decision taken in respect of the academic appeal they may request a Case Review in writing within 10 working days of the letter of notification and in accordance with the Student Complaints Procedure at <https://www.shef.ac.uk/ssid/complaints-and-appeals/complaints>, stating their grounds for the request.

INDEPENDENT REVIEW

13. The Office of the Independent Adjudicator for Higher Education (OIA) runs an independent scheme to review student complaints. The University of Sheffield is a member of this scheme. If the student is unhappy with the outcome they may be able to ask the OIA to review their case. Information about making a complaint to the OIA, what it can and cannot look at, and what it can do to put things right can be found at: <https://www.oiahe.org.uk/students>.
The student normally needs to have completed the Case Review process before they can complain to the OIA. The student will receive a “Completion of Procedures Letter” when they have reached the end of the procedure, and there are no further steps they can take internally.

REGULATION XXI:

General Regulations relating to Student Fitness to Practise

These Regulations relate to students following programmes specified in the published Fitness to Practise Procedures. In these cases, the University has a responsibility (and in some instances a statutory obligation) to ensure that students are fit to practise in the relevant profession and that they meet or are likely to meet the requirements of the relevant professional body.

1. Any concerns about a student (which might become the subject of proceedings under these Regulations) will be reported to the Head of Department.
2. Matters which may give rise for concern may include any health condition, behaviour or attitude which may affect the student's fitness to practise in the relevant profession.

INITIAL INVESTIGATION

Reference in these Regulations to the Vice-President means the Vice-President of the relevant Faculty and includes any person authorised to act on their behalf.

3. On receipt of information regarding any areas of concern, the Head of Department will instigate an initial investigation into the matter. The student will be informed in writing of the concerns and will be given the opportunity to make representations in person or in writing.
4. Following the initial investigation, the Head of Department may decide to:
 - (a) take no further action under these Regulations;
 - (b) make a recommendation that the case is considered by the Faculty Fitness to Practise Committee.

SUSPENSION OF STUDENTS

5. Pending the completion of proceedings under these Regulations, the Head of Department may, with the agreement of the Vice-President, suspend the student from studies on the programme, any practice components or from both studies and practice components, and may include other requirements within the terms of the suspension. The Vice-President may take action under this Regulation only to protect the University community in general or a particular member of members of that community or members of the public and will limit the scope of any suspension to that which is, in their opinion, necessary to achieve that object. The Head of Department will notify the student in writing of the terms of the suspension.
6. Before exercising powers under the preceding Regulation, the Vice-President will give the student concerned an opportunity to make representations in person or in writing. In cases of great urgency the Vice-President may suspend a student with immediate effect, and without giving any such opportunity, for a period of not more than five working days, and will in any such case review the suspension at or before the end of that period, having in the meantime given the student concerned an opportunity to make representations in person or in writing.
7. The Vice-President will review any suspension every 20 working days in the light of any developments and any representations made by or on behalf of the student.

PROCEDURE WHEN MATTER REFERRED TO A FITNESS TO PRACTISE COMMITTEE

8. There will be a Faculty Fitness to Practise Committee which will consist of:
 - (a) the Vice-President or nominated representative;
 - (b) one member of the academic staff from the Department in which the student is registered who will normally be registered with the relevant professional regulatory body;
 - (c) one member of academic staff from another Faculty or a member of academic staff from another University or other relevant institution or body.
9. The student will be given at least 15 working days' notice in writing of the date upon which the Committee will meet. If the student fails to attend the hearing, the Committee may proceed in the absence of the student if it is satisfied that due notice of the meeting has been given or may adjourn to a later date.
10. The hearing will be in private. The student may attend and be accompanied at the hearing by a friend or representative, whether legally qualified or not. The representative may speak and act on behalf of the student.

11. The Committee will have power:
 - (a) to decide that the grounds for concern are not made out, in which case the Committee may recommend the removal of any suspension imposed under Regulation 5;
 - (b) to permit the student to continue with the programme, either unconditionally or subject to such requirements pertaining to the programme as may be imposed;
 - (c) to suspend the studies of the student for a specified time;
 - (d) to require the student to repeat a specified part or parts of the programme;
 - (e) to require any other action considered appropriate by the Committee to enable the student's successful completion of the remainder of the programme;
 - (f) to exclude the student from further study on a programme leading to a professional qualification but permit registration for an alternative programme;
 - (g) to exclude the student from further study in the Faculty.
12. The despatch of a letter to a student's address last notified to the Student Support Services Department will fulfil any requirements of giving notice or information to the student under these Regulations.
13. A student who has been excluded from attendance at lectures, classes and examinations in any Faculty may register in another Faculty only with the permission of the latter Faculty.

RIGHT OF APPEAL

14. The Chief Operating Officer will notify the student of the decision and of the effect of this Regulation. A student may appeal against a decision of the Committee upon one or more of the following grounds:
 - (a) that there was a material procedural irregularity which rendered the process leading to the initial decision unfair;
 - (b) that material of which the student could not reasonably have been expected to have been aware of at the time of the initial decision casts substantial doubt upon the appropriateness of that decision;
 - (c) that the initial decision was manifestly unreasonable.
15. Notice of appeal, specifying which of the grounds listed in the preceding Regulation is relied upon, will be given to the Chief Operating Officer within 15 working days of the date of the letter of notification to the student of the decision. The Chief Operating Officer will refer the appeal to the Senate Appeals Panel.
16. The Senate Appeals Panel may confirm, vary or quash the original decision and may exercise any of the powers conferred on the Faculty Fitness to Practise Committee by the foregoing Regulations.
17. The Chief Operating Officer will notify the student of the decision of the Senate Appeals Panel.
18. Reference in these Regulations to the Chief Operating Officer includes any person authorised to act on their behalf.

INDEPENDENT REVIEW

19. The Office of the Independent Adjudicator for Higher Education (OIA) runs an independent scheme to review student complaints. The University of Sheffield is a member of this scheme. If the student is unhappy with the outcome they may be able to ask the OIA to review their case. Information about making a complaint to the OIA, what it can and cannot look at, and what it can do to put things right is at: <https://www.oiahe.org.uk/students>.
The student normally needs to have completed the Appeal process before they can complain to the OIA. The student will receive a "Completion of Procedures Letter" when they have reached the end of the procedure, and there are no further steps they can take internally.

REGULATION XXII:

Regulations relating to the Discipline of Students

1. This Regulation applies to all students in the Sheffield-based Faculties. Separate Regulations apply to students at City College

PROCEDURE

Reference in these Regulations to the Chief Operating Officer includes any person or delegate authorised to act on their behalf, to include, but not limited to, the Director of Student Support Services and the Head of Student Administration Service, and responsibilities and powers may also be delegated as appropriate to the Student Conduct and Appeals Team.

The Chief Operating Officer has the discretion to vary the procedures in the following paragraphs if it would be appropriate to do so.

REPORTS OF ALLEGED MISCONDUCT

Unfair Means in the Assessment Process of the University

5. Reports of unfair means in the assessment process, will initially be considered by the relevant academic department who may investigate and respond to the matter. Matters which are considered serious may be reported to the Chief Operating Officer for consideration for referral to a Summary Hearing at paragraphs 18-26 of this Regulation or a Senate Discipline Panel at paragraphs 27-40 of this Regulation.

Misconduct in Accommodation Owned, Managed or Leased by the University

6. Reports of misconduct in accommodation owned, managed or leased by the University, will initially be considered by the Director of Accommodation and Commercial Services, or any person authorised to act on their behalf, who may appoint an Investigator to:
 - (a) review the available information and make enquiries in order to obtain additional information and evidence, to include witness statements, as they consider appropriate;
 - (b) notify the student that a report of misconduct has been received and that an investigation is being conducted, unless the Investigator considers there is good reason not to do so;

- (c) require as appropriate, that the student does not contact, or attempt to contact, directly or indirectly, by any means whatsoever, the individual(s) making the report or any witness or any other person involved in the matter;
 - (d) require that the student respect the confidential nature of the investigation and any evidence obtained;
 - (e) require the student to attend an interview, of which the student will receive notice, and sufficient information to allow them to respond to the report of misconduct, at least 3 working days beforehand. The interview will be private and the student may be accompanied by a friend or representative. The student will be required to give details of any friend or representative in advance of the interview;
 - (f) make further enquiries in order to obtain additional information and evidence, to include witness statements, as the Investigator considers appropriate.
7. Upon the investigator being satisfied that the investigation is completed, they may decide to:
- (a) take no further action; *or*
 - (b) issue a written warning to the student; *or*
 - (c) impose one or more of the following penalties:
 - (i) with the consent of the student, a requirement that the student gives an undertaking as to their future conduct in such terms and containing such conditions as the Investigator may prescribe, breach of the undertaking to constitute misconduct;
 - (ii) a fine of not more than £200;
 - (iii) the payment of compensation in a sum not to exceed £500 for loss or damage to property caused by the student;
 - (iv) exclusion of the student from any part of the accommodation owned, managed or leased by the University or from specified activities taking place in the accommodation for a stated period of time; *or*
 - (d) report the matter to the Chief Operating Officer for consideration for referral to a Summary Hearing at paragraphs 18-26 of this Regulation; *or*
 - (e) report the matter to the Chief Operating Officer for consideration for referral to a Senate Discipline Panel at paragraphs 27-40 of this Regulation.
8. The student will receive written confirmation of the Investigator's decision, and where a penalty has been imposed, information on their right of review and appeal.
9. Where the Investigator imposes one or more of the penalties at paragraph 7(c) above, the student may request a review of the decision by the Director of Accommodation and Commercial Services upon one or more of the following grounds:
- (a) that there was a material procedural irregularity which rendered the process leading to the initial decision unfair;
 - (b) that the penalty imposed was too severe as being disproportionate to the gravity of the act or of misconduct;
 - (c) that material of which the student could not reasonably have been expected to have been aware at the time of the initial decision casts substantial doubt upon the appropriateness of that decision.
10. The student must give notice of the request for a review in writing, specifying which of the grounds listed in the preceding paragraph is relied upon, to the Director of Accommodation and Commercial Services.
11. The Director of Accommodation and Commercial Services may:
- (a) quash the decision; *or*
 - (b) substitute a different penalty; *or*
 - (c) refer either the matter as a whole or the decision as to penalty for reconsideration by a different Investigator; *or*
 - (d) refer either the matter as a whole or the decision as to penalty for reconsideration to a Summary Hearing at paragraphs 18-26 of this Regulation or to a Senate Discipline Panel Hearing at paragraphs 27-40 of this Regulation.

Contractual Powers of the Director of Accommodation and Commercial Services

12. This Regulation will be without prejudice to the rights of the Director of Accommodation and Commercial Services or the University under any residence contract entered into by the student or as the owner or occupier of the premises comprising accommodation owned, managed or leased by the University for example requiring the student to move to alternative accommodation or serving Notice to Quit.

Other Misconduct

13. Other reports of misconduct will be considered by the Chief Operating Officer in order to:
- (a) determine that no further action be taken under this Regulation; *or*
 - (b) refer the matter for consideration in line with another procedure such as, but not limited to, the Bullying and Harassment Procedure; the Messages of Concern Procedure; the Fitness to Practise Procedure; the Regulations on the Use of IT Facilities; the Regulations Relating to the Library; Sport Sheffield Code of Conduct; the Students' Union Disciplinary Procedure; or under General Regulation 24 concerning Ethics Approval; *or*
 - (c) refer the matter to a Summary Hearing at paragraphs 18-26 of this Regulation; *or*
 - (d) refer to a Senate Discipline Panel Hearing at paragraph 27 of this Regulation; *or*
 - (e) appoint an Investigator to investigate the matter in line with paragraphs 14-15 of this Regulation.

INVESTIGATION

14. The Investigator may:
- (a) review the available information and make enquiries in order to obtain additional information and evidence, to include witness statements, as they consider appropriate;
 - (b) notify the student that a report of misconduct has been received and that an investigation is being conducted, unless the Investigator considers there is good reason not to do so;
 - (c) require as appropriate, that the student does not contact, or attempt to contact, directly or indirectly, by any means whatsoever, the individual(s) making the report or any witness or any other person involved in the matter;
 - (d) require that the student respect the confidential nature of the investigation and any evidence obtained;
 - (e) require the student to attend an interview of which the student will be given notice and sufficient information to allow them to respond to the report of misconduct, at least 3 working days beforehand. The interview will be private and the student may be accompanied by a friend or representative. The student will be required to give details of any friend or representative in advance of the interview;
 - (f) make further enquiries in order to obtain additional information and evidence, to include witness statements, as the Investigator considers appropriate.
15. Upon the Investigator being satisfied that the investigation is completed they may decide to:
- (a) take no further action; *or*
 - (b) issue a written warning to the student; *or*
 - (c) impose one or more of the following penalties where the student admits the misconduct:
 - (i) with the consent of the student, a requirement that the student gives an undertaking as to their future conduct in such terms and containing such conditions as the Investigator may prescribe, breach of the undertaking to constitute misconduct;
 - (ii) a fine of not more than £200;
 - (iii) the payment of compensation in a sum not to exceed £500 for loss or damage to property caused by the student; *or*
 - (d) report the matter to the Chief Operating Officer for consideration for referral to a Summary Hearing at paragraphs 18-26 of this Regulation; *or*
 - (e) report the matter to the Chief Operating Officer for consideration for referral to a Senate Discipline Panel at paragraphs 27-40 of this Regulation.

The student will receive written confirmation of the Investigator's decision, and where a penalty has been imposed, information on their right of appeal. A request to formalise any undertaking will normally be made at this time.

REFERRAL TO A SUMMARY HEARING OR SENATE DISCIPLINE PANEL HEARING

16. In determining whether a report of misconduct is to be referred to a Summary Hearing or to a Senate Discipline Panel Hearing, consideration may be given to, but not limited to, the following factors:
- (a) the seriousness of the misconduct;
 - (b) the harm or damage caused or which could have been caused by the misconduct;
 - (c) the advantage gained or which could have been gained by the student as a result of the misconduct;
 - (d) the intent and planning involved in the misconduct;
 - (e) the impact of the misconduct on the University community in general or a particular member or members of that community or members of the public;
 - (f) the impact of the misconduct on the University's good name and reputation;
 - (g) whether the student has admitted to the misconduct and when such an admission took place;
 - (h) whether the student has engaged and cooperated with the disciplinary process;
 - (i) whether the student has shown remorse and/or insight into the impact of the misconduct;
 - (j) any previous misconduct by the student;
 - (k) any breach of an undertaking previously given by the student.

CRIMINAL OFFENCES

17. When the matter appears to disclose the commission of a serious criminal offence it is normally expected that the matter will be reported to the police. Where the offence potentially falls within the scope of these Regulations, the Chief Operating Officer will decide whether internal discipline procedures should be started. If started they would normally be adjourned pending the outcome of the police investigation. However, the fact that criminal proceedings have not concluded does not preclude the University from taking its own disciplinary action under these Regulations, particularly in relation to allegations of minor criminal offences. Similarly, if the police are unable or unwilling to proceed with the alleged offence, this also does not always preclude the University from taking disciplinary action under these Regulations. Where a student has been convicted and sentenced by a criminal court, the verdict of the court will not be open to challenge in proceedings initiated under these Regulations and the sentence will be taken into consideration in determining the penalty under these Regulations.

SUMMARY HEARING

18. When the matter is referred to a Summary Hearing, a member of the Discipline Pool will act as Chair and a Secretary will normally be drawn from the Student Conduct and Appeals Team.
19. The Secretary will:
- (a) notify the student of the acts of misconduct alleged and that the matter has been referred to a Summary Hearing;
 - (b) supply to the student and the Chair copies of any documents or written statements on which it is proposed to rely in support of the charges;
 - (c) require the student to attend a Summary Hearing of which the student will be given at least five working days' notice;
 - (d) ask the student to confirm in writing not later than three working days before the Summary Hearing whether the charge is admitted or denied and whether they are to attend the Hearing in person with or without a friend or representative, and to provide the details of any such friend or representative;
 - (e) invite the student to submit a written statement not less than three working days before the hearing.
20. Where a student has good reason for not being able to attend the Hearing they may request an adjournment to another date. Where for example they will not be in the UK at the time of the hearing, consideration will be given to the student being able to participate in the Hearing via electronic means such as telephone or Skype.
21. The Hearing will be in private and the student may be accompanied at the Hearing by a friend or representative, whether legally qualified or not, who may speak and act on behalf of the student.
22. The student may make representations relevant to the question of the penalty to be imposed. Where the charge warrants an evaluation of the risk to the student(s) involved, the University community in general or a particular member or members of that community or members of the public, a risk assessment provided by the University Security Services may be considered. The Chair will then determine the penalty to be imposed.

23. The Chair may impose any one or more of the following penalties:
- (a) a reprimand;
 - (b) with the consent of the student, a requirement that the student gives an undertaking as to future conduct in such terms and containing such conditions as the Chair may prescribe, breach of the undertaking to constitute misconduct;
 - (c) in the case of the use of unfair means in the assessment process of the University in relation to taught programmes of study, refusal of credit for any or all units for which the student is registered (with no grade being returned) or failure of a part thereof, or a reduction of grade for any or all units for which the student is registered or a part thereof;
 - (d) a fine of not more than £200;
 - (e) the payment of compensation in a sum not to exceed £500 for damage to property or loss or injury to any person caused by the student.
24. If the student fails to confirm that the charge is admitted, or fails to attend the Hearing, or the Chair considers that the available penalties are insufficient, the Chair may refer the matter to the Senate Discipline Panel (of which they will not be a member) and may give directions as to the procedure to be followed in preparing for a Hearing of the matter by that Panel.
- The Discipline Chair will (in the absence of all other persons other than the Secretary) consider the statements made and material presented, in order to determine the outcome, to include any penalty to be imposed.
25. Once the decision is made, the student and any other persons will return to the Hearing and the Chair will inform the student of their decision.
26. After the Hearing, the Secretary will send the student written confirmation of the Chair's decision, and information on the student's right of appeal. A request to formalise any undertaking will normally be made at this time.

SENATE DISCIPLINE PANEL HEARING

27. Where the matter is referred to a Senate Discipline Panel, the Chief Operating Officer may appoint an Officer, and a Secretary will normally be drawn from the Student Conduct and Appeals Team.
28. The Secretary will, at least 15 working days beforehand:
- (a) notify the student of the acts of misconduct alleged and that the matter has been referred to a Hearing;
 - (b) supply to the student and the Chair copies of any documents or written statements on which it is proposed to rely in support of the charges;
 - (c) notify the student of the date of the Hearing;
 - (d) ask the student to confirm in writing not later than five working days before the Hearing whether the charge is admitted or denied and whether they are to attend the Hearing in person with or without a friend or representative, and to provide the details of any such friend or representative;
 - (e) invite the student to submit a written statement not less than three working days before the Hearing.
29. The Hearing may be held in person or via a virtual means or a combination of the two. Where a student has good reason for not being able to attend the Hearing they may request an adjournment to another date.
30. The student may request to bring a witness or witnesses to the Hearing and will be asked to provide the name of each witness and a copy of each witness' written statement not less than five working days before the Hearing.
31. The student will be asked to indicate in writing of any wish to question at the Hearing the maker of any written statement on which it is proposed to rely in support of the charges.
32. A Chair of the Discipline Pool (who may, but need not be, the person appointed to take the Chair of the Senate Discipline Panel dealing with the matter) may give directions as to the procedure to be followed in preparing for the Hearing (which may include directions varying the time-limits in this Regulation where the student would not be prejudiced thereby; whether an adjournment be granted; whether the student or any other party may participate in the Hearing via virtual means; whether witnesses may be called and whether the student can ask them questions directly or through the Chair of the Senate Discipline Panel dealing with the matter), being directions designed to ensure a fair and speedy

- resolution.
33. The Hearing will be in private. The student may be accompanied at the Hearing by a friend or representative, whether legally qualified or not. Any officer may be similarly accompanied. A representative may speak and act on behalf of the student or the officer as the case may be. If the student has not already admitted the charge, each charge will at the Hearing be put to the student who will be invited to admit or deny it. If the student does not admit the charge, the Hearing will proceed as though the student denied the charge.
 34. If the charge is denied, the burden of proof will be on the University to prove that the charge is made out. Where an officer is appointed, they will present the facts alleged and present material in support of the charge (which may take the form of oral or written statements by witnesses or of documents or digital images). The student may then make a statement and present material in refutation of the charge. The student and any officer appointed may each ask questions and comment upon the material presented by the other party. The Panel may itself ask questions or seek additional material (any such material to be open to question and comment by either party) and may adjourn from time to time as seems expedient. The Panel will then (in the absence of all other persons) decide whether, on the balance of probabilities, it is satisfied on the material before it that the charge is made out. Once the decision is made, the student and other persons will return to the Hearing and the Chair will inform the student of the Panel's decision as to whether the charge is made out.
 35. If the charge is admitted, or the Panel finds the charge made out, the student, and any officer appointed, may make statements and present material relevant to the question of the penalty to be imposed. The burden of proof will be on the student to prove any mitigating circumstances presented. Where the charge warrants an evaluation of the risk to the student(s) involved, the University community in general or a particular member or members of that community or members of the public, a risk assessment provided by the University Security Services may be considered. The Panel will then (in the absence of all other persons) consider the statements made and material presented on the balance of probabilities, in order to determine the penalty to be imposed.
 36. If the student fails to attend the Hearing, the Panel may proceed if it is satisfied that due notice of the meeting has been given, or may adjourn to a later date. If the Panel acts in the absence of the student it will proceed as if the student denied the charge unless it is satisfied that the student has voluntarily provided a written admission of the charge as specified.
 37. The Senate Discipline Panel may impose any one or more of the following penalties:
 - (a) a reprimand;
 - (b) with the consent of the student, a requirement that the student gives an undertaking as to future conduct in such terms and containing such conditions as the Panel may prescribe, breach of the undertaking to constitute misconduct;
 - (c) in the case of the use of unfair means in the assessment process of the University in relation to taught programmes of study, refusal of credit for any or all units for which the student is registered (with no grade being returned) or failure of a part thereof, or a reduction of grade for any or all units for which the student is registered or a part thereof, with or without the right to enter for a subsequent examination in respect of that unit or part thereof;
 - (d) in the case of the use of unfair means in the assessment process of the University in relation to:
 - (i) the confirmation review of a Higher Degree by Research (or upgrade procedure for a Higher Degree by Research, for students whose initial registration was prior to August 2012), failure in the examination with or without the right to submit a revised confirmation review, in the latter case the student will be required to become a candidate for a Master's degree (or in the case of an upgrade, remain a candidate for a Master's degree); *or*
 - (ii) the final thesis of a Higher Degree by Research, failure in the examination with or without a right to submit a revised thesis, or for a candidate for the Degree of PhD, PhD with Integrated Studies, PhD in an EPSRC Doctoral Training Centre, DEdCPsy, DMedSci, EdD, DBA, DDS, EngD or MD failure in the examination with the right to be considered by the Examiners for the award of a Master's Degree;
 - (e) a fine of not more than £750;
 - (f) the payment of compensation in a sum not to exceed £1,000 for damage to property or loss or injury to any person caused by the student;
 - (g) exclusion for a stated period or permanently from any part of the University or from the use of

- any of the facilities of the University;
 - (h) suspension for a stated period or permanently from any of the University's activities;
 - (i) suspension for a stated period from membership of the University;
 - (j) expulsion from membership of the University.
38. Any student on whom the penalty of expulsion from membership of the University has been imposed is no longer eligible to be registered for a programme of study or a component of a programme of study or to be awarded a qualification from the University.
39. Once the decision as to penalty is made, the student and other persons will return to the Hearing and the Chair will inform the student of the Panel's decision as to penalty.
40. After the Hearing, the Secretary will send the student written confirmation of the Panel's decision, and information on the student's right of appeal. A request to formalise any undertaking will normally be made at this time.

APPEALS

41. The student may appeal from a decision of the Senate Discipline Panel or of a Chair of the Discipline Pool or of the Investigator or of the Director of Accommodation and Commercial Services to the Senate Discipline Appeals Panel upon any one or more of the following grounds:
- (a) that there was a material procedural irregularity which rendered the process leading to the initial decision unfair;
 - (b) that the penalty imposed was too severe as being disproportionate to the gravity of the charge admitted or found to have been made out;
 - (c) that material of which the student could not reasonably have been expected to have been aware at the time of the initial decision casts substantial doubt upon the appropriateness of that decision.
42. Notice of appeal, specifying which of the grounds listed in the preceding paragraph is relied upon, will be given, within 15 working days of the notification to the student of the decision of the Senate Discipline Panel or of the decision of the Chair of the Discipline Pool or of the decision of the Investigator or the Director of Accommodation and Commercial Services, to the Chief Operating Officer who will refer the appeal to a Senate Discipline Appeals Panel Hearing.

The student and any officer may each address the Appeals Panel as to the grounds of the appeal, and the student may reply to the arguments adduced by any officer.

 - (b) substitute a different penalty; *or*
 - (c) refer either the matter as a whole or the decision as to penalty for rehearing by a differently-constituted Senate Discipline Panel or by a different disciplinary procedure established under this Regulation.
50. The Appeals Panel will (in the absence of all other persons) consider the statements made and material presented, in order to decide the outcome of the student's appeal.

51. Once the decision as to the student's appeal is made, the student and other persons will return to the Hearing and the Chair will inform the student of the Appeals Panel's decision.
52. After the Appeals Hearing, the Secretary will send the student written confirmation of the Senate Appeal Panel's decision, and a Completion of Procedures Letter.

If the student objects to the Chair of a Panel, the members of that Panel shall determine whether the Chair be excluded from consideration of the case and a new Chair appointed.

PRECAUTIONARY MEASURES AND THE SUSPENSION OF STUDENTS

60. Reference in these Regulations to the President & Vice-Chancellor includes the Provost & Deputy Vice-Chancellor and reference to the Vice-President means the Vice-Presidents for Education, Innovation and Research, and their Deputies.
61. The putting in place of precautionary measures or a suspension is a neutral act and does not indicate that the University has concluded that the student is guilty of misconduct and/or a criminal offence; it is a temporary measure pending the outcomes of the completion of proceedings under these Regulations, the trial of the charges or the completion of the police investigation.
62. A student who is the subject of a report of misconduct or against whom a criminal charge, criminal trial or appeal, police investigation is pending may be subject to precautionary measures or a suspension or exclusion pending the completion of proceedings under these Regulations, the trial of the charges or the completion of the police investigation.
63. A Risk Assessment Panel will be convened where there are circumstances involving a student or students which warrant an evaluation of the risks to the students involved, the University community in general or a particular member or members of that community or members of the public or to the carrying out of a full and proper investigation.
64. The Risk Assessment Panel will be chaired by the Director of Student Support Services or their nominee, and will usually include representatives from Student Support and Guidance, Security, Student Conduct and Appeals, the Academic Department(s) for the students involved and/or affected, and may also include, subject to the circumstances of the case, representatives from other departments or services to include but not limited to Accommodation and Commercial Services, Dyslexia and Disability Support Services, IT Services, Library and the Students' Union.
65. The Risk Assessment Panel will consider the information available at the time of its meeting and may put in place precautionary measures considered necessary to protect the University community in general or a particular member or members of that community or members of the public or to ensure that a full and proper investigation can be carried out. Precautionary measures may include, but are not limited to, specific arrangements in relation to the student's programme of study; University owned or managed or leased accommodation; access to specific places, facilities or activities; and restrictions on the student contacting a named person or persons.
66. The student will be notified in writing of the precautionary measures and will be given the opportunity to make written representations. A record will be kept in writing of the precautionary measures and any subsequent action taken by a Risk Assessment Panel.
67. The Risk Assessment Panel will review the precautionary measures and any written representations made by or on behalf of the student every ten weeks, or where there is a material change of circumstances.
68. Any breach by the student of the precautionary measures may be reported for consideration for

- investigation and/or hearing and/or for consideration of a suspension under this Regulation.
69. Where the precautionary measures referred to in the preceding paragraphs are not considered sufficient to protect the University community in general or a particular member or members of that community or members of the public or to ensure that a full and proper investigation can be carried out, the Risk Assessment Panel may recommend that the student be considered for a suspension or exclusion by a Vice-President pending the completion of proceedings under these Regulations, the trial of the charges or the completion of the police investigation.
70. Where on the information available at the time, there appears to be a very real and immediate risk to the University community in general or a particular member or members of that community or members of the public or to the carrying out of a full and proper investigation, the student may be considered for a suspension by a Vice-President pending the completion of proceedings under these Regulations, the trial of the charges or the completion of the police investigation, without prior consideration by a Risk Assessment Panel.
71. Suspension may involve exclusion from all premises owned, managed or leased by the University and activities of the University or may be limited to specified places or activities or by reference to time or other circumstances. It may include a requirement that the student have no contact of any kind with a named person or persons. The Vice-President will limit the scope of any suspension or exclusion to that which is, in their opinion, necessary to achieve the protection of the University community in general or a particular member or members of that community or members of the public or to ensure that a full and proper investigation can be carried out.
72. The student will be notified in writing of the terms of the suspension or exclusion and a record will be kept in writing of the terms of any suspension or exclusion and any subsequent action taken by a Vice-President in respect of the suspension or exclusion.
73. Before the Vice-President exercises their powers under the preceding paragraphs 69 to 75, the student will be given an opportunity to make representations in writing. In cases of great urgency, the Vice-President may suspend a student with immediate effect, and without giving any such opportunity, for a period of not more than five working days, and will in any such case review the suspension or exclusion at or before the end of that period having in the meantime given the student concerned an opportunity to make representations in writing.
74. The Vice-President will review any suspension or exclusion and any written representations made by or on behalf of the student every six weeks, or where there is a material change of circumstances.
75. Any breach by the student of the suspension may be reported for consideration for investigation and/or hearing under this Regulation.
76. The student may appeal the decision of the Risk Assessment Panel to put in place precautionary measures or a Vice-President to suspend or exclude upon one or more of the following grounds:
- (a) that there was a material procedural irregularity which rendered the process leading to the decision of the Risk Assessment Panel to put in place precautionary measures, or a Vice-President to suspend, unfair;
 - (b) that the terms of the precautionary measures or suspension were too severe as being disproportionate to the protection of the University community in general or a particular member or members of that community or members of the public or to ensure that a full and proper investigation can be carried out;
 - (c) that the decision of the Risk Assessment Panel to put in place precautionary measures, or a Vice-President to suspend, was manifestly unreasonable.
- Notice of appeal specifying which of the grounds listed in the preceding Regulation is relied upon, will be given by the student to the Chief Operating Officer, within 5 working days of the notification to the student of the decision of the Risk Assessment Panel to put in place precautionary measures or the decision of the Vice-President to suspend or exclude the student.
77. The Chief Operating Officer will refer the appeal to a Faculty Director of Education or Professional Services in the case of a decision of the Risk Assessment Panel and to the President and Chancellor in the case of a decision of the Vice-President, in order that they may decide whether or not to set aside or vary the terms of the precautionary measures or suspension.

PROVISIONS AS TO EXAMINATIONS

80. Where a penalty imposed under this Regulation includes the refusal of credit for any unit (or part thereof), the student will be deemed to have taken and failed the assessment in that unit or component with no grade being returned and the results of any relevant examination will reflect (and if already approved will be revised to reflect) that position.
81. Where a penalty imposed under this Regulation includes for a thesis of a Higher Degree by Research failure in the examination, a viva shall not be held in relation to that examination/thesis.

STUDENT RECORD

82. The student's record will be updated to make reference to the fact that a disciplinary investigation or hearing took place and where the misconduct is or admitted or made out, this may be taken into account when an academic reference is written.

SHARING OF INFORMATION

83. All aspects of the discipline process, will be in accordance with the General Data Protection Regulation and Data Protection Act 2018, as well as all legislation enacted in the UK in respect of the protection of personal data ("Data Protection Legislation"). There may be circumstances where the University will need to share information with those deemed to have a legitimate interest for example Heads of Department, Security Services.
84. Where a victim or other third party has been involved in, or affected by, an incident which is the subject of consideration for disciplinary action, they will normally be informed as to the disciplinary action to be taken and the outcome.
85. The University may publish a statement concerning the disciplinary action taken. In determining whether to do so, consideration will be given to the impact on the University community, any prior publicity, the interests of the student and any other parties involved, and the reputation and good name of the University.

RELATIONSHIP WITH THE FITNESS TO PRACTISE PROCEDURE

86. A student following a programme specified in the published Fitness to Practise Procedures may be subject to action in line with the General Regulations relating to Student Fitness to Practise, in addition to that taken in line with the Regulations relating to the Discipline of Students.
87. Where an allegation is not admitted, it will usually be referred to the disciplinary process in order to determine whether the allegation/charge is made out and, if so, penalties may be applied. Upon the conclusion of the disciplinary process, the matter may be considered further in line with the General Regulations relating to Student Fitness to Practise and further action may be taken in line with those Regulations.
88. A student may be suspended in line with the General Regulations relating to Student Fitness to Practise or the Regulations relating to the Discipline of Students pending the conclusion of the above Fitness to Practise or Student Discipline procedures.

DISCIPLINARY POWERS OF THE STUDENTS' UNION

89. The Students' Union will, subject to these Regulations, have power to prevent misconduct in the premises and areas assigned to the Students' Union and may exercise discipline over its members under such rules as may be made under the Constitution of the Students' Union and approved by the Senate.

INDEPENDENT REVIEW

90. The Office of the Independent Adjudicator for Higher Education (OIA) runs an independent scheme to review student complaints. The University of Sheffield is a member of this scheme. If the student is unhappy with the outcome they may be able to ask the OIA to review their case. Information about making a complaint to the OIA, what it can and cannot look at, and what it can do to put things right can be found at: <https://www.oiahe.org.uk/students>.

The student normally needs to have completed the Discipline Appeal procedure before they can complain to the OIA. The student will receive a "Completion of Procedures Letter" when they have reached the end of the procedure, and there are no further steps they can take internally.

17. A graduand and any other person who is to be presented at a Degree Congregation shall wear the appropriate academic dress over suitable clothes of subdued colour, or Naval, Military or Air Force uniform. The Marshal may exclude from presentation any candidate whose attire does not, in the Marshal's opinion, comply with this regulation.

CODE OF PRACTICE RELATING TO MEETINGS AND OTHER ACTIVITIES ON UNIVERSITY PREMISES

1. These Regulations are made in accordance with section 43 of the Education (No.2) Act 1986 with a view to taking the steps which are reasonably practicable to ensure that freedom of speech within the law is secured for members of the University, for persons attending events arranged by outside bodies, and for visiting speakers.
2. So far as is reasonably practicable, no premises of the University shall be denied to any individual or body of persons on any grounds connected with:
 - (a) the beliefs or views of that individual or of any member of that body; *or*
 - (b) the policy or objectives of that body.

This shall be without prejudice to the other legal obligations of the University which may require it to have regard to what is said on its premises, such as that speakers and audience engage with a range of views.

3. The following provisions of these Regulations shall apply to any event (which term includes any meeting or other activity) which is to be held on premises of the University, or premises hired by the University, if there is a real likelihood that a speaker may not be able to:
 - (a) enter or leave the building safely; *or*
 - (b) deliver their speech.

In these Regulations any reference to the premises of the University includes any premises occupied by the Students' Union.

4.
 - (a) Any permission, licence or contract for the use of University premises shall be subject to these Regulations.
 - (b) Infringements of, or departures from, these Regulations in whatever respect may render those responsible subject to legal action on the part of the University or to disciplinary proceedings in accordance with the University's Discipline Regulations and procedures.
 - (c) Additionally, if any such actions involve breaches of the criminal law the University authorities will be ready to assist the prosecuting authorities to implement the processes of law.
 - (d) The President & Vice-Chancellor shall act on behalf of the Council to ensure as far as is reasonably practicable that all members and staff of the University, outside bodies meeting on University premises and visiting speakers comply with the provisions of these Regulations.
5.
 - (a) The organisers of any event to which these Regulations apply shall ensure that a single person is appointed as principal organiser of the event.
 - (b) The principal organiser shall ensure that the University Room Bookings procedure is followed. The University shall conduct a risk assessment before granting or withholding permission for the event booking.
 - (c) Any such permission shall be subject to these Regulations and may be subject to conditions as reasonably necessary to secure fulfilment of the University's statutory responsibilities.
 - (d) The President & Vice-Chancellor shall report to Council any decision to withhold permission for an event.

CODE OF PRACTICE RELATING TO THE STUDENTS' UNION

Part II of the Education Act 1994 places a range of responsibilities on the governing bodies of university institutions in regard to the organisation of Students' Unions. In particular, the governing body shall prepare and issue, and when necessary revise, a code of practice as to the manner in which certain requirements of the act are carried into effect.

1. This code of practice, issued by the University Council with the agreement of the Students' Union, sets out how the University will carry out its responsibilities under the Act. The specific responsibilities to be included in the code are highlighted in italics below.
2. The Students' Union qualifies as a Students' Union within section 20 of the Act; no other organisation of students in the University falls within the definition.

Constitution

The student union should have a written constitution and the provisions of that constitution should be subject to the approval of the governing body at intervals of not more than five years.

3. The Students' Union is governed by a constitution approved by the student body and endorsed by the University Council. The Constitution makes provision for regulations to be published in bye-laws which shall be approved by the student body.
4. Copies of the Constitution and Bye-laws are available on the Students' Union web pages.
5. The Constitution is to be reviewed by the University Council at intervals of not more than five years. This need not mean a special quinquennial review of the Constitution. The Council may take the opportunity to review the terms of the Constitution should the Students' Union at any time bring forward proposed amendments.

Membership

Students should have the right not to be members of the Students' Union. Students who exercise that right should not be unfairly disadvantaged, with regard to the provision of services or otherwise, by reason of their having done so.

6. All persons who are registered students of the University as full-time or part-time candidates for degrees, diplomas or certificates shall, subject to this Constitution, be Full Members of the Students' Union. The Bye-laws may provide limitations on this entitlement for short term or lower level attendance. Any student who wishes not to be a member, or who decides to withdraw from membership of the Students' Union, should inform the President of the Students' Union and the University Secretary in writing.
7. Any student not in membership of the Students' Union is not entitled:
 - (a) To participate in the democratic government of the Students' Union and, in particular, to propose or vote in referenda, attend meetings, stand or vote in the election of Students' Union Officers, Students' Union Council and Working and Representative Committees, or play any part in any other comparable bodies that may be established.
 - (b) To hold office in any Students' Union Working or Representative Committee or Society.
 - (c) To benefit from any concessionary rates for membership of Clubs and Societies, or for attendance at entertainments events, that may be offered to Students' Union members.
8. Any such student shall cease to be a member immediately and may not be re-admitted to membership until the following academic session.
9. Students who are eligible for full membership, but have exercised the right not to be a member, shall have access to all services and activities provided by the Students' Union other than those outlined in paragraph 7, and shall be subject to the same disciplinary procedures in relation to their use of these services and participation in these activities.
10. The University has made no special arrangements for the provision of services or facilities for non-members of the Students' Union, since it is satisfied that the provision made by the University and the Students' Union for all students, whether they are members of the Students' Union or not, is sufficient to ensure that those who have exercised the right of non-membership under the Act are not

unfairly disadvantaged. There will be no financial compensation to students who have exercised their right of non-membership.

Elections

Appointment to major Students' Union offices should be by election in a secret ballot in which all members are entitled to vote. The governing body is required to satisfy itself that the Students' Union elections are fairly and properly conducted.

11. Major Students' Union offices shall be defined as the full-time Students' Union Officers.
12. All elections in the Students' Union shall be conducted in accordance with regulations laid down in a bye-law to the Constitution which shall be approved by the University Council. These regulations ensure that appointment to major Students' Union offices is by election in a secret ballot in which all Full Members are entitled to vote.
13. Any complaint regarding the conduct of elections shall be decided upon by Returning Officers appointed by the Students' Union Council, subject to appeal to the Elections Appeals Committee and subsequently to Students' Union Council. Any decision by Students' Union Council shall be subject to appeal to the University Secretary, whose decision shall be final.
14. The University Secretary (or their nominee) may observe any part of the election process and an annual Returning Officers' report will be made to the University Secretary on the conduct and outcome of the elections to the major Students' Union offices.

A person should not hold paid elected Students' Union office for more than two years in total.

15. Paid Students' Union offices shall be defined as the Students' Union Officers. No Full Member shall be eligible to serve as a part-time Officer for more than one term, or part thereof, nor as a full-time Officer for more than one term, or part thereof, and this shall be provided for in the Constitution and bye-laws of the Students' Union.

Finance, Affiliations and Donations

The financial affairs of the Students' Union should be properly conducted and appropriate arrangements should exist for the approval of the Students' Union's budget and the monitoring of its expenditure by the governing body.

The Students' Union is to publish a financial report annually or more frequently. The report is to be made available to the governing body and to all students and should contain, in particular, a list of external organisations to which the Students' Union has made donations during the period to which the report refers and details of those donations.

If the Students' Union decides to affiliate to an external organisation it must publish notice of its decision, stating the name of the organisation and details of any subscription or similar fee paid or proposed to be paid and of any donation made or proposed to be made to the organisation and such notice is to be made available to the governing body and to all students.

16. An annual budget for all activities of the Students' Union and its companies shall be approved by the Trustee Board. The budget shall be submitted to the University Council, in accordance with the Education Act 1994 and to Students' Union Council for information. Specific budget allocations to Officers, Committees and other student led activity will be proposed for approval to the Students' Union Council by the Student Executive Committee.
17. Annual audited accounts of the Students' Union and its companies, including details of all affiliations to external bodies, shall be presented to the Trustee Board for approval, and subsequently shall be presented to the Students' Union Council and University Council.
18. The accounts shall contain details of any donations made to external organisations during the financial year.
19. Affiliations and donations made by decision of a Referendum, Students' Union Council, Working or Representative Committee or Students' Union Officers shall be published in the annual accounts of the Students' Union.
20. Any such affiliations or donations made subsequent to the publication of the annual accounts shall be published to students and notified to the University Secretary who shall make such notice available to the governing body.

When a Students' Union is affiliated to any external organisation there are to be procedures for the review of affiliations under which the current list of affiliations is submitted for approval by members annually or more frequently, and at such intervals of not more than a year as the governing body may determine, a requisition may be made by such proportion of members (not exceeding 5 per cent) as the governing body may determine, that the question of continued affiliation to any particular organisation be decided upon by a secret ballot in which all members are entitled to vote.

21. An annual referendum will be held to consider the affiliation of the Students' Union to the National Union of Students, and any other continuing affiliations previously agreed.
22. Any affiliation made by the Students' Union may be rescinded by a decision of students made in accordance with the procedures for referenda outlined in the regulations contained in a bye-law to the Constitution of the Students' Union.

The procedure for allocating resources to student groups should be fair and should be set down in writing and be freely accessible to all students.

23. Procedures for the allocation of resources to societies recognised to the Students' Union are included in a bye-law to the Students' Union Constitution.

Complaints Procedure

There should be a complaints procedure available to all students or groups of students who are dissatisfied in their dealings with the Students' Union, or claim to have been unfairly disadvantaged by reason of having exercised the right to not be a member. This procedure should include the provision for an independent person appointed by the governing body to investigate and report on complaints.

24. Any student or students who are dissatisfied in their dealings with the Students' Union, or claim to be disadvantaged by reason of their having exercised the right to withdraw from membership, shall be entitled to have their complaint considered in accordance with the Students' Union Bye-Laws which constitutes the Students' Union's complaints procedure and is available to all students. This procedure includes the right of appeal to the University.

The following are not required to be referenced in the code of practice, but it is an obligation for the governing body to bring these matters to the attention of students at least once a year. These will be published on the Students' Union website and also included alongside this code.

Charity Law

25. The activities of the Students' Union are restricted by the law relating to charities. Consequently, the Students' Union cannot have a political purpose and must not seek to advance the interest of a political party, but it may seek to influence opinion on issues relating directly to its own stated purposes, provided such activity is within its powers. The ways in which charities may or may not legitimately engage in political activities is the subject of advice and legislation from time to time by the Charities Commissioners, courts of law, Parliament and government departments.

Freedom of Speech

26. The University is responsible under section 43 of the Education (No.2) Act 1986 for the provision of safeguards to ensure freedom of speech within the law.
27. The provisions for freedom of speech are made in the University Calendar under the Code of Practice Relating to Meetings and Activities on University Premises.

Code of Practice

28. This code of practice is brought to the attention of students annually by publication on the University web pages as part of the University Calendar. It is also published on the Students' Union web pages.

Information for prospective students

29. The right of a student to not be a member of the Students' Union, and the arrangements for students to still access those services provided by the Students Union for all students whether members or not, should be made available to information available to prospective students via inclusion in the prospectus and on the Students' Union website.
