

# UEB Risk Review Group

## Terms of Reference:

The purpose of the UEB Risk Review Group is to support the University Executive Board with the digest and analysis of risk across the University, specifically by:

1. Refreshing the corporate risks annually to ensure alignment with the University's objectives and identify emerging risks dependent on the current external and internal environment.
2. Monitoring progress against the risk action plans developed for the corporate, faculty and Professional Services risk registers.
3. Recommending the movement of risks between the corporate, faculty and Professional Services risk registers.
4. Seeking assurance that risk management practices are embedded across all levels of the University.
5. Reporting to UEB, Council Audit Committee and Council on the management of risk across the University.

**Reports to:** University Executive Board.
