

Committee for Collaborative Provision

Terms of Reference:

1. To have oversight of University policies, processes and student performance on collaborative taught provision, articulation and entry with recognition of prior learning arrangements.
2. To provide advice on issues on the above to the Learning and Teaching Committee as required.
3. To make recommendations to the Senate Learning and Teaching Committee on:
 - (a) The approval of new partner institutions and models for collaboration for proposed collaborative taught programmes.
 - (b) The review and renewal of collaborative taught programmes.
4. To advise the Faculty Learning and Teaching Committees on issues relating to collaborative provision, articulation and entry with recognition of prior learning arrangements.
5. To work with Faculties to jointly consider proposals for new collaborative programmes and extensions to arrangements prior to faculty approval.
6. To consider arrangements for collaborative research programmes where these are not dealt with by another means.

Reports to: Senate Learning and Teaching Committee.
