

# University Postgraduate Research Committee

## Terms of Reference:

The Committee provides leadership for, development of strategy for, and champions postgraduate research student (PGR) strategy and policy. Its responsibilities are:

1. To represent the interests of PGRs both within and beyond the institution.
2. To provide leadership for, and development of, institutional strategy and policy with respect to PGRs.
3. To advise the Senate Research and Innovation Committee on matters relating to strategy and policy in respect of PGR matters.
4. To horizon scan for external policy and funder developments, nationally and internationally – to understand, consult on and disseminate within the institution.
5. To act as a point of institutional focus for external representation and funder relationships.
6. To provide strategic direction and focus with respect to policy and good practice in recruitment and admissions, ensuring an appropriate focus on the quality of candidates, as well as on reaching targets.
7. To make recommendations on the deployment of PGR scholarship funding available to the University
8. To be responsible for policy on academic standards for postgraduate research and have oversight of them.
9. To develop strategy and share good practice for equality, diversity, inclusion and wellbeing in the PGR community
10. To be responsible for progression and submission policies.
11. To have oversight of quality assurance for PGR research training.
12. To develop and coordinate strategy for the University's PGR programme portfolio.
13. To agree principles regarding the development of frameworks for PGR research (e.g. Centres for Doctoral Training, collaborative provision).
14. To identify and ensure appropriate focus on opportunities for strategic connectivity between PGR, undergraduate and postgraduate taught students.
15. To agree policy, minimum expectations and delivery mechanisms for staff professional development with respect to PGR supervision.
16. To have oversight of student feedback mechanisms and the appropriateness of local and institutional responses.

**Reports to:** Senate Research and Innovation Committee.
