

The Dean's List 2021-22 – Eligibility & Application Criteria Level 3 Factsheet for Final Year Undergraduates

The Dean's list is a prestigious award, which recognises and rewards academic merit and unique contribution to the mission and vision of the Management School around sustainability, social responsibility and employability. The List is a growing body of alumni (former students) who have demonstrated social responsibility and employability as well as academic achievement.

Mission

Our mission is to have a positive impact on working lives, organisations and societies worldwide, fostering socially responsible management practices through world-class, innovative research and transformative education.

Vision

Our vision as an internationally leading management school is to deliver excellence in research and education that promotes positive societal transformation for a fairer, sustainable future.

Applying for the Dean's List

Overview

To apply to be on the Dean's List you must submit a self-reflective application that demonstrates how you have made an exceptional contribution to the world around you as well as how you have developed your employability skills and expertise. You must also achieve the minimum academic standard of 65% or above.

The application consists of three criteria each for Socially Responsible (SR1-3) and for Employable Students (ES1-3): a total of six sections. Please see the boxes below for details.

You are allowed a **maximum of 350 words** per section to state your activities against each criterion and the difference this has made to others or yourself. If you have examples where you have applied the knowledge and skills learnt on your academic programme (teamwork, leadership, communication etc.), these may strengthen your argument. You must be able to provide evidence, as per the list below, to verify your activities and contribution.

Evidencing Success

A Dean's List winner is required to illustrate, with examples, how they have continued to grow and evolve since commencing their Undergraduate study.

The focus should be on your time in Sheffield as an Undergraduate student. If you feel that (briefly) outlining previous experience is necessary, then make it clear for the judging panel what you did pre-Sheffield and what you did whilst you were on your current programme.

Remember to emphasise:

- What you have done
- What you have contributed or achieved (i.e. outcomes rather than input)
- Duration of activities (e.g. was this a one-off activity, or did you take part every week for a year, or two?)
- What you feel you have learnt as a result (e.g. how have you grown; what can you take forward as a result into your next move?)

The Dean's List winners are those who have gone over and above the requirements of their programme.

Therefore the focus should be on what you have done outside of your programme, unless you have exceeded the expectations or parameters of your programme in a particular area (e.g. undertaken a marketing project for a charity as part of your programme, but then gone onto do further significant work for them).

Sources of Evidence

You will need to provide evidence of your impact on society and yours or others' employability skills. If examples are given for which there is no supporting evidence, you will be marked down. If you provide no evidence at all, your application will not be considered.

Sources of evidence can include but are not limited to:

1. Reference(s) from organisations that you have been involved with
2. Testimonials from those that you have helped
3. Media coverage of your work
4. Secured placement/internship
5. Reference from placement/internship employer

Please **do not** include items as supporting evidence that cannot be anonymised (such as videos or website links) because the judges will not have the opportunity to view them.

If you wish to use an online source as evidence, we recommend taking a screenshot of the source page to attach to your application.

Criteria

Your contribution to the mission will be judged by the case you make as to how you match the criteria outlined below. The assessment of your academic performance will be established from our records.

Employable Students - demonstrating a progressive approach to growth in your own employability skills

ES1: Demonstrating active pursuit of improving own career prospects, resulting in growth in skills and experience likely to be valued by a prospective employer.

ES2: Demonstrating active pursuit of improving own interpersonal skills and emotional well-being in order to be prepared for the complexities of working life.

ES3: Demonstrating proactive approach to gaining exposure to the world of work in preparation for future employability.

Socially Responsible - having a positive impact on organisations or society

SR1: Demonstrating a proactive contribution to the life of the University through engagement in operational activities within the School, with societies, clubs or external charitable organisations.

SR2: Demonstrating active engagement in the advancement of society through sustainability or social action activities (within or outside of the University).

SR3: Demonstrating proactive and inclusive engagement with fellow students, by supporting their employability, academic needs, or well-being (in an educational or social setting).

Judging of the Dean's List

The Dean's List Panel is comprised of:

- The Dean of Sheffield University Management School
- The Associate Dean for Education, Sheffield University Management School
- The Director of Undergraduate Education, Sheffield University Management School
- The Deputy Head of Professional Services (External), Sheffield University Management School

The Panel will independently score each application against the criteria. Academic marks will be taken from the School's record. The mean of the three total scores will then be calculated and rounded to zero decimal places.¹ The panel's judgement is final.

¹ Normal rounding rules apply. Scores < 0.5 round down, score ≥ 0.5 round up.

Panel Guidelines:

For each of the six criteria outlined above, please score between 0-5 based on the following.

A total of 30 points can be given across these criteria: i.e. a maximum score for ES 1-3 is 15, and for SR 1-3 is 15.

The academic score will be allocated as outlined in the section below entitled 'Grading Academic Performance'
