

H. W. KROTO entered the Preparatory Department of this school in 1947. He passed into the Grammar School in 1950. From the beginning he showed himself to be a boy of very considerable ability and very considerable tenacity. He moved up the school in the middle stream of a three stream school. His positions gradually improved and in the last four terms before he took Ordinary level papers he was top of the form. He reached Ordinary level in these subjects in 1955: English Language 60; History 45; Geography 70; French 55; Maths 70; Physics-with-Chemistry 65. In January 1956 he added Latin (45) and in July 1956 German (50). He worked extremely well in the Sixth Form and has shown considerable intellectual enterprise. In 1957 he reached these grades at Advanced level: Maths 65; Physics 55; Chemistry 65. Scholarship Chemistry 45. He is intellectually very promising.

*Edith
War
School*

He has been quite active in the life of the school. He is a member of the School Gymnastics VIII and has represented his House in Football, Boxing, Gymnastics, Athletics and Physical Training. He has been a keen member of the Handicraft Club. He does quite a lot of Youth Hostelling and skis when the weather is suitable. He has a considerable range of reading and general interests and I am told that he draws quite well.

He is a young man who is obviously trying to develop himself in all kinds of ways and has been very successful in so doing. He is an extremely pleasant person and one I am glad to recommend with confidence.

Headmaster.
