

Acknowledgement of collaborative work within the thesis

The candidate confirms that the work submitted is their own, except where work that has formed part of jointly authored publications has been included. The contribution of the candidate and the other authors to this work has been explicitly indicated below. The candidate confirms that appropriate credit has been given within the thesis where reference has been made to the work of others.

Examples:

Author and co-author. Brief description of the jointly authored work

Author contributions: Author conceived and designed the experiments. Co-author performed the experiments. Author and co-author analysed the data. Author and co-author co-wrote the paper.

In publication I, the candidate, planned and wrote the manuscript, co-author reviewed and provided comments on the manuscript.
