Matching card game activity

Worksheet for teachers

Use these cards as a matching game

They can be used in a variety of ways but you could:

Put the pupils into small groups and give them both the 'word' cards and the 'meaning' cards.

Ask the group to make sure each pupil has at least 2 of the 'meaning' cards each, and place the 'word' cards out on the table for everyone to see. Each pupil then takes it in turns to read their 'meaning' word out to the rest of the group.

The group then decides which 'meaning' matches which 'word', and pairs them up. Get the groups to swap round to look at each other's results and then discuss the correct answers with the full class.

Play a group game of hangman – the pupils work out the word first, then try and find its description.

You could use this opportunity to discuss your university experience.

Print out and laminate these cards for use in the classroom

This is a booklet that gives details about the courses you can study at a university, as well as information about accommodation, sports, and the place where the university is.

Dream Bigger Dreams

This is where you collect information about a topic or subject using books, the internet, or even doing experiments and looking at the results you get.

Dream Bigger Dreams

This is where a small group of students meet with a lecturer to discuss the research they have been doing or ideas they have about a subject.

Dream Bigger Dreams

A presentation given by a lecturer in a big room called a lecture theatre. Students listen, make notes and receive handouts.

Dream Bigger Dreams

These are clubs where students with similar interests can share their beliefs, hobbies or play sport together.

Dream Bigger Dreams

This is someone who is studying for a first degree.

Dream Bigger Dreams

This is where a first year student would normally live. They will have their own room with a bed and a desk to study at. They might get their meals cooked or they may have to cook their own meals.

Dream Bigger Dreams

This is a member of staff who teaches university courses and helps students to learn.

This is a senior member of university staff, who has become a professor because of their specialised research and teaching.

Dream Bigger Dreams

All the buildings and surrounding area of a university is called this.

Dream Bigger Dreams

This is part of a university where only one subject is taught, often in the same building.

Dream Bigger Dreams

This is a piece of written work, usually around 2000 words, where students show that they have done some research and are therefore able to write about what they have found out. The marks for this work goes towards their degree.

Dream Bigger Dreams

First year students are often called this, and the first week at university is called 'Fresher's week'. During this week there are lots of activities that help students make friends and find out about university life.

Dream Bigger Dreams

This is what you do when you have finished and passed your course. The ceremony you attend to get your degree certificate is called a 'Graduation Ceremony'

Dream Bigger Dreams

This is what an undergraduate will get once they have passed all their exams. They get a certificate to show what subject they have studied and how well they did.
