

Critical Analysis Framework

A suggested structure for the critical analysis of multiple pieces of evidence

Describe the Evidence	
<i>Be specific, precise and cautious; do you agree with the source?</i>	
Identify Limitations	
<i>Be critical and skeptical; can you find supporting evidence to fill in the gaps?</i>	
Highlight Alternatives	
<i>Show the chronological development of the field, drawing on additional sources</i>	
Summarise your Stance	
<i>Synthesis the sources to provide a summary and state the implications for your argument/hypothesis</i>
