3.50pm Orientation to Vision & Strabismus programme & modules part 2			
4.10pm Student meeting (all 1 st years)* ∞		4.10pm Student meeting (all 2 nd years)* ∞	

Student discussion of anything you want to raise

*Questions you might want to consider are: How happy are you with assessment and feedback? How could the course be more environmentally sustainable? How inclusive is the course? Is there anything the course could include, to improve your employability on graduation? How do you find the digital learning and teaching environment of the course?
