

Making Bills Easier to Understand: Promoting Accessibility and Inclusivity

This project has been created with Our Vision Our Future.

Our Vision Our Future is a Disabled People's Organisation for people with learning disabilities.

One of their goals is to make information easier for people to understand.

This project focuses on making household bills easier to understand.

The researchers will work with Our Vision Our Future on how to make bills easier to understand.

The team will create a podcast about experiences of bills.

The team will also write advice for bill companies on how to make bills easier to read.

The team will also write an academic journal article.
