are aimed at those who are advanced in their specialty training, have completed a research doctorate or equivalent and show outstanding potential for continuing a career in academic medicine. The duration of a CL is for a maximum of 4 years or until CCT is reached, whichever is sooner. Alongside clinical training, CLs will be able to develop their academic skills and will be encouraged to apply for funding to support further postdoctoral or educationalist training. The 2011 NIHR Clinical Lectureship recruitment round is now open and will end on 31 March 2012. Prospective applicants must contact the relevant Deanery in the first instance for further information on post availability and the recruitment process.

The NIHR Research Design Service
for Yorkshire & the Humber

The National Institute of Health Research (NIHR) Research Design Service for Yorkshire & the Humber (RDS YH) supports researchers to develop and design high quality research proposals for submission to the NIHR and other national, peer-reviewed funding competitions for applied health or social care research. This support is provided free of charge.

If you need [support or specialist advice](#) to turn your ideas into research proposals, or to further develop your existing proposals, then please explore our site to see what we can offer.

Face-to-face advice is available for local researchers, supported by telephone and email. Just complete one of the online 'Request for Advice and Support' forms on the [Advice and Support](#) page of this website and we will be in touch to arrange an appointment.
