[HTA - Clinical Evaluation and Trials](#)

Researchers are invited to submit outline proposals for evaluation studies within the remit of the Health Technology Assessment Programme. Evidence Synthesis applicants should submit full applications. Primary research applications will be accepted in the usual way. The HTA programme is interested in receiving proposals addressing any health problem in areas not otherwise well covered in our portfolio.

Closing date: 30 January 2012 Deadline time: 1pm

NIHR Programme Grants for Applied Research

The NIHR Programme Grant for Applied Research Applications invites research proposals from leading research groups for a coherent series of related projects to tackle high priority health issues. Proposals should provide evidence to improve health outcomes in England through promotion of health, prevention of ill health, and optimal disease management (including safety and quality), with particular emphasis on conditions causing significant disease burden. Funding of up to £2m is available over a period of three to five years.

Closing date: 14 March 2012.

NIHR Clinical Lectureship – 2011

The NIHR Clinical Lectureships are specialty training posts that incorporate academic training. Clinical Lecturers (CLs) spend 50% of their time undertaking specialist clinical training and 50% undertaking research or educationalist training. CLs are aimed at those who are advanced in their specialty training, have completed a research doctorate or equivalent and show outstanding potential for continuing a career in academic medicine. The duration of a CL is for a maximum of 4 years or until CCT is reached, whichever is sooner. Alongside clinical training, CLs will be able to develop their academic skills and will be encouraged to apply for funding to support further postdoctoral or educationalist training. The 2011 NIHR Clinical Lectureship recruitment round is now open and will end on 31 March 2012. Prospective applicants must contact the relevant Deanery in the first instance for further information on post availability and the recruitment process.
