[NIHR and DH Opportunities](#)

[NIHR Clinical Lectureship – 2011](#)

The NIHR Clinical Lectureships are specialty training posts that incorporate academic training. Clinical Lecturers (CLs) spend 50% of their time undertaking specialist clinical training and 50% undertaking research or educationalist training. CLs are aimed at those who are advanced in their specialty training, have completed a research doctorate or equivalent and show outstanding potential for continuing a career in academic medicine. The duration of a CL is for a maximum of 4 years or until CCT is reached, whichever is sooner. Alongside clinical training, CLs will be able to develop their academic skills and will be encouraged to apply for funding to support further postdoctoral or educationalist training. The 2011 NIHR Clinical Lectureship recruitment round is now open and will end on 31 March 2012. Prospective applicants must contact the relevant Deanery in the first instance for further information on post availability and the recruitment process. <http://www.nihrtcc.nhs.uk/intetacatrain/clcr2011>

[Call for UK Clinical Research Collaboration Clinical Trials Unit Registration](#)

The UK Clinical Research Collaboration (UKCRC) Registered Clinical Trials Units (CTU) Network invites applications from both new and previously registered Units to register with the UKCRC. The registration is intended to help improve the quality of available expertise to carry out clinical trials in the UK. Leading the review is an International Panel of leading world experts in clinical trials.

To be eligible to apply, Units have to demonstrate they are capable of centrally coordinating multi-centre clinical trials and other well designed studies. This includes showing appropriate expertise in the design, conduct, data management, publicity, analysis and reporting of a study.

The closing date for applications is 5 April 2012.

[NIHR Healthcare Technology Co-operatives competition](#)

The NIHR invites applications for a two-stage competition to designate and fund Healthcare Technology Co-operatives (HTCs). This scheme will provide funding for NHS Organisations to act as centres of expertise to develop new concepts, demonstrate proof of principle and devise research protocols for new medical devices, healthcare technologies or technology-dependent interventions. NIHR HTCs will address clinical areas or themes of high morbidity and unmet need for NHS patients and healthcare technology users, which have not benefited from a high degree of innovation.

A briefing meeting for potential applicants will be held on the 29 February 2012.

The closing date for submission of the Pre-Qualifying Questionnaire by NHS Trusts in England is 19 April 2012.

<http://www.ccf.nihr.ac.uk/Pages/HTCCompetition.aspx>

[NIHR Public Health Research – Commissioned Research](#)

The NIHR Public Health Research (PHR) programme invites research proposals in the following areas:

- Creative enterprises in open access settings
- Newly licensed drivers

Closing date: 23 April 2012 Outline applications Deadline time 1pm

Link to Page: <http://www.phr.nihr.ac.uk/fundingopportunities/commissioned.asp>

[NIHR Health Technology Assessment Programme – Commissioned calls](#)

The Health Technology Assessment (HTA) programme invites research proposals about the effectiveness, costs and broader impact of healthcare treatments.

Primary Research proposals are sought on the following topics:

- Photodynamic guided treatment for bladder cancer
- Triage tools for delirium
- Sentinel node biopsy in patients with squamous cell carcinoma of the anus
- Delayed surgical intervention in developmental dysplasia of the hip
- Management of thoracic aortic aneurysm
- Provision of debt counselling in primary care for people with depression and related debt problems
- Non-neuroleptic mood stabilising medication for challenging behaviour in adults with intellectual disability
- Treating bedwetting in children
- Sound therapy plus counselling for tinnitus
- Pharmacotherapy plus adjunctive support for alcohol dependence
- Bath emollients for children with atopic eczema.

Evidence Synthesis research proposals is sought on the following topic:

- Interventions for preventing repeat unintended pregnancies among adolescents.

The deadline for submissions is 1pm on 24 April 2012.

Link to Page: <http://www.hta.ac.uk/funding/standardcalls/index.shtml>

[NIHR Invention for Innovation \(i4i\) - Challenge Awards](#)

The i4i Challenge Awards is a new funding stream that aims to bridge the gap between the innovation and development of new medical technology and its adoption into clinical pathways. The first competition will address the diagnosis and monitoring of cardiovascular disease, which encompasses a range of diseases of the heart or blood vessels including coronary heart diseases such as angina and heart attack, stroke and peripheral arterial diseases such as thrombosis.

Research proposals are invited from project teams led by a clinician based in an NHS Trust, in cooperation with commercial and Higher Education Institution partners as appropriate. There is no formal limit on funding and projects will be funded up to 100 per cent of eligible costs, for up to three years.

The closing date for outline proposals is 27 April 2012.

Link to Page: <http://www.ccf.nihr.ac.uk/i4i/Pages/i4iChallengeawards.aspx>

[NIHR Health Technology Assessment Programme - Clinical Evaluation and Trials](#)

Researchers are invited to submit outline proposals for evaluation studies within the remit of the Health Technology Assessment (HTA) programme. Proposals addressing any health problem in areas not otherwise well covered the HTA portfolio is welcome.

The closing date for applications is 1pm, 2 May 2012

Link to Page: <http://www.hta.ac.uk/funding/clinicaltrials/index.shtml>

[NIHR Health Service & Delivery Research Programme – Commissioned](#)

The Health Services & Delivery Research Programme invites research proposals to improve the quality, effectiveness and accessibility of the NHS. Proposals are sought on the following topics:

- Research to improve knowledge transfer and innovation in healthcare delivery and organisation
- Research to test new forms of acute medical care for frail elderly patients – how best to deliver Comprehensive Geriatric Assessment (CGA) hospital-wide in a cost-effective way?
- Rapid Evidence Synthesis

The closing date for applications is 17 May 2012.

Link to Page: <http://www.netscc.ac.uk/hsdr/commissionedcalls.html>

[NIHR Research for Patient Benefit Programme](#)

The NIHR Research for Patient Benefit (RfPB) Programme invites applications for applied research projects to provide benefit for NHS patients and other users of health and social care services. RfPB is a nationally co-ordinated funding stream for regionally commissioned research. Projects are funded to a maximum of £250k for up to 36 months.

The deadline for applications is 25 May 2012.

Link to Page: <http://www.ccf.nihr.ac.uk/RfPB/Pages/home.aspx>

[NIHR Research Design Service – 2012 Competition](#)

The NIHR is inviting applications from organisations with proven expertise in research methodology and design to provide NIHR Research Design Services.

The NIHR Research Design Service aims to provide advice and support on research design, methodology and scope to increase the number and proportion of applications for NIHR research funding that are high quality. There will be up to ten regional Research Design Service offices. The total value of each contract will normally be up to £1m annually for up to five years from October 2013.

The closing date for applications is 1 June 2012

Link to Page: <http://www.ccf.nihr.ac.uk/Pages/rdscompetition.aspx>

[New Fellowship Opportunities](#)

[Arthritis Research UK](#)

[Career Development Fellowships \(Biomedical Sciences Panel\)](#)

Salaries will be according to age and experience on the appropriate scientific salary scale (see Essential information for applicants) and all career development fellows are eligible for an additional fixed salary supplement of £3,000 per annum. Application may also be made for reasonable running costs and small items of equipment.

Amount of funding available: > £100K

Closing date: 20 June 2012

Duration: > 3 years

<http://rdfunding.org.uk/queries/ListGrantDetails.asp?GrantID=12692>

[MRC - Medical Research Council](#)

[Clinician Scientist Fellowship](#)

The fellowships provide personal salary costs, together with research support staff, research consumables expenses, travel costs and capital equipment appropriate for the research project under full economic costs. The award also

Diabetes UK

Entry Level Fellowship

Requests should not exceed £10,000. Salary for the applicant may be requested. This will be paid at registrar level or on equivalent university scales.

Amount of funding available: £5K - £10K

Closing date: 31 October 2012

Duration: 6 months - 1 year

<http://www.rdfunding.org.uk/queries/ListGrantDetails.asp?GrantID=12478>

European Association of Cardiothoracic Anaesthesiologists (EACTA)

Clinical Fellowship

EACTA has established an educational fellowship funded to the level of 15000 Euros/year. The Clinical Fellowship will be available as one 12 month fellowship grant of €25,000 (approx £10,470), or two 6 month grants of €7,500 (approx £5,230).

Amount of funding available: £10K - £50K

Closing date: 31 October 2012

Duration: 6 months - 1 year

<http://www.rdfunding.org.uk/queries/ListGrantDetails.asp?GrantID=9338>

Arthritis Research UK

Senior Research Fellowship

Salaries will be according to age and experience on the appropriate scientific or clinical salary scale. Application may also be made for a supporting technician, running costs and essential equipment.

Amount of funding available: Unspecified

Closing date: 10 October 2012

Duration: > 3 years

<http://rdfunding.org.uk/queries/ListGrantDetails.asp?GrantID=9>

European Crohn's & Colitis Organisation

ECCO Fellowships

A total amount of 30,000 Euro (approx £26,187) will be awarded annually for one ECCO Fellowship.

Amount of funding available: £10K - £50K

Closing date: 01 October 2012

Duration: 6 months - 1 year

<http://rdfunding.org.uk/queries/ListGrantDetails.asp?GrantID=11982>

Arthritis Research UK

Career Progression Fellowships

The fellowship will provide 50% of a full time salary for up to 2 years with appropriate running costs in partnership with the host institution, who will agree to co-fund 50% of the salary. This fellowship is not renewable and successful applicants will be expected to secure a fully funded fellowship or academic post by the end of the fellowship.

Amount of funding available: Unspecified

Closing date: 19 September 2012

Duration: 1 year - 3 years

<http://rdfunding.org.uk/queries/ListGrantDetails.asp?GrantID=10312>

Royal Society of Tropical Medicine and Hygiene

Garnham Fellowship

One Garnham Fellowship of up to £4,000 will be awarded annually.

Amount of funding available: < £5K

Closing date: 15 September 2012

Duration: 1 year - 3 years

<http://rdfunding.org.uk/queries/ListGrantDetails.asp?GrantID=5050>

MRC - Medical Research Council

Senior Clinical Fellowship

Wellcome Trust

Biomedical Science Principal Research Fellowships

Awards are for seven years in the first instance, and provide both a personal salary and research programme funding in full. After the first period of award, the fellowship will be subject to a competitive scientific review, which will subsequently occur on a rolling basis every five years. Fellowships will be renewed on a partnership basis; the Trust and the host institution will jointly fund the Principal Research Fellow's basic salary through a '50:50' arrangement for the duration of any renewal period. The Trust will provide research programme costs throughout the entire period of the fellowship. Please see their website for further details.

Amount of funding available: > £100K

Closing date: Apply Anytime

Duration: > 3 years

<http://www.rdfunding.org.uk/queries/ListGrantDetails.asp?GrantID=4590>

Wellcome Trust

Joint Basic and Clinical PhD Programmes

Support is provided for four years and includes: - a stipend for basic candidates - a clinical salary for medically qualified candidates - PhD registration fees at UK/EU student rate - research expenses - contribution towards travel - contribution towards transferable-skills training.

Amount of funding available > £100K

Closing date: Apply anytime

Duration: > 3 years

The NIHR Research Design Service
for Yorkshire & the Humber

The National Institute of Health Research (NIHR) Research Design Service for Yorkshire & the Humber (RDS YH) supports researchers to develop and design high quality research proposals for submission to the NIHR and other national, peer-reviewed funding competitions for applied health or social care research. This support is provided free of charge.

If you need [support or specialist advice](#) to turn your ideas into research proposals, or to further develop your existing proposals, then please explore our site to see what we can offer.

Face-to-face advice is available for local researchers, supported by telephone and email. Just complete the online 'Request for Advice and Support' form on the [Advice and Support](#) page of our website and we will be in touch to arrange an appointment.
