Saturday 3 November

9:00–9:30 Registration

9:30–9:50 Welcome

9:50–10:10 Anna Spyrou
University College London
Animal procurement and processing in the Middle Epipalaeolithic of the Southern Levant: Ethnographic and archaeological implications of storage and social organization

10:10–10:30 Rita Dias
Núcleo de Arqueologia e Paleoecologia da Universidade do Algarve
Small vertebrates from the Muge Mesolithic Shellmiddens: A Socio-economic perspective

10:30–10:50 Harry Robson, Søren H. Andersen, Oliver Craig & Kenneth Ritchie
University of York & Moesgård Museum
Eel fishing in the late Mesolithic and the early Neolithic: A preliminary report from the stratified kitchen midden at Havnø, Denmark

10:50–11:10 Break

11:10–11:30 Mirosława Zabilska
Nicholas Copernicus University
Fish and fishing strategies on the southern Baltic Sea coast during V-IV millennium BC: New archaeoichthyological data from the settlement at Dąbki (Poland)

11:30–11:50 Laura Llorente
Universidad Autónoma de Madrid
Herders or hunters? Discriminating economy practices by phalanx breakage patterns in Cova Fosca (Castellón, Spain)

11:50–12:10 George Kazantzis
University of Sheffield
Zooarchaeology of the Late Neolithic Strymon River Valley: The Case of the Greek Sector of Promachon – Topolnica Settlement
12:10–12:30  Mikolaj Lisowski  
ArchGeo  
A pit filled with pigs: Investigation of butchery and consumption of pork from the Middle/Late Neolithic pit from the site of Widziszewo 17, Poland

12:30–13:30  Lunch

13:30–14:10  Lab tours

14:10–14:30  Rachel Applefield, Corina Liesau von Lettow-Vorbeck & Arantxa Daza Perea  
Universidad Autónoma de Madrid  
Consumption refuse or bone workshop refuse? A general fauna study derailed by the overshadowing presence of bone tools

14:30–14:50  Sofia Tecce  
University of Sheffield  
Processing and consumption of prey in the Estancia Pueyrredón 2 site (Santa Cruz, Argentina)

14:50–15:10  Ashleigh Harruda  
University of Exeter  
Sheep breeds in Bronze Age Kazakhstan: A geometric morphometric approach

15:10–15:30  Jane Sanford  
University of Cambridge  
Biometry, domesticate translocation and Greek colonisation: Examples from Magna Graecia and Dalmatia

15:30–15:50  Break

15:50–16:10  David Roberts & Clare Rainsford  
University of York & York Archaeological Trust  
Taboo or Not Taboo? The absence of fish in the Iron Age

16:10–16:30  Angela Trentacoste  
University of Sheffield  
The Etruscans and their animals: The zooarchaeology of Forcello di Bagnolo San Vito (Mantova)

16:30–16:50  Callum Allsop  
Cardiff University  
TBC

16:50–17:10  Rachel Hesse  
Oxford University  
Zooarchaeology and the Roman garden: Table scraps, butchered bones, and offerings to the gods

17:10–17:30  Discussion

17:30  Wine Reception

19:30  Dinner (optional)

[End of day one. Day two continues below.]
**Sunday 4 November**

9:00–9:30  Coffee

9:30–9:50  **Zoe Barras**  
Bournemouth University, School of Applied Science  
A study to investigate the deposition histories and possible ritual deposition of horse and cattle skulls at the Iron Age/Romano-British enclosure settlement at North Down Farm, Dorset

9:50–10:10  **Clare Rainsford**  
York Archaeological Trust  
Residuallity and research potential: A view from Hungate

10:10–10:30  **Ellen Mcmanus, Kate Britton, Keith Dobney & Rick Knecht**  
University of Aberdeen & Max Plank Institute  
Zooarchaeology and stable isotope analysis: An integrated approach to a Western Alaskan faunal assemblage

10:30–10:50  **Silvia Valenzuela-Lamas & José Maria Pozo-Soler**  
University of Sheffield  
Teeth are not enough: Reconstructing mortality profiles using Bayesian statistics

10:50–11:10  Break

11:10–11:30  **Vera Pereira**  
Universidade de Coimbra, CEAUCP, Portugal  
Vertebrates from Portela 3: Zooarchaeological insight into an Islamic village

11:30–11:50  **Marcos García García**  
University of Sheffield  
Faunal remains from Madinah Ilbirah: Animal economy and status in a medieval Islamic town in southern Spain

11:50–12:10  **Andrea Gonzalez-Ibanez**  
Universidad Autónoma de Madrid  
Oribatid fauna from the Early Middle Age assemblage of Tabacalera (Gijón, Spain): Paleoenviromental approach

12:10–12:30  Discussion

12:30  Lunch (optional)

14:00  Excursion (optional)

**Posters**

**Lenny Salvagno**  
University of Sheffield  
The neglected goat: A methodological approach to the understanding of the role of this species in English medieval husbandry

**Lizzie Wright**  
University of Sheffield  
The morphological variability of the Iberian aurochs

**Mikolaj Lisowski**  
ArchGeo  
Hides and horn sheaths: A case study of processed skulls and horn cores from the Early-Middle Neolithic site of Kopydlowo 6, Poland
