

Your Fellowship Story

Hello again!

Points 1-5 below are only there to start your thinking and reflection.

The idea is to post this on [the FSA blog](#) as one personal story (without the headings) so write in your own style, be formal or informal, tell the story in whatever order you want to, cover the points where relevant, and talk about other issues or factors as suits you.

It might be a couple of hundred words, or a couple of pages...it's up to you.

- (1) What is the Fellowship you were awarded? When did you get it? What has it allowed you to do in your career?
- (2) When were the times when you went the extra mile, reached out, made it happen, didn't wait for permission.
- (3) Who helped you and how; who didn't and why? What was the impact on you?
- (4) How did you know you were ready for a Fellowship? Where do you draw confidence from?
- (5) How did you keep going when times were tough? Where do you draw motivation from?
