Launch of Registered Traveller Service – April 2015

Registered Traveller is a new service launched by the Border Force to give faster and more convenient entry to the UK for frequent travellers travelling in eligible immigration categories from the US, Australia, Japan, Canada and New Zealand.

Registered Traveller is currently available at:

- Heathrow, Gatwick and the rail terminals at Paris, Brussels and Lille
- Stanstead, London City, Manchester and Birmingham to be added in the coming months.

Registered members benefit from:

- The choice at passport control of using the ePassport gates (where available and if they have a biometric passport), the UK/EU queue or Fast Track (if they hold a ticket) at Heathrow, Registered Traveller Lanes at Gatwick and EU/UK queue at Paris, Brussels and Lille.
- Not having to complete landing cards or undergo an interview on arrival.

For applications go to: www.gov.uk/registered-traveller

The application fee for new applicants is £70. This will include a £20 (non-refundable) application and registration fee and £50 annual membership fee (which will be refundable if the application isn't successful).

Action: We would ask that as part of your role as an R&S Co-ordinator that you familiarise yourself with this new service, and forward this message onto any visitors and sponsored individuals who you think may be interested in finding out more about the Registered Traveller service.
