In level 3, teaching is organised in four 6-week blocks. This is the first. The lab project run throughout semester 1. In semester 2, students write up the projects during the first 5 weeks, and do a literature review during the remaining weeks.

## Level 4 Timetable 2015-16

Students undertake a lab project from October until Easter, based either in Sheffield or in industry. They also do a literature review. This is essentially full-time, except for an introductory week, attendance at seminars, and courses on writing and reporting. At the end of the lab project, they write a report, present their work and have a viva.
