

Modules taken each year by mode of study for the MSc in Statistics with Financial Mathematics

		Mode of study		
		Full-time residential	2 year part-time by distance learning	3 year part-time by distance learning
Modules by year of study	Year 1	MAS6002 MAS6003 MAS6004 MAS6010 MAS6011 MAS6052 MAS6053 Dissertation	MAS6002 MAS6003 MAS6011	MAS6002 MAS6003
	Year 2		MAS6004 MAS6010 MAS6052 MAS6053 Dissertation	MAS6010 MAS6011 MAS5053
	Year 3			MAS6004 MAS6052 Dissertation

Key to course codes:

MAS6002 – Statistical laboratory (20 credits)

MAS6003 – Linear Modelling (20 credits)

MAS6004 – Inference (20 credits)

MAS6010 – Data Analysis (10 credits)

MAS6011 – Dependent data (20 credits)

MAS6052 – Stochastic Processes and Finance (20 credits)

MAS6053 – Financial Mathematics (10 credits)
