

Modules taken each year by length of study for the MSc in Statistics with Medical Applications

		Mode of study		
		Full-time residential	2 year part-time by distance learning	3 year part-time by distance learning
Modules by year of study	Year 1	MAS6002 MAS6003 MAS6005 MAS6006 MAS6012 MAS6061 MAS6062 Dissertation	MAS6002 MAS6003 MAS6061 Dissertation	MAS6002 MAS6003 Dissertation
	Year 2		MAS6005 MAS6006 MAS6012 MAS6062 Dissertation	MAS6005 MAS6006 MAS6012 Dissertation
	Year 3			MAS6061 MAS6062 Dissertation

Key to course codes:

MAS6002 – Statistical laboratory

MAS6003 – Linear Modelling

MAS6005 – Professional Skills for Statisticians

MAS6006 – Statistical Consultancy

MAS6012 – Sampling, Design and Medical Statistics

MAS6061 – Epidemiological Methods & Time Series

MAS6062 – Bayesian Inference and Further Clinical Trials
