Inside the Spiegeltent

Festival of the Mind sees University academics and professionals from the University and the city of Sheffield working together to bring our research to life in exciting, entertaining and innovative ways.

The centrepiece of the festival is the glittering Spiegeltent in Barker’s Pool and we host events in many other venues across the heart of the city. The programme has something for all ages, and is strengthened by the University’s ties with the city of Sheffield, which is celebrating its status as a City of Culture 2017.

The Festival of the Mind is a collaboration between the University and the community that supports it. The programme is designed to showcase cutting-edge new thinking and aspirational and imaginative work.

**The Diamond**

Friday 9 September, 10am-4pm

The Diamond, 32 Leavygreave Road, Sheffield, S3 7RD

Opened in September 2015, the University’s new £81m Diamond building stands at the heart of the University campus as a major investment in learning and teaching.

From its diamond shaped glass and aluminium façade to its internal mix of lecture theatres, open, informal study spaces, enclosed study ‘pods’, engineering laboratories, specialist library and IT services The Diamond is a ‘state of the art’ building offering specialist learning and teaching facilities to students, especially in engineering. The computing area offers 1,000 study spaces available 24/7 for all students and staff across the University. There are also digital and print facilities, media editing booths, a recording studio and computer teaching laboratories. Not forgetting an excellent café which is open to the public seven days a week (times may vary in the vacations).

The day will include general tours of the building and lab tours, bookable on a first-come, first-served basis, covering areas such as:
- Structures and Dynamics
- Robotics
- Aerospace Simulation
- Virtual Reality Suite

**Wellbeing Conference**

Monday 12 September, Crookesmoor Building, Conduit Road, Sheffield, S10 1FL

Free to attend.

In the past decade there has been a dramatic increase in interest in wellbeing in a range of arenas. This interest has led to new measurement frameworks, shifts in discourse and developments in policy. The rise of wellbeing brings new opportunities and challenges for politicians, policy-makers and publics.

The event will involve both plenary and parallel workshop sessions and is organised around four themes of central importance to the wellbeing agenda – politics, housing, mental health and work.
