Do you look after someone in your family?
At the University of Sheffield, we firmly believe that having caring responsibilities shouldn’t prevent you from achieving your goals. We will help you throughout your student journey by:

- encouraging you to tell us about your caring responsibilities on application, through your personal statement and/or our ‘disrupted studies’ form.
- giving you info about enhanced bursaries, support and guidance to help remove any barriers to your success.
- making our staff and students more aware of how to support student carers.

Our University Bursary for Students with Caring Responsibilities starting their studies in September 2016

In 2016 the Carer’s Bursary is £4,500 for full-time students and £2,250 for part-time students and is paid for each level of undergraduate study. You can choose to use your bursary award to reduce tuition fee costs or as a direct payment into your bank account to help with study costs.

Other Support

Whatever your situation, it’s important to let the University know, so that we can ensure you have access to all the right support: personal, academic and financial.

We care for carers.
