Date: 11th November 2016

Speakers: Dr Kathryn Hurrell-Gillingham

Dr Keith Hunter

and Ms Samantha Walmsley

Biography:

Dr Keith Hunter is currently the Academic Director (Oral and Dental) at STH. With the Research Manager, Dr Kathryn Hurrell-Gillingham, he is responsible for overseeing the clinical aspects of the research portfolio of the School and Hospital. In this, we receive support from the Central Research Office (joint TUoS and NHS). Our current Research Co-ordinator is Ms Sam Walmsley. All three of us will contribute to this seminar.

Title: Navigating NHS research authorisations: an update.

Aims and objectives:

In this presentation we will:

1. revise the procedure for NHS ethics and R&D approvals

2. update on new initiatives: e.g. the HRA.

3. highlight the role of the research office in helping get clinical
