PUBLICATIONS

BOOKS IN PRINT

2) fib bulletin 10 “Bond of Reinforcement in Concrete”, prepared by Task Group Bond Models, co-author of chapter 7 on FRP, August 2000 pp315-394

BOOKS IN PREPARATION

1) fib bulletin “State of the art report on FRP reinforcement in Concrete”, being prepared by TG 9.3, Convener of Task Group on Reinforced Concrete.

REFEREED JOURNALS (J- Joint P-Principal)

20) Ciupala M.A, Pilakoutas K (J) and Budescu M, “FRP Seismic Strengthening of Frames (Part 1)”, Buletinul Institutului Politehnic Iasi, sectia VI, Constructii si Arhitectura, fasc. 3-4, Iasi, Romania, 2002 pp 89-94 (ISSN 1224-3884) (in Romanian)

27) Pilakoutas K. (P) and Elnashai A.S., ”Cyclic Behaviour of RC Cantilever Walls, Part I : Experimental Results” , ”, American Concrete Institute, Structural Journal, Vol. 92 No 3, May-June 1995, pp 271-281

Discussions in refereed journals

2) K. Pilakoutas, Discussion, "Finite Element Modelling of Concrete Expansion and Confinement", by F.J. Vecchio, Journal of Structural Engineering, American Society of Civil Engineers, Vol. 120, No 1, January 1994, p 308

REFEREED CONFERENCE PAPERS IN PRINT (Principal Author when Highlighted)

71) Pilakoutas K. and Ioannou C. “Verification of a Novel Punching Shear Reinforcement System for Flat Slabs” Procs International Workshop on Punching Shear Capacity of RC Slabs, TRITA-BKN Bulletin 57, Royal Institute of Technology, Stockholm, June 00 p135-144

92) Pilakoutas K and Mortazavi, “Ductility through External Lateral Confinement of RC Members with FRP”, Procs of Third International Symposium on Non-metallic (FRP) Reinforcement for Concrete Structures, Japan Concrete Institute, Sapporo, Japan, Vol. 1, October 1997, pp 225-332

He, J. H., Pilakoutas, K. and Waldron, P., “Analysis of Externally Strengthened RC Beams with Steel and CFRP Plates”, the 7th International Conference - Structural Faults & Repair -97, Edinburgh, Scotland, 8-10 July, 1997

113) Dritos S. and Pilakoutas K., "Strengthening of RC Elements by new Concrete Layers", Procs of the 5th SECED Conference on European Seismic Design Practice; Research and Application, Chester, October 1995, pp 611 - 617

116) Frangou M., and Pilakoutas K., "Effect of Spalling on Reinforced Concrete Strength and Ductility", Procs of the 5th SECED Conference on European Seismic Design Practice; Research and Application, Chester, October 1995, pp 435 - 441

119) Pilakoutas K. and Haas M. "Ductility Design Of Reinforced Concrete Members", ERCAD Berlin 94

131) Kotsira E., Dritos S. and Pilakoutas K., "Effectiveness of techniques for flexural repair/strengthening of RC members", 5th International Conference on Structural Faults and
132) Frangou M., Pilakoutas K. and Dritsos S., "Repair/strengthening of columns by a Simple Localised Strengthening Technique", 5th International Conference on Structural Faults and Repair - 93; Extending the Life of Bridges and Building Structures, Engineering Technics Press, University of Edinburgh, Vol. 3, 29 June - 1 July 1993, pp 205-211

133) Pilakoutas K. and Anderson W.F., "Self and peer assessment of laboratory work, Conference on Innovation and Change in Civil Engineering Education, Queen's University, Belfast, 19-21 April 1993, pp 365-372

134) Dritsos and K. Pilakoutas, "Temperature effects on the bond of resin anchored reinforcement", International Conference Bond in Concrete; From Research to Practice, CEB, Task Group VI/1 "Anchorage Zones", Riga, Latvia, October, 1992

NON-REFEREED ABSTRACTS, REPORTS AND OTHER PUBLICATIONS

Non-refereed papers

1) Pilakoutas K (2005)., “Seismic Strengthening with FRP”, a keynote paper at the Seminar for Seismic Rehabilitation of Bam (IRAN), 18-19 May, Bam, pp 1-

2) Taranu N, Oprisan G and Pilakoutas K, “Polymeric Composites in Construction; a challenging topic in civil engineering education, research and practice” Procs Civil Engineering Education and Research in the Enlarged EU, Brno, 19-21 April 2004,

CurvedNFR funded by the EU Commission Framework 5 GROWTH Programme. European Union Commission, Ref. contract no. G1ST-CT-2002-50365, June, pp. 1-9

Non-refereed Reports (Including Confidential Reports to Sponsors)

18) Elmashai, A.S., Pilakoutas, K., “The Kalamata (Greece) Earthquake of 13 September 1986”, ESEE Research report No. 86-9, Civil Engineering Dept., Imperial College of Science and Technology, December 1986,100 pp

22) S. Najjar, K. Pilakoutas, W Zhao and P Waldron, "Testing and Analysis of TARMAC Kriblok Senior System Units", Report No CCC/94/0012A, Centre for Cement and Concrete, Department of Civil and Structural Engineering, The University of Sheffield, October 1994, 21 pp

25) S. Najjar, K. Pilakoutas and P Waldron, "Assessment Of The Concrete Model In Ansys50", Report No CCC/94/0015A, Centre for Cement and Concrete, Department of Civil and Structural Engineering, The University of Sheffield, October 1994, 15 pp
26) K. Pilakoutas, J.H He, R.S. Crouch and P Waldron, "Shear Bond Strength of Epoxy Bonded Steel Plates on Concrete", Report No CCC/94/0016A, Centre for Cement and Concrete, Department of Civil and Structural Engineering, The University of Sheffield, December 1994, 18 pp
29) N. Duranovic, K. Pilakoutas and P Waldron, "Test Results for Beams 1-4 of Phase 1", Report No CCC/94/0019A, Centre for Cement and Concrete, Department of Civil and Structural Engineering, The University of Sheffield, March 1995, 30 pp
30) N. Duranovic, K. Pilakoutas and P Waldron, "Test Results for Beams 5-8 of Phase 1", Report No CCC/94/0020A, Centre for Cement and Concrete, Department of Civil and Structural Engineering, The University of Sheffield, March 1995, 38 pp
31) N. Duranovic, K. Pilakoutas and P Waldron, "Test Results for Beams 9-12 of Phase 1", Report No CCC/94/0021A, Centre for Cement and Concrete, Department of Civil and Structural Engineering, The University of Sheffield, March 1995, 44 pp
32) N. Duranovic, K. Pilakoutas and P Waldron, "Test Results for Beams 13-16 of Phase 2", Report No CCC/94/0022A, Centre for Cement and Concrete, Department of Civil and Structural Engineering, The University of Sheffield, March 1995, 42 pp
33) N. Duranovic, K. Pilakoutas and P Waldron, "Test Results for Re-tested beams of Phase 1", Report No CCC/94/0023A, Centre for Cement and Concrete, Department of Civil and Structural Engineering, The University of Sheffield, March 1995, 12 pp
34) S. Najjar, K. Pilakoutas and P Waldron, "Preliminary Numerical Analysis of Results of Phase 1", Report No CCC/94/0024A, Centre for Cement and Concrete, Department of Civil and Structural Engineering, The University of Sheffield, April 1995, 28 pp
35) K. Pilakoutas and X. Li, "Alternative shear reinforcement in flat slabs", Report No CCC/94/0030A, Centre for Cement and Concrete, Department of Civil and Structural Engineering, The University of Sheffield, June 1995, 42 pp
36) K. Pilakoutas, X Li and P Waldron, "Testing and analysis of ground anchor slab units ", Report No CCC/94/0031A, Centre for Cement and Concrete, Department of Civil and Structural Engineering, The University of Sheffield, March 1995, 17 pp
38) N. Duranovic, K. Pilakoutas and P Waldron, "Test Results for Beams 17-20 of Phase 2", Report No CCC/94/0033A, Centre for Cement and Concrete, Department of Civil and Structural Engineering, The University of Sheffield, March 1995, 40 pp
40) X. Li, K. Pilakoutas and P Waldron, " Testing and analysis of re-designed ground anchor slab units ", Report No CCC/94/0038A, Centre for Cement and Concrete, Department of Civil and Structural Engineering, The University of Sheffield, March 1996, 25 pp

43) N. Duranovic, K. Pilakoutas and P Waldron, "Test Results for Beams 21-24 of Phase 2", Report No CCC/94/0041A, Centre for Cement and Concrete, Department of Civil and Structural Engineering, The University of Sheffield, May 1996, 36 pp

45) Z Achillides, K. Pilakoutas and P Waldron, "Experimental program - structural testing on RC beams, Phase I beams - bond stresses ", Report No CCC/94/0043A, Centre for Cement and Concrete, Department of Civil and Structural Engineering, The University of Sheffield, draft since January 1996

46) Z Achillides, K. Pilakoutas and P Waldron, "Experimental program - structural testing on RC beams, Phase II beams - bond stresses ", Report No CCC/94/0044A, Centre for Cement and Concrete, Department of Civil and Structural Engineering, The University of Sheffield, draft since March 1996

48) Z Achillides, K. Pilakoutas and P Waldron, "Experimental program - structural testing on RC beams, Phase II b - bond stresses ", Report No CCC/94/0046A, Centre for Cement and Concrete, Department of Civil and Structural Engineering, The University of Sheffield, draft since September 1996

50) M Petkovski, K. Pilakoutas and P Waldron, "Feasibility study of common measures to achieve protection for reinforced concrete framed structures from environmental actions, local accidents and exposure to fire", Report No CCC/97/0062, Centre for Cement and Concrete, Department of Civil and Structural Engineering, The University of Sheffield, March 1997, 29pp
