1. VICE-CHANCELLOR’S PRESENTATION AND REPORT

The President & Vice-Chancellor (P&VC) presented the report, including:

(a) **Augur Review**: The Augur Review of Higher Education was looking at the overarching funding context for higher education. It appeared that a reduction in the maximum tuition fee for home undergraduate students was likely to be one outcome of the review.

(b) **Select Committee Reports**: The House of Lords Economic Affairs Committee and the House of Commons Public Accounts Committee had both recently produced reports which were critical of the current approach to marketisation of the sector.

(c) **International student visas**: The Home Office announced it had expanded the list of countries from which students would have a streamlined visa application process. The additional 11 countries, included China, but did not include India, which had caused significant concern in India and amongst staff.

(d) **Brexit**: There remained questions regarding EU staff and EU funded projects post Brexit.

(e) **Reflections**: The P&VC concluded his final report to Senate with personal reflections on changes in academic life and on his ten years at the University of Sheffield, including his own entry into Higher Education, what drew him to Sheffield, the highlights, and issues for the future.

The Provost and Deputy Vice Chancellor (P&DVC) and Students’ Union International Officer gave a vote of thanks to the P&VC. The P&DVC highlighted the following: Sir Keith had spoken positively about Sheffield as a civic university; students and staff valued Sir Keith speaking nationally on the public benefit of higher education; the thought leadership Sir Keith provided to the sector had been valued; the vision to recognise the potential of the AMRC and the opportunity degree apprenticeships could provide; Sir Keith’s vision regarding China and the strengthened relationships that have been developed. The P&DVC concluded by thanking Sir Keith for his work and his vision of what a university can and should be, and gave Sir Keith her best wishes for the future.

The Students’ Union International Officer highlighted Sir Keith’s work around the world and in relation to the #WeAreInternational campaign then presented a #WeAreInternational video.

2. MINUTES OF THE MEETING HELD ON 21 MARCH

The Minutes of the meeting held on 21 March 2018, having been circulated, were approved as an accurate record.

3. MATTERS ARISING ON THE MINUTES

In relation to the University’s application for Registration with the Office for Students (OfS), the application had been submitted by the due date. Requests for information or clarification from the OfS had been received and were being dealt with, pending hearing the outcome in July.

There were no other matters arising.
4. **MATTERS REQUIRING APPROVAL**

Senate received and noted a summary of the matters within the Reports from Committees of the Senate and Other Matters sections of the Agenda for which Senate’s formal approval was sought.

5. **SENATE EFFECTIVENESS REVIEW**

Senate received a Report and presentation on the review. The 14 principles covering: remit and role; information and transparency; governance structure; size and composition; and engagement were approved. Senate endorsed the proposed immediate actions listed.

Senate considered proposed Terms of Reference for the Senate Academic Assurance Committee (SAAC). Attention was drawn to membership, which would include a member from each Faculty with the role of members to represent Senate, as opposed to their local constituency. The Terms of Reference were amended to provide greater clarity, with the references to ‘ensuring’ in section 1 replaced with ‘assuring’ and it was confirmed that there would be 12 members of the Committee in total. The membership of the Committee was amended so that the place for a Faculty Director of Learning & Teaching and the place for a Faculty Director of Research and Innovation could be filled someone who had previously held the role. The Students’ Union would nominate three students to the Committee. It was clarified that the work of the Committee would apply to the whole institution, including the AMRC.

Members of Senate took part in an interactive presentation and provided electronic responses to a series of questions, which would be used to inform a consultation paper. The consultation paper would be circulated to Senate, its Committees, and more widely within the University to gather views and gauge support for any emergent or proposed changes, with the responses and any recommendations to be brought to October’s Senate. The timescale for operation of the Senate Effectiveness Working Group would be extended so that it would conclude its work by reporting to the October Senate meeting.

6. **COUNCIL AND SENATE TASK AND FINISH GROUP – ACADEMIC STANDARDS AND QUALITY**

Senate received and noted the report, in particular the Council request regarding the content of an annual report from Senate to Council to enable Council to be assured that academic quality and standards and the student experience were being maintained and enhanced. This would enable Council to provide assurance to the regulator, in the form of the OfS.

7. **INDUSTRIAL STRATEGY**

Senate received a paper and endorsed the approach to maximising opportunities from the Industrial Strategy. Attention was drawn to the need to respond to the changing funding landscape. Government had identified the following Grand Challenges: artificial intelligence and the date revolution; clean growth; mobility; and aging society. The Industrial Strategy Challenge Fund (ISCF) is a competitive funding programme that will address themes related to these Grand Challenges. It was anticipated that a significant number of ISCF calls with short deadlines to respond would be announced imminently.
8. **UPDATE ON PRESIDENT & VICE CHANCELLOR APPOINTMENT**

Professor Mike Siva-Jothy provided a verbal report updating Senate on the joint Council and Senate appointment committee for the new P&VC, as one of the three Senate members on the Committee.

(c) **New and significantly amended, suspended & discontinued Programmes**: Senate approved new, significantly amended, and discontinued programmes, and title changes and new exit routes approved by Faculties between 31 January-09 May 2018.

(d) **Taught collaborative arrangements**: Senate approved a new collaboration between the International Faculty and the New Bulgarian University (NBU) in Sofia, Bulgaria, for the joint delivery of four Dual Degrees.

The aspiration was to have the Academic Representation arrangements in place in all Faculties and Departments for 2018/19, but the challenge in achieving this was recognised and it may not be possible to have complete coverage.

(Meeting held on 14 May 2018)

Senate received and approved the Report, including revised Terms of Reference of the Committee. Attention was drawn to the process of establishing University Research Institutes and this would be reported to Senate in the Autumn. A requirement, introduced by the Research Councils, for PGR students to submit their thesis during the funded period was discussed. Attention was drawn to a set of principles the Doctoral Academy had proposed for determining the length of PhD funding. Transparency in what was offered to potential students was important.
