| **English Language requirements** | Until the UK leaves the EU, students from the EU/EEA area do not need to provide proof of their English language. However we encourage them to upload accepted language certificate in their application if they have them, and we expect them to observe the departmental language requirements for all other exchange students:  
Once the UK leaves the EU, it may become necessary that students need to provide proof of their English language or need a visa to enter the UK.  
Students not from the EU/EEA area will need to provide proof of their English language at application stage.  
A list of accepted tests for all students can be found on the below webpage:

| **Application process** | 1. Students must be nominated by their home university via our online form. We do not accept email nominations.  
2. If the nomination is in line with our exchange agreement, students then receive a link to the online application form along with instructions on how to complete it. Students must provide an up to date copy of their transcript, translated in to English as part of their application.  
3. Once students are accepted, they receive an email confirmation containing their applicant number. The applicant number allows students to apply for University accommodation and complete pre-registration steps. |
| **Housing information** | Students can apply online for University owned accommodation once they have received their applicant number. University housing can only be guaranteed for students coming to study in Sheffield for a full academic year.  
Student can also apply for private sector housing if they prefer.
