FameLab: Regional Final
The international science communication competition is back for 2020
Thursday 26 March
Tamper Seller’s Wheel, 149 Arundel Street, S1 2NU
Open to all – registration: https://famelab-2020.eventbrite.co.uk

The University is hosting the regional final this year for the first time! FameLab is a communications competition designed to engage and entertain by breaking down science, technology and engineering concepts into three-minute presentations. Contestants from around the world take part armed only with their wits and a few props - the result is an unpredictable, enlightening and exciting way to encourage your curiosity and find out about the latest research.

Come and watch the region’s scientists compete in a battle to inform, inspire and entertain.

We are delighted to announce that Simon Watt - writer, science-communicator and TV presenter - will be compering this year’s event.

Pint of Science
Come along, have a drink, learn about science and have some fun!
Monday 11-Wednesday 13 May
Various locations, £4 per event. To see the full Sheffield programme and buy tickets visit: pintofscience.co.uk/events/sheffield

Researchers from the University of Sheffield will be talking about their research and answering your questions, in a pub near you. The talks will be accompanied by hands-on activities, demonstrations and a chance to win prizes.

Festival of Debate
Tuesday 14 April - Saturday 30 May
Various locations www.festivalofdebate.com

The Festival of Debate returns in 2020 with an exciting programme of panel discussions, debates, Q&A, artistic responses and keynote speeches. The festival is hosted by the not-for-profit organisation Open Independents and aims to create a meaningful dialogue around key social, political and economic issues.

International Clinical Trials Day
Wednesday 20 May
International Clinical Trials Day is celebrated around the world on or near 20 May each year to commemorate the day in 1847 when James Lind started the first clinical trial on the deadly disease scurvy. To join in the celebrations, the University of Sheffield is holding a free, public event all about medical research.

Further details will be made available nearer the time at: www.sheffield.ac.uk/ictd

Festival of the Mind 2020
The next Festival of the Mind will take place 17-27 September 2020. Once again we’re teaming up with Sheffield’s creative and digital community for a celebration of ideas, culture and collaboration.

Further information nearer the time: http://festivalofthemind.group.shef.ac.uk

Scurvy. To join in the celebrations, the University of Sheffield is hosting a free, public event all about medical research.

The festival is hosted by the not-for-profit organisation Open Independents and aims to create a meaningful dialogue around key social, political and economic issues.
Upcoming highlights:

March: Kabantu

April: Lost Words: Spell Songs
Eight remarkable musicians, whose music already engages deeply with landscape and nature, respond to the creatures, art and language of The Lost Words, the bestselling book by author Robert Macfarlane. Artist Jackie Morris will paint live on stage and her work will be displayed on a screen so you can watch as her painting unfolds.

May: Will Pound’s A Day Will Come

International Cultural Evening 2020

Sheffield City Hall, St JNA. Tickets: Advance £6 (NUS) £7 (General), Door £7 (NUS), £8 (General)
Tickets: https://tickets.sheffieldstudentsunion.com/ents/event/74638
Event Facebook page: www.facebook.com/events/534750713581180
Enquiries: E: su-events@sheffield.ac.uk / icc@sheffield.ac.uk
Spread the love, share the moment and join the experience with #ICE2020 #51YearsWithICIC #WeAreInternational!

The International Cultural Evening is an annual night of cultural performances, and this year we are celebrating its 48th year running! Experience several short performances by international student groups from all over the world displaying their rich and vibrant cultures.

ICE has evolved into a high profile event providing students the opportunity to openly showcase and celebrate their culture. This year is set to be an unmissable evening, demonstrating diverse cultures through dance, music and plays to keep you entertained throughout the night!

As with every year we actively encourage everyone to attend in their national/cultural dress.

International Students’ Committee
World Food Festival - Taste the world, one bite at a time
Saturday 16 February, 1pm, Uni Central, Students’ Union, S10 2TG
Admission free. Food prices will range from £1-4
Enquiries, E: icc@sheffield.ac.uk / @sheffield:
www.facebook.com/events/519446091568299
A celebration of culture through street food! With over six participating national societies from all around the world, the Festival gives you the chance to experience more food and culture than ever before.
We’ll be having stalls serving different foods, drinks and desserts from all around the world. The festival is a fun day for all ages, including performances and entertainment throughout! halal, vegan and vegetarian options will also be available.
Come along and enjoy as we share our cultures through some truly delicious food!

The Annual Krebs Lecture

Harnessing evolution to create new medicines
by Sir Greg Winter, FRS
Wednesday 26 February, 6pm
Lecture Theatre 1, The Diamond, 32 Leavygreave Road, S3 7RD
Admission free, Enquiries E: eventsteam@sheffield.ac.uk
Booking: www.sheffield.ac.uk/whatsontickets

Sir Greg Winter FRS, is a molecular biologist best known for his work on protein engineering and developing technologies to make therapeutic monoclonal antibodies (mAbs). In recent years the application of genetic engineering technologies and/or laboratory-based evolution have led to the development of antibodies as a new class of pharmaceutical drugs, particularly for treatment of auto-immune inflammatory conditions such as rheumatoid arthritis and cancer.

Inaugural lecture by Elizabeth Milne
Sensory issues and variability in the autism spectrum
Friday 28 February, 5.30pm
Firth Hall, Firth Court, Western Bank, S10 2TN
The lecture will be followed by a wine reception. Admission free
Booking: https://bit.ly/2NmQvQc

An important consideration in Professor Milne’s work is variability within the autism spectrum: autism is expressed and experienced differently by different people.

During this lecture, Professor Milne will reflect on the work she has carried out to date investigating sensory issues and heterogeneity in autism, and acknowledge the vital role that many mentors, colleagues, students and supporters-by-experience have played in shaping her understanding of the condition.
