Clinical Outcomes

## Our clients

# Licensing ReQoL

- We provide licences to use ReQoL
- To apply for a licence simply go online and use our registration process - <http://innovation.ox.ac.uk/clinical-outcomes/>

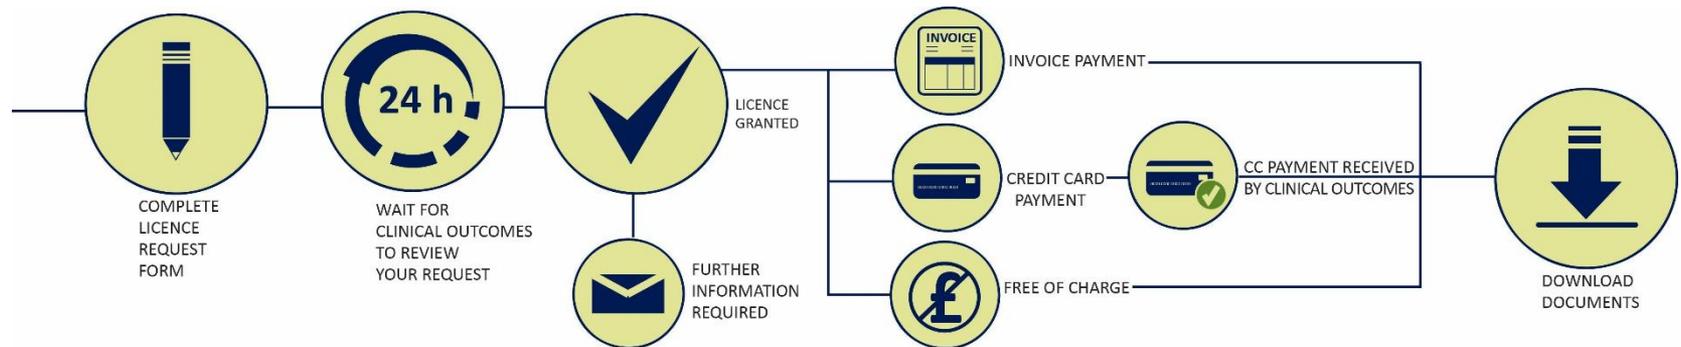

The  
University  
Of  
Sheffield.

# Licensing ReQoL

# Encouraging good practice use

- No changes to the
  - content,
  - layout,
  - order,

of the ReQoL without the written permission of the owners / developers

- We also require good-practices (according to ISPOR) to be followed for any translations or digital reproductions (ePROMs)

The  
University  
Of  
Sheffield.

# Fees

- We provide all © licences to use ReQoL free of charge to publicly funded healthcare providers and (non-commercially funded) academic research.
- © licence fees apply to large independent healthcare providers, medical device companies and pharmaceutical users.
- Supplemental products, such as comprehensive user manuals (not yet available for the ReQoL) and available translations, carry fees for **ALL** users.

# What next?

ReQoL™

*Recovering Quality of Life*

The screenshot shows a mobile application interface for the ReQoL survey. At the top right, there is an 'Exit' button with a close icon. Below it is a progress bar with a small dark blue segment on the left. The main content area is titled 'Last Week' and contains the question '1. I found it difficult to get started with everyday tasks'. Below the question are five response options in rounded rectangular buttons: 'None of the time', 'Only occasionally', 'Sometimes' (which is highlighted in dark blue), 'Often', and 'Most or all of the time'. At the bottom of the screen, there are three buttons: a 'Back' button with a left arrow, a 'Skip' button with a close icon, and a 'Continue' button with a right arrow.
